SPIRITED RACING ON SECOND DAY

Harley R. Took \$500 Purse in 2.12 Pace and Red November Made It Three Straight in 2.25 Pace—Crowd of 6,000 Were On the Fairgrounds Tuesday—Triple Parachute Drop Successfully Made by Aeronaut—Fireworks Display the Evening Attraction.

The second and middle day of the county fair brought out clean-cut and spirited racing on the half-mile track Tuesday afternoon. To see it there was a crowd about half as large as on Labor Day, spread out in the grandstands, along the tracks, and in hundreds of automobiles in the enclosure. Between the day fair and the night fair there were about 6,000 people on the grounds Tuesday.

The track of course was as always the center of attraction to most of the crowd and the three races, two paces and a trot went off in a satisfactory manner, but hardly the exciting that is not fast time so much as having the horses racing together that gets the attention and keeps the interest of the people. The real speed will probably be shown this afternoon, when in the free-for-all, an attempt to lower the track record, now held by Merril, made the second event of the afternoon. Red November, the beautiful chestnut driven by Mat Brazell with great judgment, displayed his speed and his ability to hold his own in a good many of his races. There was more of a fight for the other positions. Rhoda Ashbourne yielding after the first two heats to Normandie S., while in the last heat Blue Law showed signs of strength. The money, however, went to Red November first, Rhoda Ashbourne second, Normandie S., third, and Blue Law fourth. The summary for this race:

2.12 Pace. Purse \$500. Harley R. b. s. Symbolor. 1 1 1 B. O. b. s. O'Connor. 2 2 2 Blumenthal. 3 3 3 Time—2:17, 2:16 3-4, 2:15 3-4. Six horses went into the 2.25 pace, which started at 4:30. The best finishes of the day were those in the 2.28 trot for the \$400 purse with four starters. The race was won by Boron, and Deep Drift and each time they came to the neck and neck, the former just making the wire by inches. In the final heat, the gelding led around to the three-quarter mile mark, and length and it looked like a come-back. Put around the turn and up the last two hundred yards, Boron made a half mile spurt and came under the starter's flag a head in front of his rival. The racing was over at 4:30. The summary:

EATON CHASE CO. 129 Main St., Norwich, Ct. EVERYTHING ELECTRICAL SPANISH COAL PASSERS ARRESTED FOR THEFT. Two on Chester W. Chapin Taken In by Railroad Agents. A trio of Spanish coal passers employed on the Norwich and New York line steamer Chester W. Chapin were taken into custody on charges of theft Monday evening and appeared before Judge Crandall in the New London police court Tuesday and had their cases continued for a hearing until Saturday. Bonds were fixed at \$500, which they were unable to furnish. The disappearance of goods from shipments in the past few weeks led to Special Agents See, Kane and Perkins being assigned to clear up the case. After working on the matter for some days, the suspicions of the investigators were aroused by the actions of employees on the boat. All trails led them to the bunks of the coal passers, and there the three special officers went about 10 o'clock Monday evening. In bunks used by the members of the crew they found some of the stolen goods. When the occupants of the bunks where the goods had been found concealed entered and claimed ownership to the bunks they were placed under the supervision of a superior and taken into custody and looked up at police headquarters. Efforts to obtain additional information from the prisoners were unsuccessful. Each member of the trio declared his knowledge of English was limited. As a last resort, Joseph Rodriguez, first baseman of the New London baseball club, was summoned to police headquarters to serve in the capacity of interpreter. His endeavors were equally fruitless.
