FRAIL, SICKLY CHILD

Father Tells How Boy Was Restored to Health and Strength.
We have always told the people of Norwich that Vinol is a wonderful body builder for ailing children. Here is more proof of the fact:

J. L. Albury of Miami, Fla., says: "Our little boy was puny and cross from the time he was born, and we hardly knew how to handle him. When he was three years old he was weak and so cross we could hardly live with him and we could not get him to eat anything. A friend asked us to try Vinol. We did so and you should see the change it has made in him. He is now a good-natured, healthy youngster, ready to eat at any time, and we cannot praise Vinol enough. Vinol is especially efficient in building up puny, weak, ailing children, because of the beef and cod liver peptonates, iron and manganese peptonates and glycerophosphates which it contains, and as it is without oil or grease, children love to take it."
