PREDICTS HIGHER PRICES FOR ICE NEXT SUMMER
 Ice Producers Exchange and Eastern Ice Association.

Buffalo, N. Y., Nov. 22.—Higher prices for ice will prevail next summer, in the opinion of delegates attending the annual meeting of the Middle States Ice Producers Exchange and the Eastern Ice Association, which began here today.

Reasons for the advance are the higher cost of constructing ice producing plants and a falling off in the harvesting of the natural product. The latter method of filling ice houses is rapidly becoming a thing of the past, it was said.

Middletown.—The lungmotor at the fire department headquarters saved another life yesterday when a woman used to resuscitate Edward Hascall, a boarder at the Hotel Ideal, who was overcome by gas from a leaky tube in his room.

SAGE AND SULPHUR DARKENS GRAY HAIR
 Brush this through faded, streaked locks and they become dark, glossy, youthful.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is a messy and troublesome. Nowadays by asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally. Evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Weyth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

WHEN YOU WANT to put your business before the public, there is no medium better than through the advertising columns of The Bulletin.

An Open Letter to Oscar Straus

Chairman Public Service Commission

Dear Mr. Straus:

You are a man of infinite variety. You have served your Nation as a member of the President's Cabinet and as Ambassador to Turkey, and now you are serving your State as Chairman of the Public Service Commission. In every instance your service has been 100% efficient.

Now then, because of your experience, your attainments and your studious mind, you have learned to know the people and their needs—you have learned their material condition and are familiar with the things that affect their daily lives, Hence—

If the whole people were to arise today and cry out to you: "Name the cigarette that you consider best for us," would you not be compelled to answer: "LORD SALISBURY?" And when you ask me why I am so positive in the form of my question, I will answer you:

Because extremes meet in Lord Salisbury— highest possible standard of quality and lowest possible price—AND

Because The American Tobacco Company's LORD SALISBURY is the only 100% pure all-Turkish-tobacco cigarette in the world that sells for as little money as 15 cents for 20.

MYSTIC
 Equal Suffrage Meeting Addressed by Mrs. Annie B. Porritt—State Officers Visit D. of V.—Cow Causes Jitney Accident.

The equal suffrage meeting in Odd Fellows' hall last evening was opened by the president, Mrs. A. L. Pitcher, who welcomed those present and introduced Isaac Cunday as chairman of the evening. Mr. Cundall then presented the speaker of the evening, Mrs. Annie B. Porritt, of Hartford, state secretary of the Connecticut Woman's Suffrage Association, who was listened to with close attention throughout the evening. She began by giving a brief history of woman suffrage which has held the interest of women since the Civil war times. She spoke in detail of the federal amendment of which Susan B. Anthony was the author, and which has been presented to every congress since 1878, and which is again to come before the next session of congress. She stated that conditions now look favorable for the passage of this amendment by the next congress. Should this occur, it will then have to be ratified by two-thirds of the states, which it is hoped may be accomplished so that woman may be able to vote by 1918.

Mrs. Porritt gave a concise review of the suffrage situation in this state and told of several measures of the utmost importance to the welfare of women which have been defeated in Connecticut owing to women not having the vote. These various measures are but a few of the many reforms which women hope to achieve when they get the vote.

Mrs. Porritt is thoroughly conversant with the suffrage movement and is a very pleasing speaker and won the attention of the audience by her able presentation of the subject.

Several new members were added to the membership last evening. The regular meeting of the Mystic Equal Franchise League will be held this (Thursday) afternoon at four o'clock at the home of the president and is bound to become associated with the league.
