We advertise exactly as it is

Just a word about the fit of these Suits and Overcoats of ours

The designers of these Suits and Overcoats study the human figure and make clothes for it in all dimensions; for large men, large fat men, medium stout men.

It's really remarkable how skillfully the makers have produced sizes that fit all these different figures.

Of course, for men of regular build, a good fit is a matter of course.

We guarantee your satisfaction.

NORWICH BIRDS TAKE PRIZES AT SHOW

Frank Wedgeworth's Exhibit Took Two Ribbons at Southern New England Poultry Contest.

The judges of the exhibits at the Southern New England Poultry Show in I. O. F. hall in Groton are very busy. Over 800 entries were made and the show is filled with the finest looking poultry in the world.

Schriber & Burt, both Groton men, were the best in the show. They took gold for the best bird in the show, all varieties competing. The exhibit was also the best in the show.

A Silver Polish bird imported from Europe was the choice of the judges. It was a fine specimen of the breed.

Charles lives, 2nd, of Guilford won the best in the American class. A White Rock, owned by Joan Northrup, Jr., of Appanauk, R. I., was the winner, the prize in this instance being also the gold medal.

Miss Nettie C. Fuller of New London won a prize for a single comb White Leghorn.

The Chamber of Commerce of New London gave a prize of a \$25 gold cup which was won by D. E. Parmelee of New Haven with the best pen of any variety owned, bred and exhibited by a resident of the state.

The 219 birds offered by President Rivers for the best pen in the show was won by Will J. Kelly of Cambridge Springs, N. Y.

The best display of Columbian Wyandottes on points was the tie between Charles H. Denison and Clarence Wilcox, both of Mystic. It is the one having the greatest number of entries wins, in this case being Denison.

Frank Wedgeworth of Norwich, a summer resident of Eastern Point, also considered the exhibit very good. He is a resident of Norwich, and his birds are well known.

Dr. J. C. Taylor of New London won first prize on Barred Plymouth Rocks. The fair has been well attended, the room being kept cool and comfortable.

HOSPITAL WORK

Miss Gertrude Lynch Gave Address at Annual Meeting of the Lady Visitors of the Backus Hospital - Committees Appointed for Ensuing Year.

The annual meeting of the lady visitors of the Backus hospital was held on Thursday afternoon at the hospital and in spite of the rain storm there was a good attendance.

Mrs. C. L. Hubbard presided and the secretary's report was read. Mrs. Hubbard announced the following committees for the ensuing year.

Purchasing committee - Mrs. Charles D. Noyes, chairman; Mrs. John D. Hall, Miss Elizabeth Caruthers, and Miss Andrie Gorman.

Decorations committee - Mrs. Edmund W. Perkins, chairman; Mrs. Charles H. Preston, Mrs. Hume Flager and Miss Andrie Gorman.

Mrs. Hubbard introduced Miss Gertrude Lynch who gave an interesting address on hospital work in the war zone.

Miss Lynch pointed out that the women, no matter what their profession, cannot see much of the war in their experience in the war zone.

Miss Lynch met many interesting nurses, but their freedom was limited. When they were on a vacation and ten days previous to the outbreak of the conflict she was in Paris.

She saw a number of balloons set for a race and on the next morning she was in the air. She was one of the balloonists.

The accident caused much talk and ten days later she listened to the reports of thousands killed. Miss Lynch said in part:

In the first place I was a beautiful time when the war broke out. In the spring of the year was marvelous. Then suddenly the talk of war crept into the newspapers and at the time of the rumors of war a great trial was on in Paris, the trial of a French woman who shot an editor of a newspaper.

She was not merely thought a trick. We really didn't believe there was going to be a war on Saturday, but on Sunday the news came in the papers of the mobilizing of the army and in ten days the war was in full swing.

She saw a number of balloons set for a race and on the next morning she was in the air. She was one of the balloonists.

She saw a number of balloons set for a race and on the next morning she was in the air. She was one of the balloonists.

FIRST BAPTIST PASTOR AT ARMS PLANT.

Delivered Talk on Taking Account of Stock at Noon on Thursday.

Rev. George H. Strout, pastor of the First Baptist church, delivered a talk on "Taking Account of Stock at Noon on Thursday."

What is your attitude on the great moral questions of the day; on which side are you throwing your influence? There are several great rivers in the world, and they are in many ways a great blessing to us.

There are two great rivers in the moral world. One is the river of good and the other is the river of evil, and the question is in which of these rivers are you contributing?

The trouble with many men today is that they do not stop long enough to think. Most of the thinking is on the surface and, therefore, men are not contributing to the good as much as they should.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

It is well for us to remember that there will come a day of reckoning and every man must face that. It is well for us to remember that there will come a day of reckoning and every man must face that.

Check and Abort a Bad Cold

In Five Hours WITH MENTHO-LAXENE. You Buy It Concentrated and Mix With Pint of Syrup.

Doubless every reader recalls having neglected a slight cold until in 24 hours it settled into a "Bad Cold" and then about 72 hours of distress, discomfort, if not weeks of bronchitis or pneumonia or catarrh.

Now comes a whole family of doctors, and take time by the forelock by preparing to check and abort colds, coughs, catarrh, difficult breathing, watering eyes and painful headaches.

It can be done, by taking Mentho-Laxene. In its raw state - ten drops to the dose - or by making a granulated sugar syrup and mixing in a pint bottle or jar.

A pint will last a whole family of doctors, and take time by the forelock by preparing to check and abort colds, coughs, catarrh, difficult breathing, watering eyes and painful headaches.
