Tolland County COLUMBIA

Local Milk Producers Attend Providence Meeting—Lyman Case to Be Tried in Rockville—Votes-For-Women Meeting Today.

Herbert Little of Meriden spent the Thanksgiving season with the family of his brother, Jonas Little.

At Milk Producers' Meeting. Charles Palmer, A. T. Gregoris, John Szegda and Mr. Timms attended a meeting of the State Milk Producers' association of which the last three are members.

Lester J. Hutchins and family spent Thanksgiving with relatives in Berlin.

William C. Robinson was in Brooklyn, N. Y., on Friday of last week to attend the funeral of his cousin, David A. Pletcher.

Mrs. Julia S. Little spent a portion of last week with relatives and friends in Hartford.

Judgment by Default. The civil case of Isadore Berkowitz vs. Benny Bloom was brought before Justice of the Peace, Edward E. Clarke for trial Monday at 10 o'clock.

The plaintiff sued to recover the sum of \$15 which he claims is due to the defendant. Attorney Frank H. Posa of Willimantic was counsel for the plaintiff. As no order was made by the defendant, the court ordered the amount of the claim to be paid by the defendant together with the costs, which amount to about \$15.

The Lyman Case to Be Tried. Columbia people are considerably interested in the case of State vs. Edward E. Lyman which is scheduled to be tried before the superior court at Rockville the coming week.

Mr. Lyman does business in Brooklyn, N. Y., but his family has resided in Rockville for many years. His name was placed on the "to be made list" by the registrars and he was made an elector by the board of selectmen and town clerk.

At the annual town meeting his vote was challenged by democrats but some inquiries were accepted by the moderator. Mr. Lyman is supposed to be a republican and late in the afternoon he was attacked by democratic officials for "illegal voting," and brought before Justice of the Peace Raymond E. Clarke for trial. He was bound over to the next term of the superior court at Rockville, when there probably will be several questions asked to him and preliminary trial here. Republicans here are generally of the opinion that Mr. Lyman will be the winner.

Club Meets. The W. S. S. Ladies' club met Thursday afternoon with Mrs. Rachel Buell at her home in West street.

The grand jury regular meeting Wednesday evening.

Equal Suffrage Meeting. There is to be a meeting in the interest of voting for women at the home of Mrs. Frank Welch on Saturday (Saturday) afternoon at 3.30 o'clock.

The speakers are to be Dr. Walter Packard, Mrs. Perry, and Mrs. Welch. Those intending to be present have been asked to telephone Mrs. Welch of such intention.

WILLINGTON

Mock Wedding—Sudden Death of Mrs. Jansen.

There was a large attendance at the mock wedding and social, Friday evening. The decorations—green and pink—lent a festive setting.

Mrs. Smith who was mistress of ceremonies gave the impression of having stepped from an old oil painting in graceful and quaint picturesqueness.

The bride, Miss Phyllis Snyder, was charming as were all her attendants, but the prettiest of all were the ring bearer and flower girl, Frederic Hilmeler and Esther Hansen.

Twenty-one dollars rewarded the ladies who had made the new rooms ready for use and served the refreshments. The school for the first time.

The pastor, Rev. Mr. Parker, had a busy day—Sunday school, preaching, service, communion, Mrs. Jansen's funeral at 2 o'clock, service at the Get-together club at 3 and later regular Bible school and services at Memorial church.

Rev. Leonard Smith preached at the schoolhouse, East Willington, at 7 p. m.

Died Suddenly. All were saddened by the sudden death of Mrs. Jansen Friday afternoon.

Seemingly she was much better after her serious illness of several weeks ago, but probably a recurrence of heart trouble ended fatally as she was found on the floor near her bed.

The grange attended the funeral in large numbers at the burial and brought beautiful flowers. Much sympathy is felt for Mr. Jansen and son Arthur. It is just a year since the death of little Carolyn, who is still missed in the Bible school.

The Ladies' Aid society is to hold a rummage sale.

Blacksmith Shop Burned—Neighbors Help Save Nearby House and Other Buildings.

Fire broke out about 5 o'clock Saturday morning last in the blacksmith shop in the rear of the half house owned and occupied by Daniel Shapiro on the road to Storrs, and the shop all burned. Good work by the neighbors who promptly responded to the call saved the other buildings, but the end

of the woodhouse, which stood between the building burned and the dwelling was badly charred. The shop has not been used recently for blacksmithing, but as a storage. The place many years ago was known as the Tift place, and the other half of the house, out-buildings and farm is owned and occupied by the heirs of James O'Sullivan.

Cut shows this Reo feature (3/4 size)

The operation is simple. Bolt-heads project below crank case. Just drop off the drip-pan—held by spring clips precisely the same as those that lock the hood. Slip socket wrench up over both concentric bolts. Turn to left a fraction. Slip wrench down so it engages only the head of the inner bolt: Tighten. The outer bolts form the stops against which you draw, with the inner bolts, the bearing cap. A perfect adjustment can be made in minutes where on any other car hours would be required.

Here's One Feature In Reo the Fifth That Will Save You the Price of the Car

IF YOU COULD ESTIMATE the probable cost to you in the life of an automobile—or in the first five years—of crank shaft troubles and the other troubles that result from them, you'd find it would amount to fully that much in the case of some cars.

WE MEAN, OF COURSE, all those troubles and expenses that are indirectly as well as directly the result of loose or misaligned crank shaft bearings.

THAT OLD, OLD ADAGE—so old one hesitates to quote it, yet applicable to so many cases—"a stitch in times saves nine"—applies with singular force to an automobile engine.

HOW OFTEN have you known neglect to make an adjustment at the moment the necessity was apparent, to run into the most serious troubles and the most outrageous repair bills. How often!

OF COURSE YOU MEAN to do it "at the first opportunity" and you resolve each morning you start out, that you'll leave the car at a garage and have it done—or do it yourself when you get home. But—

IT ISN'T DONE because of the time it would take to do it—in the average car.

IF THERE'S PLAY in your main engine bearings, you know it is serious—and is liable to become more serious any moment.

BUT YOU ALSO KNOW it will take time—a lot of time—and you need the car. Don't feel as if you can spare it "today." So it runs along.

THIS REO FEATURE enables you or any handy man to adjust, with the simple socket wrench shown (and which you get with your Reo), the main crank shaft bearings in your Reo motor.

THE OPERATION IS SIMPLE—and getting at it is simpler.

YOU DON'T NEED to remove the motor from the frame as in other cars. Even the hand-hole plates—just the drip-pan—two minutes—and you are there.

IF YOU HAD IT ON A STAND, upside down, you couldn't do it any better, or make a more accurate alignment of the crank shaft.

WITH THE MOTOR and all parts in normal running position, you can feel, by turning it, the slightest "bind" or "play," and you can obtain an absolutely uniform contact in the bearings and a perfect alignment of the crank shaft from end to end.

AND YOU KNOW how important that is.

YOU KNOW TOO HOW RISKY such an operation is in the hands of the average garage repair man, with the average motor.

THIS IS ONLY ONE of many features that are Reo—and exclusively Reo—that we are going to tell you about in a short series of Reo ads.

THEY EXPLAIN the reason for the low upkeep of Reo the Fifth.

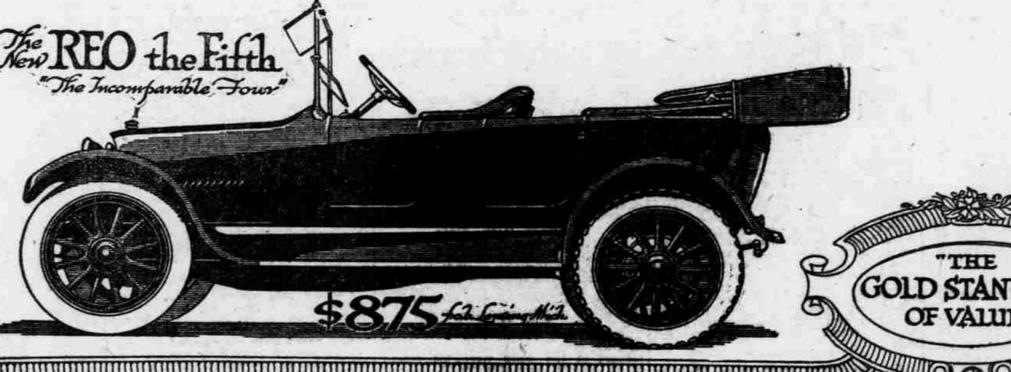

MEANTIME, let us suggest that your order should be in our hands at once if you'd have a Reo the Fifth and get it at the present price—\$875 f. o. b. factory.
