Under Bond of \$2,000—Charged With
Manslaughter.
The case of Samuel Pocaro, charged
with manslaughter, came up before
Judge Frank H. Foss at Saturday
morning's session of the police court.
The accused was bound over to the
superior court under a bond of \$2,000.
Pocaro was before the court for a
hearing last Tuesday morning but as
his counsel was out of town the case
was continued until Saturday morn-
ing. The court overruled the demur-
rer entered by Attorney Harvey, coun-
sel for the defendant. Mrs. Pocaro

furnished the bond for her husband.
Patrick Looney, James Friery and
Timothy Sullivan were before the
court on the charge of intoxication to
which all pleaded guilty. Looney was
allowed his freedom under a proba-
tion sentence and payment of the costs
of the court. A sentence of thirty

February a Healthy Month.

February was the healthiest month
the city of Willimantic has experi-
enced in its history, according to the
records on file. The report of the
health officer showed that only two
contagious diseases had been reported
to him during the month and these
were infantile paralysis and tubercu-
losis.

THE ACCEPTABLE TIME.

Immediate Repentance Urged by F. L.
Abbott—Danger of Delay—Christ's
Second Coming.
"Did you know that there would
come a time when Willimantic would
be in waste? Some day your mansions
here in Willimantic and in all the
other cities in the world, will be razed
to the ground." This was one of the
statements made by Rev. F. L. Abbott
at the Y. M. C. A. half Sunday
evening. His subject was "The Millen-
nium."

When Jesus returns to this earth
in the clouds of heaven, he said, there
will be a great earthquake, which will
shake every city in the world. There
will be a great fire, which will purify
the earth, and in the meantime, the
earth will be in a state of confusion,
and all the hills moved lightly. I
behold, and lo, there was no man,
and all the birds of the heavens were
dead.

Continuing he said, The doctrines
of a second chance for salvation is
without foundation in the Bible. Re-
velation 20 tells of a millennium, or
1,000 years, bounded by two resurrec-
tions. The first resurrection is that
of the righteous, at the beginning of
this period, the other at the close,
which is the resurrection of the wicked.

"Between the two resurrections, dur-
ing this thousand years, Satan and his
host of evil angels will be detained up-
on the earth. I can imagine him go-
ing to and from the ruins of the cit-
ies of earth viewing the ruin and de-
struction of which he is the cause.
The bottomless pit mentioned in
Rev. 20 is the earth in a chaotic con-
dition, the place where Satan, cast out
by the decree of God and bound by a
chain of circumstances, will be during
this thousand years. The righteous
are all in heaven, where, with Jesus
at their head they will judge the wicked
and the wicked angels.
"At the close of the millennial reign
Christ and his people will return to
this earth as it is taught in Rev. 20
and 21. The heavenly Jerusalem, with
its mansions, gates of pearl, and golden
streets will descend upon the spot

ALUMINUM COOKING VESSELS
ARE THE BEST AND CHEAPEST AT THE END
If you know the dangers of health and even to life itself
from using wares that chip and crack into the food, you
will buy none but Aluminum Cooking Vessels.
Of course they cost more than cheap enamel wares at
first, but they last for a life time almost, and they are clean
and sanitary. They are safe at all times and are far the
cheapest in the long run.
This week we are showing a complete line of Alumi-
num Cooking Vessels, consisting of Percolators, Tea Ket-
tles, Berlin Kettles, Preserving Kettles, Combination
Cookers, Berlin Sauce Pans, Water Pails, Frying Pans,
Pie Plates, Ladles, Measuring Cups, Salt and Pepper
Shaker, all reasonably priced.

will be called from their
graves, and with the Devil at their
head will lay siege against the city
of God. They will not take it for
themselves, but will give it over to
the Gentiles. This same fire will pur-
ify the earth, destroying every trace
of sin. Then the scripture will be ful-
filled which says, "Nevertheless we ac-
cording to his promise, look for new
heavens and a new earth, wherein
dwelleth righteousness for ever and
ever." In closing Mr. Abbott cautioned his
hearers, "The false hope of a second
promotion will lead you to sleep in
eternity at the time of the Lord's
eternal issues are at stake in their ex-
periences. The scripture says, 'Now
is the accepted time; now is the day
of salvation.'"
Tuesday evening the subject of the
lecture will be, "How Were People
Saved Before Christ?"

TO DISCUSS FORMATION OF A LEAGUE OF LIBERALS

Plans Being Made by Acting President
Hale of Progressive National Com-
mittee.
New York, March 11.—Announcement
made by the acting president of the
progressive republicans and democ-
rats, prohibitionists, socialists and
representatives of other parties "to
meet with a committee of progres-
sives and discuss plans, for the formation
of a league of liberals," was made to-
day by Matthew Hale, acting chair-
man of the progressive national com-
mittee, in issuing a call for a con-
vention of enrolled members of that
party at St. Louis on April 12, 13
and 14.

Mr. Hale asserted that the "radical-
ism" of the progressives of 1912
had now "largely become the law of
the land" and that the party would
yield to a third party. He urged
that the progressives unite the liberal
elements in all parties into a "domi-
nant power for good government."

It was announced that a committee
on resolutions had been appointed and
that it would sit at the representative
quarters in this city until a week be-
fore the convention, which is expected
to adopt permanent working plans for
the future of the party. All resolu-
tions should be submitted to this com-
mittee for reference to the convention,
it was stated.

Mr. Hale's call for the convention
copies of resolutions passed at a
meeting of progressives here in De-
cember last, reaffirming "in every de-
tail" the platform adopted at the birth
of the party in Chicago in August,
1912.

DON'T HAVE GRAY HAIR

It's Unnecessary—Q-Ban Darkens
It Evenly—No Dye.

No matter how gray your hair, pre-
maturely gray, faded, bleached, streak-
ed with gray, all you need to do is to
shampoo your hair and scalp once a
day with Q-Ban and Color Restored.
This is a very pleasant experience, and
after a few applications you will be
delighted to see all your gray hair
gradually turn to an even beautiful
dark shade. Q-Ban acts on roots,
making hair and scalp healthy, restor-
ing the color glands so all your gray
hair is naturally darkened and entire
head of hair becomes soft, fluffy, long,
thick and of such an even beautiful,
soft, dark shade no matter how long
you had used Q-Ban. Also stops dan-
druft and falling hair, leaving your
hair fascinating and abundant, with-
out even a trace of gray showing.

Flock of Robins at Glasgow.

J. T. Wilbur reports seeing a flock
of twenty-four robins near his home
in Glasgow. It has been proven that
robins often winter in the thick cedar
swamp. But as a rule they migrate.
The "honored" lark, otherwise known
as the horned lark, has not reached
Glasgow yet probably because he is
peevish at the typographical error in
a recent news item.

Surprise Party for Harold E. Spicer.

A party of sixty young folks, after
carefully and prayerfully balancing
their way across planks laid across the
roofs of the city, met at the home of
Harold E. Spicer Thursday evening. They
surprised the young host who cordially
welcomed them to an enjoyable
evening. Games of various kinds were
played, everyone entering into the fun
with a happy spirit. Several initia-
tions, all expressing wishes to join the
order, caused much merriment as did
the acrobatic stunts by local athletes.
The host was a young boy he moved
to Mansfield with his parents going to
school in this place where he after-
wards taught for a number of years.
In the past twelve years he has been
a resident of this city, being employed

Baptist church and constituency was
taken Sunday afternoon. The every
member canvass of the Methodist
church, which was to be taken last

May Have Baseball Team.

It is now thought that Plainfield
High School may organize a baseball
squad this year. For the past few
years they have not had a team. The
baseball team has not been taken up by the school. Many
of the students last year played in
the different town teams and proved
themselves to be good players. There
is now a fine chance for P. H. S. to
schedule games with about the same
schools as they met this year on the
baseball field. All interested parties
should be ready to meet before the first
two or three weeks out, these to take place
on the carpet grounds, Moosup, as
soon as the weather permits.

Planning Dance.

The Bachelor Boys are making ar-
rangements to run a St. Patrick's
dance. Music will be furnished by
the local singing orchestra. The every
member canvass of the Methodist
church, which was to be taken last
Sunday, also, was postponed to next
Sunday, March 25th.

BRITISH FORCES OCCUPIED BAGDAD EARLY SUNDAY

Announcement Has Been Made by
British Official Press Bureau.

London, March 11, 7.51 p. m.—Bag-
dad, the chief Turkish city in Mesop-
otamia and formerly the capital of
the empire of the Caliphs, has been
captured by the British forces. An-
nouncement of the capitulation of the
city was made this evening by the
British official press bureau.

The statement was issued on receipt
of a telegram from General Maude
saying the British forces had occupied
Bagdad early Sunday morning. No
details of the capture of the city were
contained in General Maude's de-
patch.

During the day the following offi-
cial report was received concerning
the operations against Bagdad, carry-
ing them up to Saturday morning.
When the Turks had been forced back
to within three miles west and south-
west of the city.

"Our forces engaged with the Turks
on the Diala line the night of the
eighth succeeded, despite the bright
moonlight, in effecting a surprise
crossing of the Diala and establishing
a strong position on the morning of
the eighth, the Tigris having been bridged
at some distance downstream, a
right bank and found six miles south-
west of Bagdad.

COUNT VON BERNSTORFF HAS ARRIVED AT CHRISTIANIA

Spent Saturday in Sight-Seeing and
Meeting German Officials.

Christiania, Norway, March 11, via
London, 5.50 p. m.—Count von Bern-
storff, former German ambassador to
the United States, on arriving here on
the steamship Frederick VIII, was
told The Associated Press that he was
ignorant of the political developments
of the last four weeks and was not in
a position, therefore, to make any
comment regarding them. When the
ex-ambassador learned of the disclo-
sure of Germany's effort to make an al-
liance with Mexico he expressed his
surprise and added:
"It is news to me."
The count was told of President
Wilson's protest toward the arming
of merchantmen, but he made no com-
ment, although seeming eager to hear
of the latest developments on both
sides of the Atlantic.

The count on his arrival received a
large amount of mail which he perused
hurriedly. It is not yet known when
the ice conditions in the Cattegat will
permit the Frederick VIII to sail for
Copenhagen.

When Count von Bernstorff was told
that he could travel to Copenhagen by
rail he said he preferred to remain on
board the ship, as he and his many
friends had a large amount of bag-
gage which would make a change in his
plans difficult.

Count von Bernstorff spent Satur-
day in Christiania sight-seeing and meet-
ing German officials. In the morning
he had a long conference with Dr. G.
Michaellias, the German minister to
Norway, and the attaches of the Ger-
man legation. In the afternoon he
went for a drive and in the evening
he attended a dinner given in his
honor at the German legation.

Amazing Power of Bon-Opto To Make Weak Eyes Strong Doctor Says It Strengthens Eyesight 50 per cent in One Week's Time in Many Instances

A Free Prescription You Can Have
Filled and Use at Home

Victims of eye strain and other eye
weaknesses and those who wear glasses,
will be glad to know that according to
Dr. Lewis there is real hope and help for
them. Many whose eyes were failing say
they have had their eyes restored by this
remarkable prescription, and many who
once wore glasses say they have thrown
them away. One man says, after using
it: "I was almost blind. Could not see
to read at all. Now I can read every-
thing without my glasses, and my eyes do
not hurt any more. At night they would
pain dreadfully. Now they feel fine all
the time. It was like a miracle to me."
A lady who used it says: "The atmos-
phere seemed hazy with my eyes without
glasses, but after using this prescription
for fifteen days everything seems clear
I can read even line print without
glasses." Another who used it says: "I
was bothered with eye strain caused by
overworked, tired eyes, which induced
severe headaches. I have worn glasses for
several years, both for distance and work
and without them I could not read my
own name on an envelope or the type-
writing on the machine before me. I
could do both now and have discarded my
long distance glasses altogether. I can
count the fluttering leaves on the trees
from the street now, which for several
years have looked like a dim green blur
to me. I cannot express my joy at what
this medicine has done for my eyes."
It is believed that thousands who wear
glasses can now discard them in a reason-
able time and multitudes more will be
able to strengthen their eyes so as to be
spared the trouble and expense of wear-
ing glasses. Eye trouble of many
descriptions may be wonderfully benefited
by the use of this prescription at home.
Go to any active drug store and get a
bottle of Bon-Opto tablets. Drop one
Bon-Opto tablet in a fourth of a glass of
water and let it dissolve. With this
liquid bathe the eyes two to four times
daily. You should notice your eyes clear
up perceptibly right from the start, and
inflammation and redness will quickly
disappear. If your eyes bother you even
a little it is your duty to take steps to
save them now before it is too late.
Many hopelessly blind might have saved
their sight if they had cared for their
eyes in time.

SHORTAGE OF BREAD IN RUSSIA CAUSING ANXIETY

Working People Have Made a Peace-
able Protest Against the Situation.

Petrograd, via London, March 11,
11 p. m.—In order to relieve the tempo-
rary shortage of bread, due to dif-
ficulties in transportation, a bill has
been proposed in the Duma which
would vest in the municipal authori-
ties and town councils the authority
to regulate the price of bread. The bill
resists with the ministry of agriculture.
The difficulty experienced in buying
bread freely, coupled with the fear of
starvation, has caused the police and
people to leave their places of em-
ployment and gather in various parts
of the street now, which for several
years have looked like a dim green blur
to me. I cannot express my joy at what
this medicine has done for my eyes."
It is believed that thousands who wear

OBITUARY.

Representative Cyrus Adams Sulloway
Washington, March 11.—Representa-
tive Cyrus Adams Sulloway, the veter-
an member of congress from the
First New Hampshire district, died
late last night of pneumonia, aged 78.

Wason of New Hampshire and Dale

hurried to join the family group at
the bedside.

Mr. Sulloway's congressional career
was featured by his interest in pen-
sion legislation. He was born at
Brafton, N. H., was a lawyer and had
