ENJOY LIFE! DON'T STAY ILLIOUS, SICK, HEADACHY AND CONSTIPATED.

Get a 10-cent box now. Most old people must give to the bowels some regular help else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For ages over to active as youth. The muscles are less elastic. And the bowels are muscular. So all old people need Cascares. One might as well refuse to aid weak eyes with glasses as to neglect the gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally stop the bowels into activity. But a lax can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascares, and they cost only 10 cents per box at any drug store. They work while you sleep.
