

Norwich Bulletin and Graphic 121 Years Old

Norwich, Monday, April 16, 1917.

The Circulation of The Bulletin

CIRCULATION table with years 1904, 1905, and April 14, 1917.

THE \$7,000,000 CREDIT. The unanimous action which characterized the passage of the \$7,000,000 war credit in the lower house of congress is only what can be expected and undoubtedly will result when the bill comes before the senate.

AVOIDING MORE TROUBLE. Carranza has made no mistake in arriving at the decision that no embargo will be placed upon the supply of oil that is being sent from the Tampico section to Mexico by the British.

MOVING BACKWARD. What cannot help but be looked upon as a backward step is that which is proposed by the legislation which simply awaits the action of the governor of New York to decide the matter.

WILL HASTEN THE END. In addition to the recognition which is given by this country to the need of developing our shipbuilding industry and producing as many vessels as possible in the immediate future, new emphasis is given to this problem by the recent speech of Lloyd George who made it plain that this country is in a position to render most valuable service by contributing to the fleet of merchant vessels that it will offset such success as the Germans are having with their under water boats.

made at night which unless there was a court to hear the cases, it was necessary for the women to remain in the station over night or at least overnight. Not infrequently was it the case that the arrests were unjustified but that did not prevent the hours of imprisonment or the delay that was necessary in getting a hearing.

WOMAN IN LIFE AND IN THE KITCHEN. A cupful of liquid is all the cup will hold. A spoonful of liquid is all the spoon will hold.

CRUSHING TURKEY. Thus far with talk of peace coming from two of the nations grouped among the central powers, with the impression that the leading one of the four is leaning in that direction and possibly responsible for such soundings as are being made by the others, it is a noticeable fact that Turkey has as yet made no such move.

AVOIDING MORE TROUBLE. Carranza has made no mistake in arriving at the decision that no embargo will be placed upon the supply of oil that is being sent from the Tampico section to Mexico by the British.

shell inspection in an English munition factory preparatory to the opening of a similar plant in Ireland.

DECORATIVE VEILS. Over hats that show little or no trimming, decorative veils are draped. Circular veils are made up for this purpose. The widest portion of each veil is worn around the crown of a hat so that the face has a fine, dainty mesh shading over it.

HOME GARDENS. Rows and Beds. Straight rows add to the garden's beauty and the gardener's pride and are the most practical way of today's gardening. The National Horticultural Society's bulletin, issued by the National Horticultural Society, is a most valuable work in this respect. It is well worth your while.

NEEDLEWORK NOTES. Do not darn a bath towel. When such a towel shows signs of holes, loosen the tension of your sewing machine, and with lengthened stitch run back and forth across the towel. This mends the holes and prolongs the life of the towel.

WORTH KNOWING. The girl who stencils will recognize in her old stencil paper a possibility of making a very good paper lampshade. The oiling of the board or paper makes it translucent. They can be painted in designs and stencils to match the general decorative scheme used in the natural oil gold.

WATERING PLANTS. If you are leaving home for a few days and have plants that should be watered, instead of moving them into your neighbor's house, or to a neighbor's house, place a pair of water cans in your plants, then remove each pot to a shallow pan or crock so hold the water in the water until you get home. It is better to elevate the plant on a stand, so that the bottom does not get so far from the water that your plants will be well kept for three or four days.

ORANGE PRESERVE. Wash oranges and cut them in slices a fourth of an inch thick, cover with water, a pint to each orange, and let them stand twenty-four hours. Cook them in the water until tender, but not soft, add one pound of sugar and the juice of a lemon for each orange. Cook for one hour. Place in glasses and cover with paraffin.

CONCERNING WOMEN. St. Louis has a \$5,000,000 hoarse who works for a living because she believes that no woman has a right to loaf. Bowling tournaments exclusively for women are being staged this winter by managers of Boston bowling alleys. Mrs. Vina C. Mullins, postmistress at Wilkes, Texas, is considered the best reader for the United States army.

DICTATES OF FASHION. Etamine and organdie are combined in one model. The tunic has quietly stepped into fashion again. Keeping up with sweaters is a serious proposition. A new model is made of two colors, one above and the other below the waist line. Sometimes a bevy of Irish girls are studying

MORE STRENGTH FOR FEELDE OLD PEOPLE. If all the old people in Norwich realized what Vinol will do for them, we would not be able to get enough of it to supply the demand. We quote from a recent letter received from Mrs. A. E. Carson of Kingston, N. Y. She says: "I am 89 years of age, and have been suffering for a long time with indigestion. I got run-down, was weak, dizzy and could not sleep at night. I consulted two doctors who said I had hardening of the arteries and at my age could not expect to be strong again. My daughter would give me no peace until I tried Vinol, as it had done so much for her. I have taken five bottles and my health and strength have come back, so I am able to do all the housework for my family of four, and I am recommending Vinol to all my friends."

Big Double Bill MARY PICKFORD in A POOR LITTLE RICH GIRL

AUDITORIUM MAT. 2.30-10.00 EVE. 7.15-10.15

SEE! 2000 MEMBERS

Frances Nelson "ONE OF MANY" THE SOUL STORY OF A STRUGGLING GIRL

Four of the Finest Each year many thousands of visitors - sometimes hundreds in one day - are ushered through the spotlessly clean modern factories of the Postum Cereal Company, and are made acquainted, through the famous "open door" policy, with the methods used in producing Postum . . . Instant Postum Grape-Nuts and Post Toasties
