At the adjourned annual town meeting held at the town hall on Monday evening an appropriation of \$5,000 was made for highway improvement in the town. This appropriation was voted in order that the town might secure its share of the highway fund established by the legislature recently. By making the appropriation the town will receive \$15,000 from the state, this making a total of \$20,000 available for highway improvement to be carried out under the direction of the state. The estimated expenses of the town were approved as submitted by the selectmen, the school estimates were also approved without change and the meeting made appropriations for the Otis Library and for the tuition of N. F. A. pupils residing in the town.

**Authorized to Borrow.**  
 A resolution presented by F. L. Weedard and adopted by the meeting authorizes the Selectmen to borrow a sum not to exceed \$100,000 (dollars), in such sums and at such times during the twelve months ensuing, as may be necessary to defray the debts and obligations of the Town accruing before the next annual town meeting, and to deliver the notes or other obligations of the Town therefor, as shall be for the best interests of the Town.

**Property Improvement at Taftville.**  
 The time seems to have come when the traffic over some of our highways should be relieved. Mr. Huntington said. He spoke of the many thousands of dollars which have been expended in property improvement at Taftville since the big fire there a year or so ago, and said that it is the desire of the Taftville people to have the road leading over Galloway Hill to Norwich Town. Last year the town improved the westerly slope of Galloway Hill and it is hoped that the easterly slope will now be improved. He offered two resolutions, one making the appropriation of \$5,000 and the other making it \$10,000. The latter was adopted. The resolution in regard to the Galloway Hill road was also adopted.  
**Wanted to Table Resolution.**  
 Meyer Blumenthal moved that the resolution authorizing the appropriation of the \$5,000 be tabled, as he felt the tax was large enough without any extra. Blumenthal's motion was not tabled and was voted down and the resolution authorizing the appropriation was also adopted.

**MRS. DAHOOD HELD BY RHODE ISLAND POLICE**  
 Charged With Attempting to Kidnap Her Daughter, Former Rock Nook Home Girl.

(Special to The Bulletin.)  
 Westerly, R. I., Oct. 8.—Mary Dahood, now in her eighteenth year, who was reared in the Rock Nook Home, Norwich, by her mother and, after remaining there five years, was taken into the family of Job Thorp in Westerly, where she lived for two years, is surely having her share of trouble. The girl has been treated as a member of the family, given a good education and graduated from the Westerly High school, and is engaged as a school teacher in Tommaquac valley. Some time ago, Eliason Dahood, mother of Mary, came to Westerly and demanded that she return with her to New York. To this the girl objected and made appeal to the Westerly probate court for the appointment of Job Thorp as her guardian. At this hearing Mrs. John C. Averill, chairman of the committee of the Rock Nook Home, and Mrs. Murray, the matron, told the court that the girl was of Syrian birth, and that the mother left the girl and a brother at the home and promised to pay for their maintenance, which she did. The boy found a home with a Baltic doctor but was subsequently taken to New York by the mother. The girl remained at the home for five years and the mother according to Mrs. Averill, rarely visited the girl, and practically abandoned her. The girl was in the custody of the temporary guardian of the person and estate of Mary Dahood.

The next day Mr. and Mrs. Thorp were called to the superior court in Providence on a copias, charged with having the girl illegally in their possession. After the testimony was heard, the court decided that Mrs. Dahood, soon after the probate court appointed Mr. Thorp as permanent guardian of the person and estate of Miss Dahood during her minority. Then came another action in a \$25,000 damage suit against Mr. and Mrs. Thorp alleging alienation of affection.  
 Monday morning Mrs. Dahood made an attempt to abduct or kidnap the girl. With Nasip Kalam, Mrs. Dahood and a young woman arrived at the home of the girl, who was in the custody of Mrs. Dahood. She had assembled the pupils and they were marching into the school. Mrs. Dahood and Nasip went to the building. The former told the girl that she came from Norwich in Mrs. Averill's automobile and that the car was waiting for her to go to Norwich and sign some papers that would end any further controversy. The girl doubted the story and the car was not allowed to enter. Mrs. Dahood and that the operator was not her chauffeur. She declined to go. Mrs. Dahood then took hold of the girl and there was resistance according to the story told. Mrs. Dahood attempted to fasten a strap around her eyes, which she choked and clasped her hand over Mary's mouth in an endeavor to silence her screams. But Mary was persistent and fought as best she could, the attempt being carried away by force.  
 Mary was in constant fear that something like this might happen, so soon after the trial term she was placed in a room with two boys, not over twelve years of age each, that should any trouble arise, they were to run about the house to the home of Mrs. L. Kenyon, a short distance from the schoolhouse and summon assistance and this they did on Tuesday. As a result of this, Mrs. Dahood and Mrs. Averill arrived in short order. Mrs. Dahood and Nasip were ordered from the premises.  
 In the meantime the Kenyons telephoned the conditions to Constable Perry of Hopkinton and he arrived with a posse within a short time. He telephoned to Mr. Thorp and to Judge Herbert W. Rathbun, counsel for the Thorp family, in short order Sheriff Joseph Mitchell, accompanied by Mr. Thorp, was driving his automobile towards Tommaquac Valley schoolhouse. When within a short distance of the building the sheriff saw an automobile approaching. He held up the machine, and ordered the operator to turn back to the schoolhouse. This was done and the sheriff returned to Westerly with Mrs. Dahood, Miss Dahood and Mr. Thorp in his car. The other automobile following with Nasip Kalam and the girl who accompanied Mrs. Dahood. The trio, Mrs. Dahood, Kalam and the girl, were taken to the sheriff's office pending further action.  
 The car that brought the party to the schoolhouse is owned and operated by George Herbert of Norwich, who had no acquaintance with the parties and had no idea of the mission. He was called by telephone and asked his charge for taking three persons to Ashaway. His price of \$15 was accepted, and he was driven there. Mrs. Dahood and the man went into the school house but the girl remained in the car. Soon Herbert heard cries in the schoolhouse and could not realize what was going on. He then learned that the woman was the mother of the school teacher and went to bid her. She was going on because of the woman and the man returned to the car and he drove back towards Ashaway, and was held up by the sheriff. He said he knew nothing of the party and was sorry that he did not know of the mission before he left Norwich, and he never would have driven to Tommaquac Valley.  
 Although Miss Dahood bears bruises, finger prints on her throat, hair disheveled, her glasses and wrist broken, Mrs. Dahood claims she did not lay hands on Mary. She called

**CONSTIPATION IS A PENALTY OF AGE**

Nothing is so essential to health in advancing age as freedom and normal activity of the bowels. It makes one feel younger and fresher, and forestalls colds, piles, fevers, and other dependent ills.  
 Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative, recommended by physicians and thousands who have used it, is far preferable. This is the combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle; a trial bottle, free of charge, can be obtained by writing to Dr. W. E. Caldwell, 455 Washington St., Monticello, Illinois.

to try to prevail upon Mary to return with her to Norwich and see Mrs. Averill, and then to go with her to New York, if she could not do this she said it was her intention to bid the girl farewell forever.  
 Mrs. Averill said she was a reporter for a Syrian paper in New York and had been to Westerly a dozen times for Mrs. Dahood to aid her in getting possession of her daughter.  
 "When the case reached the point that charges were likely to be preferred that might result in the imprisonment of Mrs. Dahood, the daughter expressed hope to the contrary, for the sake of a younger sister and brother. She believed her mother wanted her for perhaps marital purposes, but she preferred to remain in her present home where she was treated as a member of the family. She would be satisfied if an agreement, bound by a bond, could be struck whereby Mrs. Dahood would leave her alone, and not attempt to force her to accept things she knew not of."  
 Monday afternoon, Mrs. Dahood was arraigned before Clerk Clarence E. Roche, in the Third district court, on two charges, with committing an assault upon Mary Dahood and with breaking up a school session in the town of Hopkinton. Mrs. Dahood pleaded not guilty to both charges. She was held for trial next Friday with bonds fixed at \$200 in each case. The bond was furnished with George Joseph Booksteb as surety.
