

RESERVES DECISION IN \$10,000 SUIT

Judge Greene Takes Papers in Damage Action Brought Against Town of North Stonington by Thomas E. Wheeler—Arguments Were Made on Tuesday Morning in Superior Court.

The trial of the case of Thomas E. Wheeler against the town of North Stonington to recover \$10,000 for personal injuries and damages to his horse and wagon as the result of going over an embankment of a North Stonington road through a gap in a fence, was concluded before Judge Gardner Greene in the superior court in New London Tuesday. The trial of the case was begun Thursday morning.

When court came in Tuesday morning introduced evidence in rebuttal both sides resting at 10.35. Attorneys Herbert W. Rathbun, for the plaintiff and town and Perkins for the defendant town made arguments at conclusion of which Judge Greene took the papers.

MISS ESTELLE SPRAGUE PLACED IN CHARGE

Will Conduct Home Economics Department at Storrs College.

Through the action of the board of trustees the entire work of the home economics department of the Connecticut Agricultural College as well as supervision of the young women of the institution is placed in the hands of Miss M. Estelle Sprague who has been appointed professor of home economics. Miss Sprague is now at work organizing the department and getting ready for the record breaking attendance of girls who are enrolled for the opening next week.

During the summer Miss Sprague has had charge of the home economics work for the food conservation committee of national defense. There have been prepared under her direction and issued from this office a large number of bulletins dealing with emergency questions on home economics. Among these are The Drying of Fruits and Vegetables, Jellies, Jams and Marmalades, Potatoes in the Diet, Meat and Wheat Substitutes, and others.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp the hair roots shrink loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Dandruftine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

Breathe Hyomei To Kill Catarrh

The Only Sensible Method For Successfully Treating Catarrh.

What is catarrh? An inflammation of the mucous membrane which causes a discharge. What causes the inflammation? Some physicians say the pernicious activity of little germs or microbes that lodge in the folds and crevices of the mucous membrane.

How can catarrh be ended? By killing the germs. Will medicines taken into the stomach kill these germs? They may act on the blood and tone up the system, but it is not believed that they can destroy catarrh germs.

How about sprays and douches? Good as far as they go, but they do not get far enough. No liquid can reach the lower throat or lungs, neither can a liquid penetrate into the folds and crevices of the membrane where germs seek their refuge.

What will reach catarrh germs? HYOMEI, a soothing antiseptic, which you breathe into the lungs. How do you breathe HYOMEI? Through a small hard rubber inhaler that can be carried in a vest pocket.

Does HYOMEI act quickly? Yes, results are soon noticed. Is HYOMEI recommended for any other diseases? Yes, for any disease of the nasal passages and throat where inflammation is present.

Is it used for colds? Yes, especially the vapor treatment which is often used to break up a cold over night, and for coughs, sore throat, croup and asthma.

Is it guaranteed? Yes, or your money back. Who sells HYOMEI? The Lee & Osgood Co.

WAR MOTHERS TO ASSIST HOOVER CAMPAIGN

Nation-wide Organization of Women With Sons in the Service Contemplated.

According to information received by Robert Scoville, United States Food Administrator, a nation-wide organization of "war mothers" will assist in the campaign to secure signers to the Hoover pledge. This organization contemplates enlisting the services of every woman who has a son in the military service of the United States or a son subject to draft.

Herbert Hoover says in regard to the organization: "It is peculiarly fitting that the mothers of the men who are to fight the nation's battles should enlist in this vitally exciting campaign. They are sending their sons forth to endure the supreme test of citizenship. They want their sons to return to them as soon as the peace and order are achieved. They will hasten the coming of that peace by the work they have undertaken."

"In no war which the nation has engaged have the loyalty, devotion and self-sacrifice of American women ever fallen. In no other war have they had a greater opportunity for service than is offered in the movement for conservation of the nation's food supplies. Not only does this Food Administration have as its aim the coming of the 'war mothers' into the ranks of its volunteer workers, but an equal welcome will be extended to the wives and sisters of soldiers and all other loyal women who will enlist for a service which President Wilson has said is more than essential to any nation which American women can render."

LIBERTY CHORUS TO BE ORGANIZED

Volunteer Singers to Assist on Important Public Occasions.

Liberty choruses are to be organized in towns and cities throughout Connecticut so that, upon important public occasions, the Connecticut state council of defense may call upon them and be sure of having available patriotic and inspiring music. The singers will all be volunteers and those who will train and lead the choruses will give their time to the work. Existing organizations will be asked to volunteer in bodies. The plans for the Liberty choruses are being perfected under the direction of the publicity committee of the Connecticut state council of defense.

J. S. Stevens of Hartford has accepted the appointment as state musical director and, under the direction of the publicity committee of the council of defense, he has begun the work of perfecting a statewide organization of Liberty choruses. He has written to the council's town committees throughout the state and has asked the chairman of each to recommend the best man in each town or city for the task of organizing and conducting the local Liberty chorus work.

The decision to organize Liberty choruses was made by the state council of defense because it recognizes the value of singing to weld the nation together and arouse a desire to "win" the war. The plan calls for a mobilization of the state's musical forces for a patriotic service.

Where there are no organizations, new ones are to be started under the leadership of a competent, earnest and patriotic local director, standard and uniform music will be arranged for. Existing organizations when they volunteer will be known by their usual names and further designated as specific units of the Liberty choruses of Connecticut.

Mr. Stevens' plan calls for Liberty choruses of mixed voices as well as separate male choruses and organizations of female singers. They will be available for singing at important public gatherings such as Liberty loan rallies, farewell to military organizations and the many other occasions which arise from time to time for which vocal music is desired.

Letters have already gone out to the council of defense town committee chairmen asking for suggestions of leaders for the local Liberty choruses and a number of replies have been received. It is expected that all of the town committee chairmen will have replied within a few days and that appointing local directors will start. As soon as names of these local directors are announced, it is expected that singers, both as individuals and as organizations, will offer their services as members of the Liberty choruses. The organization work will be completed as rapidly as possible and rehearsals will start so that Liberty choruses may be available for their first public appearance with a minimum of delay.

Mr. Stevens has already arranged for the first public appearance of a Liberty chorus. This will come on Oct. 17, and the Hartford High school, unit No. 1, Liberty choruses of Connecticut, will be heard at the opening meeting. The Liberty loan rally week, during which a campaign for the sale of Lib-

EVENING SCHOOL HAD MEMBERSHIP OF 112

Average Attendance During the Year Was 27.26.

The annual report of Fred L. Newton on the evening school activities shows a total enrollment of 112, with an average attendance of 27.26. The sessions of the evening school were held in Broadway school between the dates of Oct. 3 and Feb. 23, on Monday, Tuesday, Thursday and Friday evenings. The assigned hours were from 7.30-9, though the members usually gathered at 7.15 and frequently worked after 9.

The attendance has not been as large as in former years, due to the decrease in immigration and the increase in evening work at many shops and mills. These conditions have been widespread and have similarly affected evening schools in all parts of the country.

The school consisted of five classes, as follows: One for those who could not understand spoken English; the second for those who could understand English but who could read or write little or none; the third for those who could read or write simple English; the fourth for those who had com-
