LIBERTY LOAN TOTAL IS NOW \$214,950.

Local Boy Scout Troops to Make Canvass of Norwich in Interests of Campaign.

At the close of business on Thursday the Liberty loan total in Norwich had crept up to \$214,950. This sum is made up by 338 subscribers.

The Boy Scouts of the city and vicinity have heartily entered into the campaign for Liberty bonds and will try and boost the sale of the bonds.

On Thursday evening a meeting for the scouts was held at the Chamber of Commerce room with Scout Commissioner B. M. Bruce presiding.

Members of the Liberty loan committee were present and a good supply of the value of the bonds and their importance to the country.

The method of canvassing was discussed and it was decided that the best means of securing the subscriptions to the bonds would be to divide the city into districts and assign one troop to each district.

The town was divided and assigned as follows: Franklin street as far as Grove and including the Falls, Troop No. 1.

North Main street and Central avenue, Troops No. 4 and 8.

Main street east from postoffice to Preston, Troop No. 10.

West Main street and side streets, Troop No. 11.

Thames street and West Thames, Troop No. 1.

North Main street and Bean Hill, Troop No. 11.

Vantile and Fitchville, Troop No. 5.

Montville, volunteers.

The scouts also voted to participate in the Liberty fires to be held on Oct. 23.

Patriotic songs were also practiced with Fred Thurn at the piano.

As has been done in other cities in connection with the Liberty loan campaign, Norwich will have what is known as Liberty fires on the evening of Oct. 23.

The fire will be bonfires set in different parts of the city and at each fire a speaker will address the crowds and tell of the great need for the purchase of Liberty bonds.

The purchase of Liberty bonds is the most important work suggested in a letter received by Mrs. Albert H. Chase, chairman of the social industry committee.

This plan has been adopted in other cities throughout the country and has met with marked success.

A mass meeting has been planned for Thursday evening in the town hall to discuss the Liberty loan, at which meeting Dr. Benjamin W. Bacon will speak as will Ralph H. Fields.

The meeting will be held in the town hall at 8 o'clock. In connection with the meeting there will be community singing and a concert by the "Pubby" band.

The public is invited to participate in the meeting.

RED CROSS IS READY TO INVESTIGATE.

Story Has Gained Circulation That Knitted Articles Have Been Sold.

The local Red Cross chapter has requested Norwich people to report any case, if they have accurate information of the selling of articles knitted by the Red Cross and the matter will be immediately investigated.

No attention will be given to vague rumors.

A statement from Harvey D. Gibson, general manager of the American Red Cross, has been received by Mrs. R. W. Perkins, secretary of the local branch.

"A story is being circulated to the effect that sweaters, socks and other articles knitted by the Red Cross are being sold, either to the public in shops to direct to the soldiers. This is emphatically not true. No article whatever, either knitted or otherwise made by Red Cross workers, and turned into and sold to the public, either as auxiliary, or to any supply warehouse, are sold either to the soldiers or in shops."

"There is no way to prevent people from making the same type of articles as those produced by the Red Cross workers and selling them for their own advantage, thus subjecting the Red Cross to unjust criticism. Should they occur, however, an individual sold articles after their having been turned into and sold to the public, would be clearly in violation of the fundamental law covering the Red Cross, and would be liable to prosecution to prosecute the offender."

Clothes Advice From a Banker

A Governor of the Federal Bank recently said, "A suit of clothes should do the work of two suits now."

Which means that quality in clothes is more important than ever. And quality is the watchword here; always has been.

You'll find Hart, Schaffner & Marx clothes at this store.

"One such suit will do the work of two suits," and you can't surpass them for style.

Suits, \$18 to \$28.

SAGE AND SULPHUR DARKENS GRAY HAIR

BRUSH THIN THROUGH FADED, STREAKED LOCKS AND THEY BECOME DARK, GLOSSY, YOUTHFUL.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray.

Years ago the only way to get the mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients at a small cost.

Don't say gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to cleanse and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and then mix the lemon juice with it up a quarter pint of this sweetly fragrant lemon lotion and massage it daily on the face, neck, arms and hands. It should naturally bring the skin softer, fresher and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.
