Enjoy life! Live your liver and bowels to-night and feel great.

Wake up with head clear, stomach sweet, breath right, cold gone.

Work while you sleep.

Take one or two Cascarets to-night and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced.

Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active.

Get a box at any drug store now and get straightened up by morning. Stop the headache, biliousness, bad colds and bad days. Feet fit and ready for work or play. Cascarets do not gripe, sicken or inconvenience you the next day like salts, pills or calomel. They're fine!

Mothers should give a whole Cascaret anytime to cross, sick, bilious or feverish children because they will act thoroughly and can not injure.

Those in the public eye making utterances as to price of potatoes the coming winter have started to hedge already. The public should take a pointer on the proper time and begin to realize that old supply and demand is going to prevail as heretofore. If the price of potatoes keeps up to the present standard it will be because there are not enough potatoes to make the price yield to the standard the public thinks about right for that kind of produce.—Middletown Press.
