Miss Elizabeth Morgan.

The death of Miss Elizabeth Morgan occurred Saturday at the home of her sister, Mrs. George Eastland, at Marlboro, Mass. Miss Morgan formerly lived in Norwich. She is survived by three sisters, Mrs. Patrick Whalen and Mrs. Michael Whalen of Marlboro, Mass., and four brothers, Thomas, George, Michael and Christopher.

The body arrived here Sunday night on the boat train.

Mrs. Francis E. Dowe.

The death of Mrs. Francis E. Dowe occurred at her home on Summer street on Sunday morning. Mrs. Dowe had not been her usual good health during the summer but no sudden ending had not been expected at this time.

Mrs. Dowe, who was born in Philadelphia, was of old New Jersey descent, her ancestors, the Stedmans and Godfreys, being among the earliest colonists, both Swedish and English.

She resided in that city until the two years previous to her marriage, when she went to the northern neck of the D. A. R., for which she was preparing a paper to be read at their meeting next month.

She was a member of the Sadsbury meeting of friends in Christians. At the time of her decease Mrs. Dowe was president of the Norwich branch of the State Indian association and a member of the D. A. R., for which she was preparing a paper to be read at their meeting next month.

She was a member of the Sadsbury meeting of friends in Christians. At the time of her decease Mrs. Dowe was president of the Norwich branch of the State Indian association and a member of the D. A. R., for which she was preparing a paper to be read at their meeting next month.

Mrs. Dowe was actively engaged in charitable work, having been interested for over 30 years in various branches of the United Workers' work. She was a member of their Girls' club from 1886 to 1898, being secretary from 1898 to 1909. She had been in charge of the rag industry and had been chairman of the City Mission committee since 1906.

In the passing of Mrs. Dowe the needy and suffering of Norwich have lost a devoted and loyal friend. Possessed of the broad sympathy and understanding which pervaded her life for the work, she straightened and smoothed the way for many a perplexed life and helped to bear the burden of many a troubled one. Her wide charity saw the difficulties attending the struggle for those less fortunate than herself and her unflinching turned her efforts toward the betterment of those who so needed it. Many lives have been brightened and made of more value to themselves and the community through the influence of this rich and gracious personality. The loss sustained in her going is immeasurable and not to be counted in words. But her brave and loving spirit has left its imprint on many lives and its influence will reach beyond our human sight, helping and uplifting still.

She is survived by her husband, Frances E. Dowe, and two children, Warren K. Dowe, of Detroit, Mich., and Amy H. Dowe.

secrecy of sugar at the present time but this scarcity is temporary. It is due to the practical exhaustion of supplies of Cuban raw sugar and the depletion of stocks in refiners and dealers' hands. The new crop of cane sugar in Cuba and Porto Rico will begin about Dec. 1 and sugar should be plentiful shortly after the first of the year. There is not, however, any surplus on the part of the producers, refiners or wholesalers. Dealers are justified in limiting the amount of sugar sold to each customer, not only through restriction of consumption by the public that the existing supply can be made to bridge the period from now until the new crop is available. This is a time when consumers will best serve their own interests by keeping their sugar purchasing sugar as sparingly as they can.

The local sugar trade is making every effort to facilitate the distribution of this sugar as it is available and to hold down consumption to as low a level as possible.

LIBERTY LOAN TOTAL GOES TO \$749,950

Mercury Took a Big Jump When Norwich Banks Subscribe.

On Saturday the thermometer on the square which shows the progress of the Liberty loan in Norwich took a big jump from a total of \$500,000 up to \$749,950 with 1004 subscribers. This big raise was due in the most part to the subscriptions of two of our banks, the Norwich Savings Society taking \$200,000 worth and the Thames National \$100,000. Other smaller subscriptions brought the total to the exact amount.

With the banks open Saturday afternoon and evening the amount in all probability is well along toward \$800,000 but the exact amount was not available on Sunday.

SUGAR SITUATION CRITICAL

Local Wholesalers Are Unable to Meet Demands of Retailers.

The sugar situation in Norwich is becoming critical as there is a shortage of this commodity in the city. Wholesale grocers reported Sunday night that they are unable to meet the demands of their customers as their supply of sugar has given out and they are unable to get any more, as their orders which they have had in hand have not yet been acknowledged. Every effort has been made by the wholesalers to get sugar for the past three weeks but they have only been able to secure lots of twenty-five barrels each.

A statement issued Saturday by the refiners dealing with the situation reads in part:

An outbreak of public excitement over the imminence of a sugar famine has made its appearance in many parts of the country and has been accentuated by reports of the exhaustion of supplies, the charging of high prices and the holding back of stocks by producers and refiners. As has been repeatedly explained in statements by the food administration and by the sugar-trade press, there is a
