## COLORED MEN CALLED

Three Out of Ten Needed By Government—Will Go to Camp Devens

Calls for ten men, three of them colored, were received by the local exemption board, Tuesday. The white men are to go to a technical school in Boston, while the colored men are to go to Camp Devens.

The colored men selected are John P. Taylor, Pomfret; William F. Green, Central Village, and Jerome Lacey, Windham. They will leave for the camp a short time before April 26, within the five day period.

In the quota of men for the technical positions, the four men who are to go have volunteered. They are Albert E. Green, Harrison Barber, Amos Barber, and Danielson Levine, all of this city. These men will leave this city Monday morning at 9:45 and will go to a technical school in Boston. The other three men will be selected from some of the other towns and will leave May 1.

The first call of the second draft will probably include seven men. They will be sent to Camp Upton, New York, and will leave some time during the five day period before April 26.

## POMFRET MAN ARRESTED

John Ventorino Failed to Return Questionnaire.

John Ventorino of Pomfret has been arrested in Pittsfield, and arranged before a federal court, where he pleaded guilty of not returning his questionnaire. Clerk Fenton was notified of his arrest and told the Pittsfield officers to have him go to the draft headquarters in that city and

## Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain muffed coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dirt, dust and dandruff.

## Funeral

The funeral of Frederick W. Bland was held Tuesday afternoon at 2:30 at Shepard's mortuary chapel on North street. Rev. Arthur D. Carpenter officiated. During the services hymns were sung by Mrs. Otto Robinson. Burial was in the Willimantic cemetery. The bearers were Albert Pendleton, Arnold Bowen, Raymond Bates, Everett Robinson, Homer Hawkins and Harold Bowen.

## Fire Truck Breaks Spring

A new main leaf for the front spring on Engine Company No. 1, which was broken Monday is expected to arrive in this city by express early Wednesday morning, and the truck will probably be in commission by Wednesday evening. There were no calls Tuesday so the truck which was borrowed was not used.

Among the men who have volunteered for the draft army to go to the technical schools in Boston is Amos Barber, who drives the big truck. He will probably leave the fire house on Wednesday evening. The new driver for the truck will probably be Roger English or Frank Gorman. This is the third driver that the company has lost. Harry Kelly, the original driver, being drafted, and Arthur Curry, a substitute driver being unable to comply with the legal qualifications. At the present time, there is a vacancy on the department.

## Good Sales of Thrift Stamps

The sale of thrift stamps in this city during the latter part of March was very encouraging to the officials. At the first of March this city was about \$3,000 over its quota for the two months, but in the first half of March the sales took a big slump, and it was feared that they would bring the total under the quota. A big drive was made in the last part of the month and resulted in the sales going over the top by nearly \$5,000, leaving an excess of \$7,913 for the campaign to date.

## High School Teacher Resigns

Among the business to be considered by the school board this (Wednesday) evening is the resignation of Miss Elizabeth LeMay, an English teacher at the high school.

## Automobile Inspector in Town

Ralph C. Young, Windham county automobile inspector, was in this city Tuesday. People desiring to have automobile licenses were tested out by him. He also stopped several motorists on the street, asking them to produce their driving licenses. Continued enforced ruling of the auto laws will keep inexperienced people from driving cars and will lessen the number of accidents caused by such drivers.

## Will Attend Convention

John Andrews and Calvin Parish of this city will attend the annual convention of the American Benefit Association in Boston, today.

The attendance at the ceremony was very large. The attendants were Robert P. Cunningham of Danbury and Miss Mae Keating of this city. The bride wore a traveling suit of maine. Tricoline and carried a bouquet of bride's roses. Special music was sung by the quartette. Following the ceremony Mr. and Mrs. Keegan left by automobile for Hartford where a breakfast was served. They will spend their honeymoon at Atlantic City and on their return will reside at 18 Hewitt street.

## PLAINFIELD

### C. H. Williams Writes Interesting Letter from Oversea to Rev. William A. Keefe—Loan Subscriptions Over \$20,000.

Rev. William A. Keefe has received several letters from men in the parish now in the service. The first is from Charles H. Williams, who was prominent in political circles in this town: British Expeditionary Forces, March 7, 1918. Dear Father Keefe: I am just thinking of Plainfield and all the folks there, and it seems as if it is all a dream to be here amidst all this war business, after being in the good old home? I get letters from my wife, but you know she is a very quiet person and seldom goes away from home, so she never can tell me any of the news or of things that happen around the town. Are you interested in coins of different countries? I am, and am making quite a collection of them, especially the Italian coins. I have got hold of a few of the church coinage, a few soldas, with the pope's head on them, and will try to get a few more to bring home for some of my Catholic friends in town. They will appreciate them as much as anything, I imagine, as I know they interest me, although I am not a church member.

## ITCHING IRRITATION EASILY CURED

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting, greasy ointment. Try Hokara, a pure and simple cream, that is guaranteed to contain no grease or acids and which is so cleanly that it does not soil the linen. Its power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous. Not only do minor skin troubles like pimples, blackheads, acne, barber's itch, etc., quickly disappear, but the worst ulcers or cases of salt rheum or eczema are cleansed and healed by this wonderful skin food. In order that any one may try Hokara at small expense, Lee & Osgood Co. are selling a liberal-sized jar at 50c, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it.
