

My DREAM Waists

A CONVERSATION OVERHEARD AMONG SOME NEW ARRIVALS

FIRST WAIST: "Oh, you here — well-well; who would have thought we should come from the same silk growers, then be separated and sent to different weavers, and then to different manufacturers, then handed to the 'chief' designed to become Crepe de Chine Waists at \$3.95, and finally come back to the same place. My, my — how small the world is!"

SECOND WAIST: "I've been only here a few days; and ever since I like me."

FIRST WAIST: "They tell me I'm the most beautiful thing they ever saw."

SECOND WAIST: "Perhaps we may be bought both together. Wouldn't that be wonderful?"

And the conversation ran — while the writer was dreaming of the beautiful Waists at \$3.95 that had just been placed on display, together with Georgette Crepe Waists at \$4.95 to \$6.95, and the "THE FERN" at \$1.00.

DANIELSON AND PUTNAM NEWS

DANIELSON

Big Pond—Boys Heard From Across the Pond—Mad Dog Registered by Goodyear—Women Canvassers Get \$25,000 Bond Subscriptions—Mill League Proposed For Baseball Season.

The Danielson coast artillery company "over there" Messages received here Tuesday morning brought the information that Captain F. E. Withee's command has passed safely through the submarine zone and that the ship that had been safely through the dangerous seas has docked at an allied port.

The receipt of the news of the safe crossing of Battery B, as the command is now known, was received here with a feeling of relief.

All interested in the company have known for the past two weeks that the company was en route to France, but nothing has been published relative to the matter because of the danger that might result to the men from publicity.

When the command left here it was known as the Thirteenth company, C. A. C. Later it was redesignated as the 24th Company, I. I. S.

What may be described as the local contingent in the command is made up of young men representing Danielson, Dayville, Goodyear, Elmville, East Killingly, Bellows Falls, Attawapung, Putnam, Brookline, Moosup, Central Village, Plainfield, Sterling and other places in this vicinity.

There are many dog owners in that town who are not paying any attention at all to the quarantine order under which they are required to keep their dogs confined, and as a result some of them will have an opportunity to explain to a justice today.

Howard S. Wood has resigned as agent of the Whitestone Worsted company, which operates the brick mill now being located over the old site.

The dog, believed to have been suffering from rabies, that was killed a few days ago at Grosvenordale, where it was straggling about the streets of that town, was identified as having been registered in this town by Joseph A. Bouchard.

Members of the fire department are well pleased over the borough's vote favorable to adding a motor truck to the department.

PUTNAM

Call For 25 Men, to Leave Beginning April 26th — Careless Owners of Dogs in Thompson to Be Arrested—Two Horses Affected With Glanders—Good Work For Liberty Loan.

Another call for men was received Tuesday afternoon by the local exaction. This will go out from this city during the five day period beginning April 26.

The number of men called for is approximately 11 per cent of the first quota asked last year from this district and is a small contribution to the 8000 men that are to be called into the service throughout the country this year.

The men will be drawn exclusively from Class I and they will be taken in accordance with the position of their order numbers.

Another call was received Tuesday afternoon from the town of Killingly, where the men will be taken in accordance with the position of their order numbers.

Following a visit to the Grosvenordale Tuesday by Howard Elliott the deputy commissioner of domestic animals, there will be several arrests in the town of Thompson today.

Two horses giving indications of being affected with glanders were killed by Deputy Commissioner Colton of the department of domestic animals of this state.

What is being done to speed up freight transportation over the New Haven road through the city is indicated by the monster locomotives that are beginning to make their appearance on the Hartford-Putnam route.

Several men who have been discharged either from the army or navy service and did not register as a result of their discharge, were in the service at that time have come forward now that they have learned that they must register, and willingly offer to do so.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Women's Use.

A visit to the laboratory where this successful remedy is made impresses upon the casual looker-on the dependability, accuracy, skill and cleanliness which attend the making of this great medicine for women's use.

Over 500,000 pounds of various herbs are used annually, and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

For Skin Soreness of infants and children you can find nothing that beats it.

Leading physicians and nurses have used and endorsed it for more than 25 years.

At a special meeting of the common council the March election of officers of the department of domestic animals of this state.

Several men who have been discharged either from the army or navy service and did not register as a result of their discharge, were in the service at that time have come forward now that they have learned that they must register, and willingly offer to do so.

Thinks Tax Sufficient.
Warden F. E. Gunnep is confident that the tax laid at the annual borough meeting will be sufficient to meet the running expenses of the town during the coming year and reduce the debt by from \$2,000 to \$4,000, if no additional sewer extensions are made.

LIBERTY LOAN COMMITTEE
List of Those Who Will Be Sold of Bonds.

The following committee has been appointed to aid in promoting the third Liberty loan in the village: Rev. W. C. Darby, Bradford Danielson, S. R. Kitchen, George Sanderson, Frank Sheldon, C. D. Sells, William Southworth and George Townley. Posters will be sent out to the English, French and Polish-speaking people of the village.

The same system that is being carried on in the local mills for employees to buy a bond will now be taken up in Bellows Falls and Grenier's stores. This will give the people who are not mill employees an ample opportunity to buy a bond by the mill system.

The town of Plainfield's allotment is \$6,000. Moosup's allotment is \$20,000. A large check will be placed in Bellows Falls store window and set according to the sale of bonds. The large hand represents Moosup's allotment and the small hand will represent the town's allotment.

Brief Notes.
Mrs. Rosilda Theroux, who was taken to St. Joseph's hospital, William, last Sunday expects to be operated on this (Wednesday).
