President Farrell Looks to Successful Season—League Will Have Teams in Toronto, Buffalo, Rochester, Syracuse, Binghamton, Jersey City, Newark and Baltimore—Other Sporting News.

New York, April 12.—Although the assembly rules committee at Albany yesterday practically decided against legalizing professional baseball on Sundays in this state, the promoters of the new International League declared tonight that they had fully organized the new circuit and everything they had promised of a successful season this year. No changes were made in the cities to which franchises had been awarded and the circuit will embrace Toronto, Buffalo, Rochester, Syracuse, Binghamton, Jersey City, Newark and Baltimore.

Four managers were named today as follows: Toronto, Dan Hawley; Buffalo, George White; Syracuse, F. J. Donovan; and Rochester, Arthur Irwin. New financial backing has been secured for the Newark and Syracuse clubs and President Farrell stated that no other applications for league membership would be considered.

ALL NORWICH TO PLAY SERIES WITH ASHLAND

First Game Will Be Played April 21—Norwich Looking For Grounds.

If the weather permits, the first of a series of three games will take place Sunday, the 21st, between the All-Norwich team, and the Ashland team of Jewett City. Manager Carpenter of the Ashland team has mounded together a very fast team and expects to clean up this year as he has Van Dyke, former Worcester hurler, to do the twirling for him. Norwich is well taken care of as to pitchers, having Bush, the best in Norwich, Farrell of New Haven, and Brooks, former twirler for Wallingford, which rounds out a very fine staff. Bunk Walsh and Ray Cushman will do the catching.

West Caulkins, Leonard, Farrell, J. McBurney, Callahan, Clabby, Wheeler and E. Caulkins for fielders will make a very fast team when they hit mid-season form.

Manager Callahan has decided to give ten per cent. of all receipts to the Red Cross. It is to be regretted that there is not a ball park in Norwich where the public could take in the game without walking railroad tracks and running the risk of being hurt.

It seems strange that other cities (some much smaller than Norwich) can boast of parks and very good ones at that, which the city has gone to the expense of fitting up for the use of their boys. Now the question is, Why can't Norwich?

The All-Norwich club would like to arrange a schedule of games with the very fastest teams in New England, barring none. Send all challenges to T. F. Callahan, 206 Main street.

DOLLARD HAS FINE RECORD AT SYRACUSE
Basketball Team Has Won 79 and Lost 14 Games in Last Seven Seasons.

No College team in the history of basketball achieved such a record as that made by Syracuse University since Edmund A. Dollard began to coach the up-State five. The noted coach's first year in 1910 was not exceptionally successful, for the Orange won ten games and won only seven. But then followed a series of victories which placed Syracuse at the peak of intercollegiate basketball.

A Message from America's Roads

SECURE certainty of service in Tested Tires. They give sure service because it is proven service. Their endurance and mileage have been proved in the one way to assure mileage to the motorist, on the car on the road.

HEARLEN to that 1918 message, the roads of America send American motorists. Last year Goodrich, launching six Test Car Fleets in six widely different regions of our country, took Goodrich Tires, and with light and heavy cars mauled them over sand, gravel and rock roads of plains, deserts and mountains, to try out—

GOODRICH TESTED TIRES

What those tires endured doubled Goodrich's pride in its tires. They fought America's roads through 4,178,744 tire miles. They conquered the roads of America in that phenomenal mileage, those BLACK SAFETY TREADS and SILVERTOWN CORDS.

Let American motorists listen to this message from America's roads. It means time and money saved them. They get lasting service with the tires that have won the title, "America's Tested Tires."

eight and was beaten only twice. It had the wonderful record of forty-six consecutive victories before being beaten by Yale last season.

On the road it won twenty-one and last twelve victories. Against intercollegiate league teams it had little difficulty scoring nineteen out of twenty-one games. Yale and Penn were the only five that stopped it, and Syracuse defeated these two teams on ten different occasions.

The total points gathered by the Orange representatives were 2,665, as against 1,812 for their opponents, an average of Syracuse, 23; opponents 19. Thirty different teams have been played during the last seven years, and of these twenty-one are still winning how they can win a game if they are to win.

It remained for West Point to be Dollard's Nemesis. Four different years Dollard took his team to the Army court and only once did he register a victory. Against Referee Dave Fitzgerald who claims he loaned George Monroe promoter of the bout \$165 which was never paid.

Lou Bogash of Bridgeport and Young Eddy of Greenwich gave the New Haven fans a raw deal in their bout there at the Mrena Monday night. A New Haven paper speaking of the "fight" said "that they are better adapted to the wrestling or boiler making trade was demonstrated at the expense of the fans." To cap the climax a deputy sheriff attached the box office receipts in favor of Referee Dave Fitzgerald.

SPORTING NOTES

Captain Jack Flynn is getting his Shore Line team into condition for their game with the Academy next Wednesday.

The latest in high school sports in the state is a challenge to the girls of Bridgeport High school by the girls of Hartford High.

Coach Tim Sullivan has a find in Bill Kidheart at shortstop. The youngster is plugging a bad hole in the Red and White infield in good shape.

With Ed McKay playing against them, the Academy rookies will know they have been in a game, even if they do win, by the time the last man is out.

Bob Kidheart, the local wrestler, is still waiting for challenges from local mat hopefuls. Challenges may be sent through the Sporting Editor of direct to Kidheart at 28 St. Regis avenue.

It was reported that Bill Hull might get a show in the infield this year, but from all present appearances he is slated for the outer garden. He is a good fielder, but weak with the stick.

Meek, one of the substitute outfielders on last year's championship team at the Academy, may get a chance in the box today. The N. F. A. team is hard up for a mound artist and any kid with a little ability can make good this year. Meek is reported to be of fair ability, but he needs a lot of seasoning.

THE CLEVELAND TRACTOR

All over the country, farmers are getting ready to put every available acre into crops. The draft has taken thousands of young men from the farms and thousands of horses have also been taken for the army. The tractor is the only solution of the farm labor problem.

The CLEVELAND TRACTOR, requiring only one man to operate it, has repeatedly demonstrated its ability to do more work in a day than three 3-horse teams and three men. It can be used not only for plowing, harrowing, seeding, pulling a mower, hay loader, etc., but the 20 H. P. delivered at the belt pulley will grind the feed, saw wood and fill your silo.

We will gladly furnish further facts, also price, upon request. Address Dept. H.
