The Bulletin Norwich, Tuesday, April 16, 1918.

THE WEATHER

The weather has been fair east of the Mississippi, but there have been showers and thunder storms from Texas westward to the Canadian boundary. It is decidedly warmer in eastern districts north of the Carolina. Showers are indicated for Tuesday in Tennessee, the lower Ohio valley and the upper lake region. The shower area will extend eastward Wednesday and probably overnight, the western portion of the middle and south Atlantic states. It will be somewhat cooler in the area of the middle and south Atlantic states. Winds for Tuesday and Wednesday: North Atlantic—Moderate north-west winds, fair weather. Middle Atlantic—Moderate west winds, fair weather. Forecast: Southern New England: Fair Tuesday and probably Wednesday. Observations in Norwich.

The following records, reported from Berlin, are for the week ending April 15, 1918, in temperature and the barometric column Monday:

Table with 2 columns: Ther. Bar. and values for Mon, Tue, Wed, Thu, Fri, Sat, Sun.

Conditions for Monday: Generally fair. Monday's weather: Fair, northwest to west winds, warmer.

Table with 2 columns: Max. Min. and values for Mon, Tue, Wed, Thu, Fri, Sat, Sun.

Six hours after high water it is low tide, which is followed by flood tide.

GREENEVILLE

Friends at Station to Bid Local Boys Farewell—Personal.

There was a large crowd at the Greenville station Monday morning to bid Edward Kendall and Lawrence Nolan farewell. The boys have been sent to Boston by the local draft board to take up special work in preparation for the government work. They received plenty of cigars and other articles of a similar nature from their friends and admirers who came to see them off.

Boys Want Ball Field.

The younger element residing on the upper end of Central avenue and Boston avenue desires to have a ball field on a field on which to play the national game. The future big leaguers had two fields this year, but they were asked to get off one by the owner, who objected to the noise, and another man put them off his pasture just on general principles. As they are very principled, as they are, they are a very useful bunch of youngsters just at present.

William Hollin Promoted.

Word has been received from William Hollin, formerly of the medical corps at Fort Jay, N. Y., that he has been promoted to mess sergeant at Fort McHenry, Baltimore, Md.

Personal.

Edward Bellefleur of Providence spent Sunday at his home here.

Walker Sharrack of Fort Terry was a visitor in the village Sunday.

Sergt. Albert Turner of Fort Terry spent Sunday at his home in the village.

Sergt. Joseph Bellefleur of Fort Terry was a visitor at his home here Sunday.

There were a number of Lisbon young people at the evening services at St. Andrew's Sunday.

TAFTVILLE

Mrs. Thomas Greenwood Receives Articles from Miss Greenwood, Now in France—Personal.

Mrs. Thomas Greenwood of Front street has received a box of trinkets from her daughter, Miss Greenwood, who is in France with the medical hospital unit. The box contained among other things two rings, two brooches, two art brims, small vases, and two raffia mats, all made by the wounded soldiers. There was also a letter from Miss Greenwood in the hospital where she is stationed. Some of the articles are marked "made by wounded soldier." All the writing is in French. Some names on the articles are Soldier Dagle, wounded in March, 1915, at Cerny; Soldier Benetrot, wounded in September, 1914, at Rambouillet; Soldier Janet, wounded at the Somme in September, 1914, and Soldier Gourney, who was also wounded at the Somme. The little given to the soldiers is just "Soldier" the French for soldier, probably corresponding to our "Private." The articles and picture are on exhibition.

To Relieve Catarrhal Deafness and Head Noises

If you have catarrhal deafness or head noises, get a few drops of our "Ear Relief" (strength), and add to it a pint of hot water. Take it four times a day. This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing into the nose, and it is pleasant to take. Anyone who has catarrhal deafness or head noises should try this prescription a trial. Lee & Osgood.

A Cold Proprietary

When you are wheezing and sneezing, coughing and hawking, you're facing a cold proprietary. Handle it right. Hales Honey of Horehound and Tar quickly relieves bad colds. All druggists, 25c. a bottle.

NO OPPOSITION TO SEWAGE ORDER

None of Three Property Holders Affected Appear at Hearing Before Court of Common Council—Claim of William Trachtenberg Disallowed.

As none of the three property owners named in the petition ordering new granite sidewalks presented by the public works committee and accepted by the court of common council at their hearing on April 1 appeared at the hearing called for Monday night in the council chamber, the hearing was opened by Mayor Allyn L. Brown and immediately declared closed and the resolutions ordering the sidewalks were adopted.

The property owners affected follow: Western side of McKinley avenue and south side of Rockwell street, John A. Rockwell, trustee. Southern side of Rockwell street, Mrs. H. Osgood and Martin L. Osgood.

After the sidewalk matter had been disposed of, Alderman Guy B. Dolans, reporting for the finance committee, recommended that the claim of William Trachtenberg for damages as the result of a fall near the old Ucasas Bank building be disallowed.

Mayor Brown said that the fall occurred about 7:30 o'clock in the morning and immediately after, considerable rain had fallen and the finance committee felt that under the circumstances the city was not liable.

The quarterly report of the auditing committee of the water department was presented, accepted and ordered printed in the council journal.

The following petitions were granted: From John O. Johnson for permission to erect a gasoline pump in front of 109 Franklin street.

From C. W. Fendleton for permission to transfer his gasoline pump in front of 35 Broadway. Petition was granted, provided Mr. Fendleton repairs sidewalk in front of 35 Broadway.

From W. E. B. Ring for permission to cut down one tree and to trim another tree in front of No. 50 Grove street. Referred to the tree warden.

From W. E. Perry and a number of others asking that Franklin street be flushed every night during the summer and early fall. Referred to the public works committee. Councilman Charles H. Carney said he thought it would be a good idea to flush Main street from the Marguerite building right through to the West Union building and also to flush the sewer pipes. This is \$40 more than the council voted last year.

The council then voted to contribute \$200 to Seaside Park, No. 1, G. A. P., to help defray the expenses connected with the appointment of more than the council voted last year.

A formal notification of the public utilities hearing on the West Thames street water department was presented, accepted and ordered printed in the council journal.

BOUNDED OVER FOR ASSAULT ON WOMAN

Tony Cosmo Held For Criminal Court By Justice of Peace Smiddy.

Charged with assaulting Mrs. Frederick Hamilton in a lonely spot in Montville late Sunday night, Tony Cosmo of Pawcatuck was on Monday afternoon bound over to the criminal court of the superior court when presented before Justice of the Peace Smiddy in Montville.

Mrs. Hamilton was employed as a housekeeper by Charles Johnson of Montville, was assaulted near the Johnson home at 13 o'clock on Sunday night. She was knocked down, her clothes torn and her body bruised.

Mrs. Hamilton boarded the 8:45 o'clock car at Norwich to go to her home. She alighted at a point only a few yards she was seized from behind and pushed into the bushes.

John was standing in front of the home with a lantern for he was coming to see the arrival of the housekeeper. Finally, when Mrs. Hamilton reached her home she related her experience to Johnson, who secured a warrant against Cosmo for assault and conduct a search for the fellow. While plans were being made to capture the man an automobile en route to New London was stopped and inquiry was made as to whether the driver had observed a man in the highway headed toward the station.

The driver recalled having passed a car, presumably a foreigner, but a short time before.

The car was then headed for Norwich and Johnson and some of his friends started for New London to have made the attack was overtaken. When inquiry was made as to his movements within a short time he stated that he was in the vicinity of the home of friends. He declared that he came to Montville to see his mother, who was in the home of friends. He stated that he alighted from the car near the which had crossed, but the statement was proven false when a passenger who had been on the rear platform of the car and who had joined the party of searchers, contradicted the statement showing that Cosmo was not on the car and that the car did not stop at the crossing.

When the car which left New London at 10 o'clock was back to the car that Mrs. Hamilton had been a passenger on the conductor was inquired as to what Cosmo had been doing on the trip to New London. The conductor declared that Cosmo boarded the car at Norwich and alighted at the next stop, New London, but alighted at the next stop, following the departure from the car of Mrs. Hamilton.

The false statements by Cosmo, together with incriminating circumstances caused Deputy Sheriff Michael Hitcher to take Cosmo into custody.

HOD CARRIERS AND LABORERS STRIKE

Former Ask Fifty-Five Cents an Hour and Thirty-Five Cents.

Because of a wage difficulty a number of hod carriers and laborers employed by Norwich contractors left their jobs on Monday pending settlement of the controversy. Several of the striking workmen went back to work during the day, however, as they reached a satisfactory agreement with their employers. The others are still out.

The hod carriers are demanding 55 cents an hour and the laborers 50 cents an hour. It is understood that the contractors have offered the hod carriers 50 cents an hour and the laborers forty-five cents an hour. It is expected that the strike will be settled shortly.

Ground Glass Score.

Another ground glass score occurred Saturday when Mr. and Mrs. Robert Thomas of Norwich, that their young son had eaten jelly which contained the glass. Dr. Harper was called but it was found that the ground glass was crystallized sugar.

REGISTRATION OF ALL PLACES OF AMUSEMENT

Provided For Under Rules Adopted by Bureau of Internal Revenue.

Registration of all places of amusement, admission to which is subject to the war tax, is provided for under the provisions created by act of Congress, Bureau of Internal Revenue with the approval of the secretary of the treasury, says a statement issued by James J. Walsh, internal revenue collector.

Every person, corporation, partnership, or association, including ticket agencies, operating a place of amusement on admissions must on April 1, 1918 (and if not engaged in business on that date within ten days after enactment of the act) file in the office of the collector of internal revenue of the district in which the place of amusement is located an application for registration on Form 705 setting forth the full name of each person or persons, the address of each with street, city and state.

Dandruff Scapls

Lead to Baldness

If you have dandruff you must get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't.

Dandruff heads mean faded, brittle, gray, scraggly hair that finally drops and falls out—new hair will not grow—then you are bald and nothing can help you.

The only sure way to abolish dandruff for good is to destroy the germ that supplies all hair needs—dandruff, that causes it. To do this quickly, surely and safely, and at little expense, there is nothing so effective as Parisian sage, which you can get from good druggists everywhere. It is guaranteed to banish every sign of dandruff, stop itching scalp and falling hair, and promote a new growth of hair, the cost, small as it is, will be refunded.

Parisian sage is a scientific preparation that supplies all hair needs—an antiseptic liquid neither sticky or greasy, easy to apply, and delicately perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, you must use Parisian sage. Don't delay—begin tonight—a little attention now insures abundant hair for years to come.

Note: Parisian sage positively will not color or streak the hair. Lee & Osgood will supply you.

WAR WORK DONE BY BOY SCOUTS

Governor Helcomb Makes Public Letter From Chief Scout Executive.

Governor Marcus H. Helcomb has made public a letter which he received from James E. West, chief scout executive of the Boy Scouts of America, setting forth the work which is being done by Boy Scouts.

"Unfortunately the very success of the Boy Scout movement has led to the neglect of the work which is being done by the organization. It is my hope that the public will be interested in the work which is being done by the organization and that it will be able to help in some way through confusion with the regular organization."

"We have been reliably informed that the U. S. Boy Scout organization has paid commissions ranging from 40 per cent to 75 per cent, for financial aid. Just at present they are engaged in a campaign to underwrite the strength and success of the Boy Scouts of America. We know many people have been used by that organization without authority, and in some cases through confusion with the regular organization."
