

### Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1913 I was attacked by muscular and inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedies after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and I have never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is just offered you free? Don't delay. Write today.

Mark H. Jackson, No. 312, Gurney Bldg., Stratford, N. Y.

Mr. Jackson is responsible. Above statement true.—Pub.

### The Bulletin

The April meeting of the Manchester Chamber of Commerce will be held in the Recreation Center Monday evening and is to be a victory rally for which the celebration of speakers will be Rev. William A. Keefe, of Plainfield.

In Tolland county the county agent has been enabled through the war emergency census reports to place the best seeds with farmers who were planting their spring wheat and who otherwise would have been unable to get it.

Men here Supt. Mansfield of the Learned Rescue Mission at Y. M. C. A. Sunday at 3.30 p. m.—adv.

Uncollected farms in Connecticut and those for sale or to rent have been located by census methods and steps are being taken to utilize these farms this season because of the patriotic necessity of securing food from all tillable land.

A copy of "The Stars and Stripes," the paper published by the American army in France, has been received by Mrs. A. A. Sparks, of Fairmont street, Norwich, from her son, Earle L. Sparks, who is with a machine gun battery overseas.

The Westerly Sun is interested in the fact that Walter P. Moran was wounded in France six weeks ago. It is improving, noting that his father, John A. Moran, of Norwich, for a number of years conducted a hat store at the corner of Broad and High streets, Westerly.

Norwich relatives are interested in the fact that Mrs. Christopher Moran of Mystic has gone to Chicago to meet her husband and together they plan to attend the wedding of their son, Christopher Lynton and Miss Pillsbury of that city (Saturday) afternoon at four o'clock.

An order has been issued by the public utilities commission extending the time for the construction of gas pipelines in the state to erect at grade crossings warning signs furnished by the railroad companies. The law was passed at the last session of the general assembly.

#### PERSONALS

John Carlton of Norwich was a business visitor in Danbury early in the week.

Mrs. Hector McConnell and Master Donald McLean visited recently with relatives in Norwich.

Mrs. George Partridge of Norwich has been the guest of Captain and Mrs. J. H. Slatore, at Lord's Point.

Mrs. Walter Bussey and daughter, of Norwich, are visiting Mrs. H. E. Hawkins at West Gloucester, R. I.

#### ASK POSTMASTERS TO HELP LAW ENFORCEMENT

On Sale of Explosives—Notice Is Sent to Postmaster Here.

A copy of the President's Proclamation and the rules regulating the sale and handling of explosives have been received by Postmaster John P. Murphy, who is notified to post in a conspicuous place in the post office lobby.

The directions further state that so far as it may be practicable to do so without interfering with the Postal Service, it is desired to cooperate with the Bureau of Mines in the enforcement of the law regarding explosives, and to this end postmasters and their employees at first, second, and third class post offices, as well as those who may designate are directed to familiarize themselves with the rules and regulations on explosives so that they may be in position to render effective and intelligent cooperation by furnishing promptly correct information in response to inquiries on the subject.

Any reports or information relating to explosives which postmasters have reason to believe would be of assistance to the Bureau of Mines in administering this law should be submitted to this bureau (Division of Post Office Service), which will make prompt reference of the same to the assistant to the director in charge of explosives, Bureau of Mines.

#### LIBERTY POEM FOR HOME MISSION MEETING.

Broadway Congregational Church Society Held Its Annual Meeting.

Not a four-minute Liberty loan speech, but a two-minute Liberty poem, Mrs. Edward D. Fuller, president, said she would bring to the meeting, when she opened the annual meeting of the Home Mission society of the Broadway Congregational church on Friday afternoon in the parish hall, which she read an interesting poem entitled Buy the Loan, written by an author by the name of Hale.

The annual reports were given and in the annual report of the registrar mention was made of the great regret felt at the departure of Rev. and Mrs. E. S. Worcester for Madison, Wis. For many years Mrs. Worcester has been secretary of the society.

An interesting story of the Hinman school in Kentucky was read by Miss Sarah Leavens and part of the time of the meeting was occupied in sewing for the Red Cross. Tea was served, the Camp Fire Girls acting as waitresses.

The Home Mission society of the Broadway Congregational church united in the meeting, and the election of officers was deferred until the fall, when the activities of the United church will be fully under way.

#### GIVEN COMFORT KIT BY NEWSPAPER ASSOCIATES

City Editor of Bulletin Is Going Into Army Service.

Joseph J. C. Broadhurst, city editor of The Bulletin for the past two years, was given a comfort kit on Friday afternoon by his associates on the staff upon severing his connection with The Bulletin to go into army service. He has enlisted for clerical duties and is anticipating the call to active duty soon after the first of May.

Mr. Broadhurst entered the employ of the Red Cross in the editorial field while still a student at the Academy just before graduating in the class of 1912 and after five years of experience in that line became city editor. He has commendable enterprise and ability in the newspaper field and the best wishes of all the staff go with him in the service of his country. He will be succeeded as city editor by Charles F. Whitney, until recently connected with the New London Telegraph.

#### THRIFT STAMP PRIZES AT WHIST BY OWLS

Fifteen Tables Were Played and Refreshments Were Served.

Norwich Nest of Owls held a successful whist Friday evening in Owls' hall with fifteen tables playing. The prizes were awarded as follows: Ladies, Mrs. Miss Marie Deane; gentlemen, Mrs. A. J. Wholey; consolation, Mrs. F. Q. Smith. Gantlemen—first, Everett Miller; second, T. Beckwith; consolation, Sam Wolfson. The prizes were books of thrift stamps of varying amounts. Refreshments were served.

#### SORORITY DANCE

Delta Upsilon Phi Members and Friends Enjoyed Delightful Evening.

A well attended subscription dance was given Friday evening at the Chamber of Commerce hall by Delta Upsilon Phi sorority of the Norwich Free Academy. A programme of music and dancing was enjoyed, music being furnished by Johnson's Society orchestra.

Mr. and Mrs. William S. Elliott were chaperons. The committee in charge of the dance was Miss Ruth Loring, chairman; Miss Lillian Karkutt and Miss Edith Wilson.

#### FUNERAL

Cornelius Shanahan.

The funeral of Cornelius Shanahan who was killed in Hartford, on Wednesday, took place from the home of his aunt, Mrs. P. F. Kelley, of Asylum street, Friday morning. There was a large attendance among whom were relatives from out of town. At the graveside in St. Patrick's church, Rev. Peter J. Cuny celebrated the requiem mass and Prof. F. L. Farrell presided at the organ. The bearers were Patrick J. Kelley, Bridgeport, Henry D. Sullivan, Harold Coulman and Joseph P. Cummins. Burial was in the Catholic cemetery.

Undertakers Cummings & Ring had charge of the funeral arrangements.

#### Old Library Notes.

A book which will meet with favor entitled "United States Rifle and Machine Guns" is one of the recent additions at the library. The book is by Colonel and Major and is considered one of the best technical books written for the past month the library has had both the Third and War Stamps, for which they are having a gratifying sale.

In response to the call for books for the Soldiers and Sailors, the Library has now 410 books on hand and more will be welcome. The books will be sent to their destination as soon as orders and address are received from the state.

### "MILITARY HIGHWAY" NAME FOR ROAD

#### Selected by Chamber of Commerce Directors For Improved Road From Norwich to Submarine Base—Propose to Have Formal Opening When Road Is Completed—Housing Need in City Needs to Be Met—Secretary Branch's Monthly Report.

"Military Highway" was the name selected Friday night by the directors of the Norwich Chamber of Commerce to be conferred upon a new and improved highway to be constructed from this city to the submarine base on the Thames river. Suggestions were made by the Chamber of Commerce outing should be held on the day that the road is formally opened after the state highway department has completed the work of putting it into condition, and possibility of having the occasion given more than the usual official recognition by the presence of Secretary of the Navy Josephus Daniels and Governor Marcus H. Holcomb were discussed.

In connection also with the building of "Military Highway" it was decided that the Chamber of Commerce should put in a claim to be considered for that city's offer of land for a new year by the Norwich society in New York for the accomplishment that could be considered of the greatest benefit to Norwich.

This was the monthly meeting of the directors held in the Chamber of Commerce building, President Frederick W. Cary presiding.

The matter of road discussion also brought up the condition of Laurel Hill avenue from a salt pond to the city limit and the Taville road from Mulholland Hill to North Main street, and it was voted that the city be asked to take up the matter of widening these two stretches of road in view of the constantly increasing travel that will use them with the opening of "Military Highway."

It was reported that the housing situation in Norwich continued to be a serious question and that there was practically no room for dwelling available to rent in this city, so that it was hoped that public spirited citizens would take up upon themselves the responsibility of erecting more dwellings. From a report received from the southern end of the county, it was stated that people were living in tents in Groton and Noank this summer and it could not be forecasted what would be the situation by the time the summer season opened.

The directors voted to pay the \$5 prize to Frank L. Wheeler of Norwich Town as first prize for New London county and the \$25 prize to the committee meeting in Hartford last February.

Treasurer Arthur L. Peabody submitted a comprehensive and detailed report of the financial condition of the chamber from December to the present time with recommendations for future years.

Those present at the meeting were President Cary, Secretary Herbert R. Branch and Directors, Messrs. W. H. Crickshank, A. L. Peale, S. B. Palmer, George H. Young and C. W. Perkins.

#### Secretary's Report.

Aside from giving attention to the regular duties of the office, your secretary wishes to report that the Chamber of Commerce has been extremely busy during the time that has intervened since the last meeting of the board.

March 16th a special committee of the chamber entertained the board of trustees of the state farm for women at the Wauregan hotel, where a noonday luncheon was served to some fourteen of the committee and their guests. The party later took an automobile to the premises of the residential sections of Norwich and over the New London turnpike, where several prospective sites for said residential sections were viewed. Subsequent date the chairman of the board, Prof. William B. Bailey, took the matter up with this office by letter, and the subject was discussed at the committee, all of which was arranged. Prof. Bailey very clearly and candidly explained the position of his department in relation to the matter in the manner in which the committee of the Norwich chamber had handled the subject, and at that time gave us to understand that the management favored the site at East Lyme.

Since the March meeting your secretary has been appointed assistant director of the Chamber of Commerce in New London county. This requires a great amount of organization work and correspondence, it being necessary to keep in touch with the various municipalities in New London county through their chairmen, to help organize a state campaign which is to be launched early in June.

March 22d State Highway Commissioner C. J. Bennett accepted our invitation to come before the open meeting of the Chamber of Commerce, coming to Norwich upon that day and accompanying a special committee of the chamber, together with the president and secretary, to the site of the Groton highway, after which the commissioner attended the open meeting of the chamber, evidence which has been accumulated by the chamber and presented at this time. On April 1st we received a letter from the commissioner stating that the highway was to be built and that the work would be started and pushed to rapid completion as soon as the contract has been let and the contractor is now on the job.

Because of correspondence between this office and the Norwich-New York Propeller company we became acquainted with the Kay Steamship company of New York city, resulting in the latter company placing the Eugene C. Hart on the Norwich line. A great deal of time has been taken up with getting this company started, several meetings the various officers of the company were held, at which Kay, president of the Kay Steamship company, attended, and requested assistance of the chamber of Commerce in securing a suitable terminal in Norwich. He stated that he had secured a terminal in New York and services in St. Patrick's church, matter in Norwich. Matter was taken up through a special committee of the chamber and has been worked out to a satisfactory conclusion.

Your secretary took up with the secretary of the New London Chamber of Commerce the need of his organization of the Soldiers and Sailors, the Propeller company and securing independent docking privileges in that city, all of which have been assured will be attended to.

The chamber, through the retail merchants' bureau, has secured direct telephone service to Groton, Norwich and the submarine base. This was made necessary because of the great delays in getting toll line connection through the New London exchange, which the base is located. The service has been installed and the money, \$210, has been raised by the bureau to pay for the same for one year.

At the suggestion of the president, we have furnished five copies of the Norwich City Directory to the following: The Soldiers and Sailors, the Liberator, U. S. submarine base, state pier, U. S. experimental station, New London Ship and Engine company, Groton Iron works, all of whom have expressed their appreciation for the same and have promised to consider the available tenements for contractors as being given out.

At the request of Commander John Rodgers of the submarine base, we canvassed the available tenements for housing officers, resulting in but six available tenements being reported, with the possibility that these are taken by the time the base is opened.

April 1st, organized the home garden bureau staff, appointing Charles A. Hasberg, as supervisor and Miss Gladys Crombie, as stenographer and bookkeeper. While this comes directly under the war bureau, I feel that it is a subsidiary of the chamber and we should have due credit for the same. Teams have been engaged to do the seasons plowing and upwards of 35 applications have been received for plots. Pledges of land are coming in every day, two ten-acre plots having already been gratuitously pledged to the bureau.

In reply to a letter sent to Louis E. Stoddard, vice president of the Marlborough-Rockwell company, assurances have been received that the New London plant will be run to full capacity at least during the period of the war. The moving of machinery from Norwich to New Haven was done to increase efficiency in Norwich.

Secretary has given such assistance as he was able toward the centralization of New Haven as far as possible. He has been held by a committee appointed by the retail merchants' bureau to recommend man as foreman to form a working plan whereby all merchants could pool their deliveries. Advertisements in the daily papers were secured for the purpose of reaching individuals or firms to care for the same, resulting in several showing interest in the matter, and the committee of New Haven was engaged in working out details.

Received telegram from United States Chamber of Commerce requesting us to recommend man as foreman of brass foundry and another as manager of machine shop. Such men were secured and their names furnished to the United States Chamber. Letter of appreciation has been received at this office from the national chamber.

We have been in correspondence with C. A. Call of the industrial bureau of the New York, New Haven and Hartford railroad, Boston, Mass., who is building a home for the Groton building plant in this vicinity. Proper site has been secured and the same recommended to Mr. Call.

At the request of Cross & Brown company of New York (brokers), we have secured their acceptance of our invitation to come to Norwich and make over factory sites for industries who are their clients.

Took up with the New London Chamber of Commerce proposition of establishing a home for the disabled on the shore, with the result that the hospital has been established at White Beach.

Engaged at the present time as a member of the Liberty loan committee to see that every member of the Chamber of Commerce purchases a bond of the third Liberty loan.

Have agreed to assist in the organization work of the Red Cross campaign which is to take place in May; we have pledged to take every man, woman and child in the city to the front in Norwich in behalf of this campaign.

Taken up with the general superintendent of the Adams Express company in Boston the need of installing express service on a s. m. train between Groton and New London, in order that submarine base may receive by early train all goods ordered the day before from Norwich merchants.

#### BELGIAN MACHINE GUN IS ON EXHIBITION

#### At Red Cross Rooms—Has Seen Actual Service at Dixmude-Ypres Sector.

Another machine gun is exhibited in Norwich. This time it is one which has seen actual service against Kaiserism. The gun is shown in the window of the Red Cross room at the Thayer building and is a Belgian trench gun which has been in service for one year.

This gun is of the type that can be shot from the shoulder, but in the trenches the gun is placed between the sandbags and is shot through the sanded wire entanglements. It has seen service on the Dixmude-Ypres sector.

The gun can shoot at the rate of 500 shots per minute with velocity of 2,000 feet per second up to 75 feet. The method of loading is somewhat different from the majority of machine guns, as the cartridges are in clips rather than in the belt form. The gun attracted much attention on Friday.

RENDERS DECISIONS ON DOCTOR'S CHARGES

Commissioner Chandler Awards Dr. E. P. Douglas Pay For Eleven Cases.

George B. Chandler, compensation commissioner, before whom were presented the claims in charges made by Dr. E. P. Douglas of Groton in eleven different cases in which the doctor rendered medical attendance to injured workmen, has rendered his decisions which award the doctor a total of \$222.

The largest sum on any one case is \$110, the others being for comparatively small amounts. They cover the following cases:

Earl Lewis, employed by H. R. Douglas, Inc., of New London; Peter Johnson, employed by H. R. Douglas, Inc., of New London; Thomas Kleley, Peeli Azinay, Willis Martow, Walter Frank Fisher, all employed by the Groton Iron Works.

#### SEEKING SHOES FOR SUFFERING RUSSIA.

J. N. Rosenberg Receives Appeal—Ten Million Pairs Needed.

J. N. Rosenberg has received a letter from N. Spieski, secretary of The Ten Million Pairs of Shoes for Suffering Russia committee in Chicago, requesting that he appoint a committee to collect shoes and arrange to have them sent to Russia for those who are suffering from the want of footwear. The committee states that it will accept any kind of shoes as arrangements have been made to have the old shoes repaired.

#### VOLUNTOWN LEADS TOWNS IN COUNTY.

Has Oversubscribed Its Liberty Loan Quota About Four Times.

Voluntown promises to lead the towns of New London county in oversubscribing its quota for the third Liberty loan, as Robert E. Frazee, special representative of the federal reserve bank in Boston, reports that the town has subscribed about four times its quota of \$5,400. Montville has subscribed about three times its quota of \$12,000. Bozrah has likewise gone "over the top" on its quota of \$12,000.

#### INTRODUCE MODEL OF CADY-MARSH BUILDINGS.

Attorneys Argue All Day Over Admissibility of Defendant's Exhibit.

Attorneys in the \$40,000 suit of Huber & Chittenden of New London against H. R. Douglas, Inc., and D. S. Marsh were engaged in arguments all day Friday in New London in the superior court for and against the admission as an exhibit of a wooden model of Marsh and Cady buildings as they stood before the tearing down of the former and the collapse of the latter. The model was introduced by the defendant in opening its case after two motions for non-suit had been ruled against by Judge Gardner Greig.

#### Methodist Pastors' Service Flag.

A large service flag with 38 stars, three red triangles and one red cross, representing six pastors and 33 relatives of pastors engaged in war service was dedicated by the New England Southern Conference of the Methodist Episcopal church in session at Providence this week. Bishop Richard J. Cooke, in a patriotic address, said there was but one religion today—following the flag. He declared there was no crime in the record of criminology of which Germany could not be accused.

#### Niantic Against Sanatorium.

The Niantic Chamber of Commerce held a meeting Friday night at which protests were voiced against the location of the children's tuberculosis sanatorium on the White Beach hotel site which has been purchased by the state for that purpose.

#### Dog Owners Are Slow.

Owners of dogs are very slow in taking out licenses for them at the town clerk's office. Although there are about 1,400 dogs to be registered and only the rest of this month to do it in, only about 275 licenses have been taken out yet.

#### Supernumerary on Duty.

Policeman Myron O. Morgan was compelled to be off his beat on Friday night on Friday night. Supernumerary John O'Neill took his place.

#### New London Shows \$497,200.

Liberty bond subscriptions in New London have reached the figure of \$497,200. They were \$40,950 on Friday.

#### INCIDENTS IN SOCIETY

Miss Della Leavens has returned from a visit in Philadelphia.

Mrs. John Carney.

The death of Katherine McGuire, wife of John Carney, occurred Friday evening at her home in Oakdale, which was her home for many years. She was seventy-one years old and the daughter of John and Annie Dugan McGuire. She came to this country with her parents and was married in marriage with John Carney, who with one son, and one daughter, survive her.

#### Unclaimed Letters.

The list of unclaimed letters in Norwich Postoffice week ending April 19, 1918, is as follows:

Thomas Carroll, Ella Ervine, Mrs. H. P. Larkin, Mrs. Rosan Robeage, Daniel J. Rodgerson.

The Parish House Association of Park church, Mrs. F. S. Bunnell president, is to work at the Red Cross room this afternoon.

#### Bulletin's Pattern Service

A SIMPLE HOUSE DRESS.

This model is splendid for gingham, chambray, linen, lawn or percale, and also nice for gabardine, flannel, cashmere and challis. The closing is at the center front and the fullness is held at the waistline, over sides and back, by a belt.

The pattern is cut in seven sizes: 34, 36, 38, 40, 42, 44 and 46 inches, bust measure. Size 38 requires 4 1/2 yards of 36-inch material. The skirt measures about 2 1/2 yards at the foot.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps or 46 inches, bust measure. Order through The Bulletin Company, Pattern Dept., Norwich, Conn.
