MEDICAL ADVISORY BOARD
Completes Findings Wednesday in Five Cases Submitted Tuesday.

The findings of the medical advisory board in the five cases which were submitted to them Tuesday afternoon were completed Wednesday and are as follows:
Passed: Napoleon Peltier and Louis H. King.
Limited service: George B. Hayes and Charles McCarthy.
Rejected: William C. Poirier.

Chamber of Commerce Meeting
About 100 members of the Willimantic Chamber of Commerce attended the meeting Tuesday evening. A supper was served by the women of the Congregational church and the business meeting followed. President Frank H. Foss presiding. Valentine Murphy gave a short talk on the coming thrift stamp campaign in the stores, and reports of different committees were read. Henry T. Burr gave an interesting and much appreciated address on Victory or Servitude.

Only One Bid Submitted.
Only one bid was submitted to the water committee, Tuesday evening, by A. G. Ground of this city. His price was \$1 a ton for ice on the scales and 50 cents a ton for the ice in the houses. The members of the committee discussed the proposition until late Tuesday evening and decided not to accept the bid as the city would lose money on it.

Encountered Submarines.
J. F. Lacy, who is in the United States transport service, making eight trips across the Atlantic, is visiting his parents in South Coventry. Submarines were encountered on several trips but were disposed of, some with guns, and some with depth charges.

Case Continued.
The case of Beuno Baker, charged with assault, was continued until Thursday morning by Judge Foss in the police court Wednesday.

Lebanon Property Attached.
Papers were served on Abe Buntman of Lebanon for civil action brought about by Hyman Chasen of this city for a note for \$20. Property valued at \$25 was attached. The case will be heard by Justice of the Peace Curtis Dean, Saturday morning, May 18.

men on bases, Hevrin of the Sophomores smashed a hit into center field, good for two bases, bringing the two men in. Flye runs were scored this inning. Sergeant Paul Morrison umpired.

Baby Contest Today.
The weekly meeting of the baby contest will be held at the domestic science room at Natchaug Grammar school on Jackson street, this afternoon.

BODY OF UNKNOWN MAN FOUND IN WILLIMANTIC RIVER.
Was Clothed in Light Apparel, and Indications Point to Suicide.

The body of an unknown man was found in the Willimantic river about half a mile below Bingham's bridge Wednesday afternoon at 1 o'clock by Fenelon McCullum, aged 16, and Merritt Smith, an elderly man, while they were rowing down the river. In the opinion of Medical Examiner W. L. Higgins of South Coventry it was a suicide. There was nothing in the man's pockets and he wore only light clothing.

When the two men discovered the body they notified Selectman Wilcox of Eagleville, who went to the place with John Curley in a canoe, and placed the body on the bank, and then called Medical Examiner Higgins. The body was not badly decomposed. Just how long it was in the water cannot be decided from the condition of the body, but was probably two or three weeks.

The man was evidently about 40 years of age, was bald with a stubby mustache. The fact that his pockets contained no personal belongings might indicate suicide. He wore a vest with no coat, and a light shirt but no undershirt, snap trousers and nearly soled shoes.

Soon after the discovery of the body Dr. Higgins started out on several clues as to the man's identity. The place where he was found was about a mile from the Mansfield state hospital and he tried to get into communication with the hospital, but the telephone wires went out of order. No one of the man's description had disappeared from Eagleville or the Norwich insane hospital. The man resembled one of the two Germans who were arrested in this city last winter for alleged distribution of German propaganda, but the Springfield police notified Dr. Higgins that they were seen alive on the streets a few minutes before he telephoned.

TEACHER OF ENGLISH AT LOCAL HIGH SCHOOL
Leaves to Enter a School in New Jersey—Resignation Read at Board Meeting.

The regular monthly meeting of the town school board was held in the selectmen's office Wednesday evening. The regular meeting was preceded by an executive meeting of the teachers' committee.

The first thing taken up at the regular meeting was the matter of high school teachers. Superintendent Case was in vain search for teachers over New England. He presented the resignation of Miss Hazel Patridge, teacher of English at the high school, who is to teach in New Jersey. He recommended that the contracts of new teachers require them to enroll in the Teachers' Retirement association (required by law) and agree not to resign to enter other school work from June 15 to the close of the school year, and that the contract be for the school year instead of a certain number of weeks. Mr. Case's proposed changes in contracts were referred to the teachers' committee.

In the matter of school janitors, he recommended that all present janitors be reappointed for next year at same salaries, with assistant janitor at high school salary increased to \$18.50. Because of war conditions, it was voted to give all boys a diploma who enter the service if their marks are satisfactory. It was decided that Mr. Case hold the power. Chairman F. E. Guild was elected to present the diplomas at the high school graduation. H. C. Lathrop at the Natchaug school and Thomas J. Kelley for the model school. The graduation will take place on the 19th and 20th of June.

Dr. Fred M. Smith, who has enlisted in the medical reserve corps, was granted a leave of absence for the balance of his term as school physician. Dr. Michael Riordan was elected school physician for the balance of the year.

Knows Where Trout Brooks Are.
Dennis Barnett, R. F. D. carrier, certainly has good vision for "seeing things," particularly trout. Wednesday about 1 o'clock he quietly departs with an air of determination—also a fishpole. In about four hours he returns with ten handsome trout, the largest of which weighed one pound; the combined weight was over five pounds. Only a few weeks ago he performed the same feat with equal celerity. The first lot is said to be caught in "Wallow" brook and the second in "Wallow" brook. The location of these brooks is known only to the angler!
