WAGE ADVANCE

Received By About 5,000 Mill Workers Beginning Monday.

About 8,000 Willimantic mill workers received a wage increase, which took effect Monday morning. This occurred in two mills, the American Thread company, which gives fifteen per cent, and in the Quinick-Windham company, which will probably also be fifteen per cent.

This is the sixth raise in the thread mill since February 4, 1918, a total of about 90 per cent. of the wages at that time. About 2,500 employees in the thread mill are affected by this raise.

Water B. Knight, who is the Willimantic agent for the Quinick-Windham Manufacturing company, would not state the amount of the increase but said that it would be the same as that of the company's mills in Fall River, which is fifteen per cent.

May Glimpses Mail Airplanes.
With airplane mail service between New York and Boston planned, there is a possibility that people in this vicinity may see some of the planes, as Willimantic is situated nearly on a direct line between New York and Boston.

Only a few miles west of Willimantic on the Hartford state road is the telegraph line from New York to Boston which is in a direct line between the two cities. The service which was to have started Monday was delayed on account of an accident.

Mean Trick at Polish Rally.
At the Polish war rally, Sunday evening, one of the people present placed a circular piece of sheet brass, the size of a half dollar in the collection which was taken for smokes for the Poles in the army.

When one of the officers was told of this, he denounced that class of men, and although he did not know who he was, some of the people in the audience claim they do. The recruiting officer said that the man was working for the Kaiser as surely as the Germans who sunk the Lusitania, and he deserved a similar medal.

Threatened to Shoot Someone.
Fred People of this city was before Judge Foss in the police court Monday, charged with breach of the peace and intoxication, and pleaded not guilty to both.

Lieutenant McArthur, who arrested him, said that a woman in the house said that People had threatened to shoot the first person who went up.

MUCH RHEUMATISM
Local Druggist's No-Cure No-Pay Offer Attracts Many Sufferers.

If there are any rheumatic sufferers in town, who have not availed themselves of Lee & Osgood's generous offer, they should do so at once.

They state that if Rheuma, the guaranteed prescription for rheumatism, does not give relief, they will return the purchase price without any quibbling or red tape.

Rheumatism is a dangerous disease, and anyone who has the slightest faint of it should drive it from the system as soon as possible. Read what Rheuma did for this sufferer:

"For five years I suffered with articular rheumatism, having bunions on my elbows, feet and wrists. I took everything I could get, with no relief. I saw your adv. and was greatly improved before I had used two bottles, and was cured before I had finished the third. I thank God for Rheuma and that I am free from rheumatism today. If anyone wishes information from me I will write them. I think Rheuma is a miracle."—Mrs. Lucia Ryder, 102 Gilbert street, Syracuse, N. Y.

Good druggists everywhere sell Rheuma. A large bottle is inexpensive and sufficient for two weeks' treatment.

NORWICH TOWN
Rev. Richard R. Graham and Vestal Choir of Christ Church Provide Helpful Service at Sheltering Arms—Joseph P. Lynch Has Brief Furlough—Personal Items.

There was evening prayer and an address at the Sheltering Arms Sunday afternoon, by Rev. R. R. Graham of Christ Episcopal church. The boys choir under the direction of W. T. Habekotte sang the hymns for the day in clear, sweet voice, no other music giving quite such pleasure.

Rev. Mr. Graham explained Christ's dealings with His three would-be followers as recorded in Luke 9, 47-52. The intention was good of the one who said to the Master, "I will follow Thee whithersoever Thou goest," for his emotional nature was roused by that which he saw of success of the work.

The answer of The Christ, Who had not where to lay His head, points out the real helpings it is not easy to share. The wonderful results of the work of some missionary rouse us as enthusiasm for such work. We do not count the cost, loss of discouragement, the being ready to work when work is hard.

We should learn the lesson of promptness from the answer of the second petitioner. To the voice of confidence of the heart responds, but we put off the kindly deed. The small things in life determine final results. Christ's call insistently demands thoroughness. No man having put his hand to the plow and looking back, is fit for the Kingdom of God.
