

A TEACHER OF "NEW THOUGHT"

Believes "FRUIT-A-TIVES" Highest Result of "New Thought" in Medicine.

"I am not in the habit of praising any material medicine as I am an advocate of New Thought (akin to Christian Science) but some time ago, I had such a bad attack of LIVER and STOMACH TROUBLE that I gave up thinking I did not have it, and took a natural medicine, 'Fruit-a-tives' or Fruit Liver Tablets.

Most gratifying was the result. It relieved my liver and stomach trouble, cleared up my yellowish complexion and put new blood in my body. While I am no backslider from 'New Thought', I feel there may be times when a help to nature may be necessary, and if so, I believe that 'Fruit-a-tives' is the highest result of 'New Thought' in medicine.

PUSHING SEARCH FOR SALSBERY

Search for Samuel A. Salsberry, the murderer who escaped with Albert R. Wells, the negro, from the county jail here on Thursday afternoon, went on through Friday under the direction of Sheriff Sidney A. Brown of New London, but without result. Rumors that a man answering to the description had been seen in the neighborhood of Scotland and that he was going towards Wilimantic sent Sheriff Brown up there about 10 o'clock Friday night with a force of deputy sheriffs in automobiles and a search was made in that vicinity and the rumor run down till it was found the resemblance between the man had to Salsberry was that he limped.

The man in question reached Wilimantic about 7 o'clock and was seen by Officer Hurley, who said that he was a larger and older man than Salsberry. This man was about 5 feet 10 or 11, weight about 155, about 35 years old and had dark hair streaked with gray. He had several scars on one side of his face. Salsberry is light complexion, lighter in weight and shorter.

The run down Friday night when they got word from a Norwich man who lives in the vicinity of the jail that a strange man had been seen in Mohegan park who might be Salsberry. Captain J. T. Taylor was sent with the auto patrol warden to the park with a squad of men who searched about the pavilion and at other points but did not see him.

No reports have been received that anyone has seen a colored man resembling Wells.

UNKNOWN ITALIAN KILLED AT TAFTVILLE

Early Friday morning an Italian who works for the Fred T. Lay Co. but whose name is unknown was instantly killed in Taftville when the bicycle on which he was riding skidded on the car tracks and threw him under the wheels of a passing automobile. The accident occurred on Norwich avenue a short distance from where the trolley tracks cross the street, and the automobile which killed the Italian ended spring to avoid hitting the man crashed into a telephone pole, cutting it off a short distance above the ground. The occupants of the car, who were two sailors, William Smith of Jewett City and Paul Dibeck of Georgia, and four girls whom the sailors had given an invitation to ride to Norwich, were unharmed, either or a few seconds. The car was badly wrecked. Medical Examiner C. C. Gildersleeve was summoned and gave permission for the removal of the body to Undertaker George G. Grady. The boys reported the accident to the police and were allowed to proceed to the Submarine Base.

ARRESTING MEN WHO WALK ON TRACKS.

Many complaints from New Haven railroad men of an unusually large number of men walking on the tracks between here and Taftville lately led to the arrest of a man who was taken into action on Friday afternoon in the Taftville neighborhood, working with Railroad Policeman Reynolds, and they placed under arrest four men who were trespassing on the railroad property.

The men were brought to Norwich police headquarters to be looked up. They were identified as James J. Nanton, Nathan Hodofofsky, Stanley Borofsky, and Paul Pisk, all of Norwich. Since work has started at the compressed air dam there has been an increase in the number of men on the track as a highway to their work, and the railroad proposes to stop this.

WILL TAKE ALL CLASS 1 MEN IN NORWICH

All of Norwich's drafted men in class 1, both of the 1917 registrants and the 1918 registrants qualified for full military service will be needed to fill the quota for this city on August 25. There are at present 52 registrants of 1917 and 24 registrants of 1918 and five colored registrants in class one making a total of 81 men available. The list of names is a number of men employed on farms who will be let off until after the harvest time thus leaving about 73 men qualified for service. The quota calls for 73 men and five alternates, which completely exhaust class one in this district. For the September quota it is possible that those who have become twenty-one since last August 25 will be called upon to go to cantonments or if the draft age is extended some of the new registrants may have to go.

The man leaving Tuesday the 37th will go to Camp Greenleaf, at Lyttie, Georgia.

RETURNING FROM WEST.

A talk given by Billy Sunday at Rochester, Minn., where Billy was a patient, a visit by William H. Bryan, who came to talk about prohibition to Sunday, vast fields and stacks of wheat and corn in the west and Canada, and incipient sabotage in the burning of wheat elevators in small towns were some of the things that Rutherford C. Plaut of the Plaut-Cadden Co. spoke interestingly about on Friday evening when he was in Norwich. He was on his way to the wonderful treatment Mayo hospital, where he was operated on for gonorrhea on July 9 and July 16 with most successful results.

He has gained 22 pounds since leaving the sanitarium to which patients are sent after they have been operated upon, and he arrived at his home here on Cliff street on Thursday evening, looking remarkably well and giving all praise to the wonderful surgical skill of the Mayo.

Billy Sunday was a patient at the hospital while he was here and was operated upon for hernia the day after Mr. Plaut was operated upon. When Mr. Sunday came to leave he consented to speak to the patients who could gather to hear him. In characteristic Sunday way, he voiced the thoughts of many when he said in his opening words that the Mayos were the only people who could keep the crops from the floor and the choir from singing "Lead, Kindly Light." From this Mr. Sunday went on to speak of various things, and when he reached the subject of the war he spoke of sentences that his hearers will never forget. The Kaiser, he said, is so love that he'll need an airship to take him to hell, and when Bill Hohenzollern was the Kaiser he was so love that he'd need an airship to take him to hell, and when Bill Hohenzollern was the Kaiser he was so love that he'd need an airship to take him to hell.

Noticeable as an emcee comes today the west and through Canada, today said Mr. Plaut, is the immense corn and corn crop that can be seen everywhere. The fields of Wisconsin are still long waving acres of beautiful wheat, and in Michigan the corn is stacked after stack of grain and immense fields of ripening corn. But it is reported through the west that through German agents, or in some other way, grain elevators in the west are being burned, and it is now probable that the government will arrange to place guards at all elevators in such small towns as this.

Surgical cases from all over the world come to the Mayo Bros' hospital, which had 135 patients registered on the day Mr. Plaut arrived, and it was the tenth day of his stay. His diagnosis of cases. Dr. Edward Starr Judd, one of the most skillful surgeons in the world, was the one who will remove the cancer from Mr. Plaut's stomach. Mr. Plaut is now serving on the medical advisory board at Washington.

Miss May Fields, R. N., of 22 Elm avenue, Norwich, is the wife of Mr. Jerome Mayer, a sister of Mr. Plaut, made the trip with him. Miss Fields in eight days saw 105 operations besides listening to lectures by the most eminent authorities in the world. The last of last week United States General Gorzo, U. S. A. and N. X., was at the hospital on a tour of inspection and both Miss Fields and Mr. Plaut met and talked with General Gorzo. Also at the hospital for a time was Major H. H. Lee of New London, who has since Mr. Plaut's return been transferred from Rochester to Fort Oglethorpe, Ga.

While in Rochester, Mr. Plaut's party stayed in the Kahler, a hospital and hotel combined. It was there that he gave the vote in the national color, one man at the hospital who is always giving a warm, welcoming hand and makes it pleasant for every one is a Mr. Sears, whose mother and father were born in Norwich, and he is a good care of all Norwich people. While about to be operated upon on July 9, Mr. Plaut was spoken to by (Miss) Dr. Bacon, M. D., who was an anesthesiologist, and who asked him if he knew Col. and Mrs. Charles W. Gale of Norwich. She said that she had the privilege of meeting them in China and that she would perhaps meet Mr. Plaut which before she sailed for France. She was clad in a United States officer's uniform.

The founding of the Mayo hospital had its origin in a remarkable way. For 35 years ago the little town of Rochester was swept by a tornado in which scores of the people were killed and homes and churches were destroyed. Mayo, a typical country practitioner, performed miracles of surgery on the oak table in the town hall. Four of the Sisters of St. Francis, who volunteered, assisted him in the first hundred operations he performed. The two sons of Dr. Mayo, William and Charles, were mere boys at that time, but they and the surgeon, Dr. Charles, father bequeathed to them when the original St. Mary's hospital was put up. Here the sons performed the surgical work, with the elder Dr. Mayo a satisfactory every demonstration.

At the Mayo hospital there is no difference made between the rich or poor except that those that can afford to pay for their care cannot. The hospital officials have a system whereby they find out just what a patient's income is, and the charge is based upon it.

Rochester, Mr. Plaut says, is a very busy city and it is estimated that there are 5,500 strangers in town each day. The stores do not take advantage of one and everything is reasonable. Board and room for a week is \$15 to \$14.50 per day. There are no street cars in the city, every bit of traffic being taken care of by buses, which are so equipped not to make any noise. This is the reason the city is exceptionally quiet.

Three baseball every Sunday in Rochester, theatres and moving picture houses are open and there are churches of every denomination. It is generally understood that a standing offer of Dr. Mayo is that he will pay one-half of the cost of any church that is to be erected.

Will Visit in Richmond.

Mrs. H. Douglas McKnight of this city and Miss Agnes Sebastian of Mystic left here on Thursday evening for Richmond, Va., where they will be the guests of Friday morning of Mrs. Robert H. Braugh.

In a short time, says Robinson, Skelly was which pleased to meet his Norwich friends who were the first boys from home that he has met since he has been over there.

Sergeant Robert O. Fletcher has been out with his battery (presumably for training) for about two weeks and Robinson was expecting to see Kirk Ricketts, Fred Crewell and a few more of the boys from home.

I have a charge of quite a section here at the school, the letter continues and they are a fine bunch of boys. Gathered from all over, they make out an interesting crowd. One of the fine things they have done is to turn a whole issue of their tobacco over to the soldiers in the hospital. You people at home don't realize what tobacco, real American tobacco, is to the man over here, and when men are broke financially and nearly out of smokes, with little chance of getting any more of their own for some time when they all raise their hands at the same time giving away their smokes it is something to talk about. All that was said to them about it was when they were asked how many would give up their issues. Every hand went up at the same time.
