Prince Loree Wins Another \$10,000 Stake

Columbus, O., Sept. 18.—Prince Loree, winner of the \$10,000 stake at Syracuse last week, won another \$10,000 trot here today when he defeated a field of nine in the Hoster Columbus Stake in straight heats, outstripping the slight favorite Antis Guy in the betting. Prince Loree had to stand up under hard stretch drives in each heat. One of the greatest battles ever seen on the track developed in the three year old trot, the Horse Review Futurity, which David Guy eventually won in the third heat in a wire-tire drive with Neila Dillon. The half was trotted in 1:02. This clip told, and the mile was won by David Guy in 2:07 1-4. He had a nose to spare. At no time did a length separate these game trotters in the final mile.

Belle Alcantara won the 2:07 pace in straight heats. The large field of fifteen horses in the 2:15 trot had Jack K. as the winner. Summaries: The Horse Review Futurity, three year old trot, two in three heats, purse \$5,000: David Guy (Murphy) 6 1 1 Neila Dillon (Stally) 1 2 2 Olive Faut (McCarr) 2 4 4 Miriam Guy (Hyde) 3 3 3 Miss Dewey Watts, Eleven Black and Peter Jones also started. Best time, 2:05 3-4. The Hoster Columbus 2:14 trot, three in five heats, purse \$10,000: Prince Loree (McDevitt) 1 1 1 Antis Guy (Murphy) 2 4 2 Loto Watts (R. Stout) 3 3 2 Cesar Peter (Valentine) 9 10 8 Tacota, Dick Watts, Alma Forbes, Belle Del, Royal Knight and Mignola also started. Best time, 2:06 1-4. 2:07 pace, three in five heats, purse \$1,000: Belle Alcantara (McMahon) 1 1 1 Rascal (Willis) 4 2 3 Bonnyard (Reede) 5 3 3 Carlight (Mann) 3 3 3 Margaret Margrave, Homer Lombino and Lizzie March also started. RECORD ENTRY FOR GREAT LAKES MEET Chicago, Sept. 18.—Entries for the National A. U. outdoor track and field championships to be decided at the Great Lakes naval training station next Friday, Saturday and Monday, totaled a total of 731 tonight when the last batch of blanks was received. The list is a record breaker, surpassing all expectations. Virtually every athlete of scholastic or intercollegiate prominence in the country besides a smattering of men who have made reputations as members of athletic clubs' teams, have been entered. Seventy-five per cent

of the men are in the army or naval service and will compete under the colors of twenty or more service camps. The Great Lakes station alone entered a squad of sixty, among them several national champions. The Polham Bay naval training station entered sixteen performers. Events in the junior championships, which are to be decided Friday, are open only to performers who have not won a first place in either the junior or senior championships. This ruling will keep the champions out of the first day's competition, but they will lead their squads in the senior games Saturday. Fourteen men will compete in the all-round championships on Monday, on which day the relays also will be run off. Probably twenty teams from all sections of the country will compete in the relays. Three athletes who are in the aviation service and stationed at Scott Field near St. Louis, will fly to Great Lakes to compete. Lieutenant R. W. Harwood, a former Harvard pole vaulter, will be one of the fliers.

SPORTING NOTES. The Giants and Yankees are wondering when they are to receive their world's series money. According to the rules the Giants and Cleveland In-

dians are entitled to something in the neighborhood of \$500, or almost as much as the losing club. The Red Sox and Cubs received their slices, but the other first division teams have not yet been paid off. One Giant with a sense of humor said: "I can sympathize with poor Fred Merkle. Think of him getting only \$500 for losing this year when two years ago he got \$2,500 for losing with Brooklyn. And look what he used to get for losing with us. He must conclude his share is outrageously small this year."

Lehigh university has commenced football practice. There are 15 candidates for this season's eleven and six of these were members of last fall's crew. Close observers of pugilism are of the opinion that the managers of Jack Dempsey are jockeying and that there soon will be a match between Dempsey and Fatty Meehan in which there will be a good sized purse, due to the decision Meehan got in the four round bout in San Francisco last Friday night. Freddie Welsh is said to be in Washington studying for the medical corps of the United States army. The promoter who gets Jess Willard to mix with Jack Dempsey in the ring is going to be a considerable guy, taking it from us. Trying to persuade water and oil to get chummy in the same bottle would be easy in comparison.

MARKET WAS BUOYANT. New York, Sept. 19.—Reaction from the recent heavy liquidation carried some prominent issues steadily upward in the stock market today, presumably on the theory that a generally overvalued condition existed. The pressure which enforced the downward movement of many of the speculative issues during the past week, was conspicuous in its absence, and professional buying in various quarters, together with liberal short covering, furnished a foundation which had not been in evidence for some time. Another influential factor was the gratifying way news from the stocks advanced one to four points, some reaching new high ground. The upward swing was preceded, shortly after the opening, by profit taking from last night's closing advances as there was no confirmation of yesterday's rumors which sent the market up on reports that the German emperor had abdicated. These losses were quickly recovered, active purchasing of oil stocks, which had been persistently strong of late, imbuing the general list with strength which was largely maintained until the close. The buying throughout was of a diversified character. Toward the close there was some profit-taking in U. S. Steel, Bethlehem Steel and Baldwin Locomotive, but the general undertone of strength was unimpaired. Sales amounted to 250,000 shares. French government 5 1-2's established a new high record at 100 2-1. Liberators displayed a good game and other issues were not essentially changed. Total sales, par value, were \$5,708,000. U. S. bonds, old issues, unchanged on call.

Has it got everything you want in a cigarette?

Blow the smoke out slowly over the tip of your tongue. Do you get smoothness, fragrance, body and "pep"? You have to get them all or it's not a real smoke. Nature never grew one tobacco that would give you such a smoke. It has to be made for you. That's why in making Mecca cigarettes they have to use 12 different tobaccos—7 American and 5 Turkish. They take these 12 tobaccos, mix them in just the right proportion and then for 50 hours pass moist heat through them all.

This is the famous Still-Blend process. This is how they draw the smoothness and fragrance of the Turkish leaf into the American, and the "pep" and body of the American into the Turkish. This is why over a million Mecca smokers find everything they want in a cigarette.
