

# REPUBLICANS ELECT EIGHT SEATS IN HOUSE; GAINS IN SENATE

## Gov. Holcomb, with Only Two Towns Missing, Had Plurality of 6,646 Votes Over Thomas J. Spellacy—Total Vote Lighter Than Any in Many Years—The Present Delegation to Congress Was Re-elected—The House is Again Strongly Republican, But the Democrats Have Made a Slight Gain in the Senate—Latest Congressional Returns Showed a Gain of Eight Seats in the House and at Least Three in the Senate, But Returns Were Too Incomplete to Indicate Whether the Complexion of the Next Congress Would be Changed.

New Haven, Conn., Nov. 5.—Gov. Marcus H. Holcomb, republican, was re-elected for the third term today and the republican state ticket went into office again with him. With only two towns missing at 11 o'clock, Gov. Holcomb's plurality was 6,646 votes over Thomas J. Spellacy in a total poll which was lighter than any in many years.

The present delegation to congress was re-elected, although the contest between Mr. Wilson and Mr. O'Keefe in the Third district was very close. Mr. Wilson was re-elected by 1,325 votes.

The house is again strongly republican, but the democrats appear to have made a slight gain in the senate.

At the brevity contests former congressmen were re-elected in New Haven county, 2,432 to 2,218 and in Hartford county 1,491, democratic won from Thomas F. Bunker, republican, 1,200 to 1,100.

For the state officers with two towns missing followed by J. J. Donohue, republican, in New Haven county, 2,432 to 2,218 and in Hartford county 1,491, democratic won from Thomas F. Bunker, republican, 1,200 to 1,100.

# Crisis on Fronts in Belgium and France

## Everywhere the German Armies are Being Driven Back in Disorder—Americans Cross the Meuse.

Washington, Nov. 5.—America and the allies are planning to co-operate in more far-reaching operations for food and other supplies necessary for the lives of the demoralized civilian populations in once enemy countries. This became apparent tonight through the publication of a message from Colonel E. M. House at Paris to President Wilson saying the supreme war council at Versailles had adopted a resolution announcing its desire to co-operate with Austria, Bulgaria and Turkey in furnishing the necessities of life for the suffering peoples of those nations.

This announcement is expected to have far-reaching effect in Germany. It means that the German government is only a little less serious than it is in the countries until recently allied with Germany in the war. It means that the German government is now in a position to take the field in the west.

It is understood that the plan contemplated by Mr. Hoover but which president is not known to have approved, provides for a rationing system similar to that employed in Belgium by the commission for relief in Belgium, which was worked out by the American Expeditionary Forces in Belgium, which was worked out by the American Expeditionary Forces in Belgium, which was worked out by the American Expeditionary Forces in Belgium.

## German Government So Informed in a Note Handed to the Swiss Minister at Washington by Secretary Lansing—Compensation Must Be Made by Germany For All Damage Done to the Civilian Population of the Allies and Their Property by the Aggression of Germany by Land, by Sea and From the Air—The Allies Reserve to Themselves Complete Freedom For Formulating Stipulations Governing Freedom of the Seas.

Washington, Nov. 5.—The following cautions are reported by The Associated Press: The German government is to be informed in a note handed to the Swiss minister at Washington by Secretary Lansing.

The note announced that the allied governments have declared their willingness to make peace with Germany on the terms laid down in President Wilson's address to congress last January and on the principles of justice announced in his subsequent addresses.

# GERMANY'S SUPPLY OF FUEL OIL CUT OFF

Washington, Nov. 5.—The effect of the elimination of Austria from the war the fuel administration announced tonight will be the cutting off of Germany's supply of fuel oil and gas.

Germany has been obtaining oil and gasoline from Galicia at Rumania and was planning to import it from the Caucasus. The announcement said, but under the terms of the Austrian armistice, all trade between Germany and her former allies will be stopped.

Within the German borders there are no supplies of fuel oil and information possessed by the fuel administration is that the German government has been using Benzol—a derivative of coal tar—for lubricating oil. This latter source, it was said, will not supply the German needs.

The Italian fuel situation, which has been serious from the beginning of the war, it was said, will not be improved materially by the Austrian armistice. The Austrian mines worked to full capacity furnish only enough coal for the nation's needs.

# VERMONT REPUBLICANS WIN; BLACK EYE FOR PROHIBITION

# MISSISSIPPI SCHEDULE

Washington, Nov. 5.—The American Russian Relief Committee today appealed to civic and religious organizations throughout the country to protest against the massacre in Russia of all the members of the bourgeoisie which, according to cable dispatches last week, the Bolsheviks intend to carry out on November 10.

The chamber has received information indicating that the Bolsheviks plan a massacre on a greater scale than previous advances have indicated. The appeal urges that the government of the United States be asked to unite with the governments of the allied nations to warn Germany and the Bolshevik government that all participants in any massacre will be held responsible for their lives.
