WILLIMANTIC: The following is a statement of the October sales of War Savings and Thrift Stamps to the district offices under the jurisdiction of Postmaster John O'Rourke.

In the next six weeks the time remaining for the stamp campaign, Windham will have to make a determined effort in order to complete its quota of \$250,000. Up to September, the amount of sales was large enough proportionally, but due to the epidemic and the Liberty loan, there has been a decided falling off since that time. To make up the deficit, each person should invest \$3.24 in stamps during November and December.

Chairman Valentine L. Murphy has been advised from Washington that a new series of war savings stamps and certificates will be placed on sale early in 1919. The new series will have a maturity date of January 1, 1924.
Countess Laura de Turczynowicz, who is to come to this city under the auspices of the local chapter of the Red Cross, will speak at the Central theatre Sunday night, Nov. 24. The countess tells a thrilling story of her experiences when the Germans came to her home in Poland. Her talk will be made more vivid by the use of a three-reel moving picture, specially prepared by the Red Cross. It was this feature that necessitated the change of place from the high school, as first announced, to the theatre.

The meeting of the Women's Charitable Fund Wednesday was addressed by Miss Helen Child, newly appointed secretary of the Welfare Bureau. The War Work Campaign drive, which is scheduled nationally to run from the 11th through the 18th, will not close until Monday night. The ship on the big chart moved past the \$8,000 mark Friday, as the total reached \$5,112. In the remaining days the committee will make every effort to bring the amount up to the desired \$12,000, and if this sum has not been reached by Saturday night, a revival in form of some of the contributors will be necessary. Several organizations have already contributed generously to the fund, and it is hoped that others will follow their example.
