THE GOVERNMENT REQUESTS THE PUBLIC TO DO CHRISTMAS SHOPPING EARLY THE MOST EFFECTIVE WAY, in which this request can be complied with, is through the patriotic co-operation of the public. THE COUNCIL OF NATIONAL DEFENSE has pledged the merchants of this country, to make every effort to spread the period of Holiday shopping over the months of November and December. THE GOVERNMENT is anxious to avoid a concentration of Holiday purchasing in the two or three weeks immediately preceding Christmas, so as to avoid the necessity of increasing working forces and working hours. WE URGE OUR PATRONS to start NOW with their regular Holiday shopping. Stocks are nearly complete and prices are as low as they will be this season. AS THE GOVERNMENT desires to confine Christmas giving—except for the young children—to useful articles, the desirability of early purchases at present prices will appeal to prudent people.
