

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

IF CROSS, FEVERISH, CONSTIPATED, GIVE "CALIFORNIA SYRUP OF FIGS"

Look back to your childhood days. Remember the "dose" mother insisted on—castor, all, calomel, cathartics. How you hated them, how you fought against taking them.

With your children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clear the liver and bowels and strengthen the stomach; and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here and there. It is made by "California Fig Syrup Company," Refuse any other kind with contempt.

DON'T LET WIFE DIE OF LOCKJAW

WARN HER AGAINST CUTTING CORNS BECAUSE THEY CAN BE LIFTED OUT

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection says a Connecticut authority.

Corns can easily be lifted out with the highest of you get from any drug store a quarter of an ounce of a drug called salicylic. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn. The soreness is relieved at once and soon the entire corn, root and all lifts out without pain.

This is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or irritating the surrounding tissue or skin. Cut this out and pin on your wife's dresser.
