Heavyweight Battle Will Smash Records

The Willard-Dempsey bout next July 4 promises to attract almost as much attention as the Jeffries-Johnson at Reno in 1910, which was known as "the battle of the century."

For months before the Reno fight the sporting pages of every newspaper in the country were filled with the news of the gladiators. A full week before the fight the story assumed proportions, with pictures of scenes in the training camps appearing every day to the exclusion of news of national importance.

Because of the fact that the Jeffries-Johnson fight was held in far away Nevada, the crowd was not such a large one, considering that the whole sporting world had been talking of nothing else but this match for a whole year before it was staged.

YOU CAN MAKE YOUR SHOE BILLS LESS

From Globe, Arizona, comes this recommendation of Neolin Soles. J. B. Medlyn sends Mr. Neolin a letter saying: "I have never had my Neolin-soled shoes repaired as the soles always outwear the tops. The position I hold keeps me on my feet most of the time, and I can say that for comfort and wear Neolin is the only shoe sole."

Millions of others who have worn Neolin Soles think with Mr. Medlyn that they are the only soles for wear and comfort. Moreover, these soles cut your shoe bills down because they make your shoes last so long. They are waterproof too. Neolin Soles are made scientifically by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Soles—guaranteed to outwear all other heels.

P. W. C. WINS FIRST GAME IN FIRST POOL MATCH. The Penomah Wheel Club won their first game, and the Lafayette club on Monday evening in a very fast pool match. The Lafayette club started in very strong by taking the first two blocks, but Perkins broke the ice by winning the third block. The fourth went to Bauer and Blanchette came in strong in a pinch and won the last from Busenett, 100-38. The next game of the match will be played in the Penomah Wheel Club's rooms.

Basketball. Basketball fans are looking forward to a fast game in Bijou Hall, Jewett City, Thursday night between Ashland and the East-Willamette quintet. Talk about the speed and power of a "Liberty Twin Six Motor," why it isn't in it will hit the Ashland speed boys, says Manager Hyde (ask the soldiers).

MEETING SOON. The Eastern league magnates are beginning to prepare for the coming season, for with Bridgeport ready to announce the name of its manager this week, and the New Haven club ready to announce its manager, the ancient stamping grounds at Savin Rock are to be abandoned in favor of Light-house Point, a call is expected from Dan O'Neil any time for the annual meeting of the league which was postponed from last fall because of curtailment of the season.

It is stated by a person in a position to know the inside workings of the club interests, that it has been practically decided to give up the Savin Rock mud hole and give the people of New Haven class A baseball. It is understood that the Eastern Amusement Co officials say no arrangements have been made as yet for the lease of the park for Eastern government, but it is understood that the park is in the works and very soon an official announcement of the change in scenery will be made by someone, purporting to be the owner of the New Haven club. It is said that James H. Clark is seeking a new home for his Hartford club, as the fans in the Capital city have become disgusted with the old park on Wethersfield Street, and demand a new and up-to-date baseball plant. It is figured that Eastern league bill will never pay in Hartford and New Haven operated on the old grounds. One of the Eastern directors says a meeting of the league club owners will be called very soon when it is expected plans for the coming season will be made. Another director isn't too sure about the Eastern league, but he says the country being in such an unsettled condition, will make it hard to draw the crowds necessary to support the games. He believes it will take three or four years to get a ball back on its feet and prove a money making proposition.

SWEEPING CHANGE IN YALE ATHLETIC POLICY. The changes voted were requested, however, by the students. They had previously voted by the undergraduate athletic association, by the student council of the academy and that of the Sheffield Scientific school. For many years the Yale athletic system, which has been discussed by the chairman of the athletic committees of Harvard, Princeton and Yale. The changes are radical and extreme. These are: Opening of Yale field and the Yale bowl for recreation on Sunday afternoons. Establishment of a system of football training before the opening of college. Permanent coaches for the freshman athletic teams. Reversion to the system of dual track meets with Harvard and Princeton. Disciplinary power by the student council over athletes who are academic difficulties. Prevention for all time of the cutting down during the season of candidates for the athletic teams, hereafter the squads being increased instead of being decreased during the season. Appointment of a permanent director of athletics.

FIRST GAME OF BOWLING PLAYED WITH HUMAN SKULLS. The first match game of bowling was played in the United States over 79 years ago. The contest took place in New York on New Year's Day and was the real beginning of the sport on wooden alleys. Before this time, however, bowling on the green was a favorite sport, having been played since the time the first Dutch settlement.

But things of the bowling fans of this city, especially the green was a fair sex, playing the game under the conditions of old. The Egyptians used human skulls as balls and for pins the bones of animals came in handy. The game was popular with the

FINANCIAL AND COMMERCIAL

MARKET WAS SLUGGISH. New York, Feb. 18.—Uncertainty and constant irregularity of prices marked the sluggish trading on the stock exchange today, the session reflecting none of the previous day's public interest, activity or breadth.

Motors and some of the minor or unimportant specialties comprised the firm to strong issues and oils were again variably depressed on profit-taking and bearish pressure. The net result represented little more than the conflicting views of cliques and pools.

Almost the sole hopeful feature was the relative strength of rails, buying of that group at intervals including most of the representative shares in the granger, transcontinental and coal divisions at 1 to 1 1/2 point gains.

Rails were almost the only shares to retain a fair proportion of their advance in the selling movement of the last hour, which virtually affected General Motors' extreme rise of four points and effected moderate unsettlement elsewhere.

U. S. Steel closed at a loss of virtually a point after having made a slight gain, other steels and equipments reacted one to three points, with Marine preferred and Mexican Petroleum's further reversal extended to other oils. Early gains of one to two points in local traction were held and popular tobaccos closed at irregular advances. Sales amounted to \$25,000 shares.

Recent mixed conditions in the bond market continued, speculative rails showing further heaviness, while local traction issues responded to the strength of allied shares. Liberty bonds steady, but international bonds issued lacked feature. Total sales, par value, aggregated \$10,875,000.

Old U. S. coupon is gained 2-8 cent. on call.

All Smoking Tobaccos are Flavored

"Your Nose Knows"

The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Your smoke-enjoyment depends as much upon the Quality and kind of flavoring used as upon the Quality and aging of the tobacco. Tuxedo tobacco uses the purest, most wholesome and delicious of all flavorings—chocolate!

That flavoring, added to the finest of carefully aged and blended burley tobacco, produces Tuxedo—the perfect tobacco—"Your Nose Knows."

Tuxedo The Perfect Tobacco for Pipe and Cigarette

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—it's delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—"Your Nose Knows."

English and Dutch in the twelfth century, and it occupied so much of the young men's time that a statute was directed against it in England.

SPORTING NOTES. Old "Tham" Langford will string with Jess Willard when the champion meets Jack the Giant Killer Dempsey.

YALE TO PLAY PRINCETON NOV 15. Yale and Princeton will play their annual football classic at the Yale bowl on November 15, according to the schedule announced by the Princeton athletic authorities.
