

# PRINCE ALBERT

the national joy smoke

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

## JEWETT CITY

Mrs. Alice Lafamme has been notified that the body of her son, Orville Lafamme, who was killed in France, will be sent home.

A letter received from Earl S. Hixcox Wednesday asks that his present address be published, that his friends may write to him. All mail must be in New York City, Mass. Store the first of the month, as the lightship tender goes out to the ship on that date, and only goes once a month. He cannot hear from his friends or they from him but once a month, as no fishermen go out so far as this ship is stationed. The lightship went out to Nantucket Shoals this week to remain all summer. Letters and papers once a month are all that will relieve the monotony. He is electrician in charge and has charge of everything radio aboard the ship. He has a separate stateroom in the cabin, steam heat, electric lights and all proper furnishings. His address is Care Lightship, Nantucket Shoals Station, U. S. No. 35, Nantucket Shoals Station.

The following is a report of garments completed by the Jewett City Red Cross chapter in the months of February and March. 68 women's morning blouses, 84 pajama coats, 80 pajama pants, 8 bathrobes, 27 pinafores, 68 girls' chemises, 19 children's undershirts, 20 boys' shirts, 20 boys' blouses, 21 sweaters, 16 mittens, 12 pair stockings, 1 shawl. There is need of more workers, as there are now in the room over one hundred garments to be made by the first of June.

# A Special Sale of the New Dress Goods

BEGINS THIS MORNING

TO EQUALIZE THE PRICES AND GET DOWN TO A PEACE TIME SCHEDULE

War time wool prices were unquestionably "fierce." It looked as if peace would bring little or no change. But the prices simply must come down—and right here in the Boston Store they are going to do it, and they're going to do it Tuesday morning. We have gone into the market and have bought on each favorable turn. We have marked down the prices on much of the staple items as low as we could—and in these two ways are able to "equalize" the prices, and offer you genuine bargains.

This Sale Begins This Morning—Don't Miss It

A SUPERFINE ALL-WOOL SERGE WHICH WAS FORMERLY \$4.00

Here is the first fruit of our "equalization" method. We offer a splendid 40-inch Serge—an All-Wool Serge of distinction and quality which was intended for sale at \$2.50, and it is yours for \$1.59 a yard. Have you longed for a new suit, and feared the cost? If so, here's your chance to beat the old high cost of living. The colors are navy, green, plum, burgundy and black—all good colors. **\$1.59**

## FINE WOOL POPLIN

Sale Price \$1.79 a Yard

This is a standard weave for suits and dresses, and like all the wool fabrics has felt the effects of the war tremendously. But this sale brings it to you on a peace basis. It is 42 inches wide, and we offer for your choice, medium and dark navy, black, wisteria and burgundy. Here's a bargain which is worth while.

## THE NEW "OTTOMAN"

Was \$3.50—Sale Price \$2.98

This is a 1919 novelty and it is a decidedly attractive one, and at the time we bought it was cheap at \$3.50 a yard. Times change. We cut the price. Somewhat like a crepe poplin in weave it is charming in the colors we show—green, brown, medium and dark navy and black. You should see this pretty novelty.

## HANDSOME 54-INCH TWEEDS

Sale Price \$3.50 a Yard

These rough Tweeds have never been surpassed for certain purposes, being particularly appropriate for sports wear. They look heavier than they actually are, the weight being suitable for suits or skirts, or for the Spring coat. If you wish a handsome garment buy some of this Tweed in the gray, brown or green mixture.

## THE NEW "PUPPY SKIN" COATING

Was \$5.50—Sale Price \$4.98

It's as soft and silky as a kitten's ear—as rich in finish as the finest broadcloth—in fact it resembles a broadcloth with a longer nap or pile. It is a really beautiful Spring weight coating of more than usual richness. The colors we show are beet-root, burgundy, brown, navy and black. The texture and weight of this fabric is just the thing for the new capes and dolmans.

## NEW WOOL SERGE WHICH WAS PRICED AT \$2.50

This is our \$4.00 Serge. It is a real Serge—and it is a real All-Wool Serge. It is the kind which gives the honest service which only the best can give. It is the kind which a tailor likes to handle, and which responds to the best tailoring. It is full 54 inches wide, and we show it in a good navy and in black. **\$2.59**

## BRIEF STATE NEWS

Manchester—The "Shimmy Craze" has struck Manchester.

South Glastonbury—Raymond Blinn broke his ankle while playing ball at school.

Hartford—One of the new one-man safety cars is being operated on the streets of Hartford.

Deep River—Mrs. Carl Lindsey left town Saturday for Oklahoma on Red Cross work in France, where she has spent many months in the most devastated districts at the home of Whitney Palache to a few of the interested workers in Red Cross time ago.

New Britain—Frank W. Klett for the past four years assistant in the city engineering department will leave the city's employ soon to enter the employ of the Connecticut and Rhode Island Laying Company. He is a graduate of Yale Sheffield Scientific School and has a mining engineering degree.

Farmington—Miss Lee, sister of J. Collins Lee of Farmington, recently gave a most interesting talk on Red Cross work in France, where she has spent many months in the most devastated districts at the home of Whitney Palache to a few of the interested workers in Red Cross time ago.

Windsor—Many of the school children who live in the farming sections of the town were one hour late in getting to school Monday morning as their parents had kept to the old time schedule as most farmers are doing. The little folks were most distressed over the situation as many of them had perfect attendance marks up to this time.

New Haven—The board of governors of the Automobile club of New Haven, at its bi-weekly meeting at the Hotel Taff passed a resolution strongly favoring increasing the salary of Charles J. Bennett, sufficiently to assure his

him on the stand today. The prosecution charged that Neuss' "self interest asserted itself when he was confronted with the actual facts in the case." It was indicated by Mr. Jennings that the state would claim that Neuss fired the bullet that killed Madden.

STAMFORD—Miss Evelyn Wilson, former superintendent of the Stamford Hospital, who volunteered as nurse in England, France, Lemnos Island and Egypt, sailed Friday from England for her home in Canada. It was learned here. Just before her departure she was decorated by King George at Buckingham Palace with the insignia of the Red Cross, first class. This is the second time Miss Wilson has been decorated.

ARGUMENTS BEING MADE IN MADDEN MURDER TRIAL

Hartford, Conn., April 2.—That the defense will base its plea for the acquittal of the five alleged gunmen charged with the murder of William F. Madden on the theory that the shot that killed Madden was fired from without the automobile of the defendant, was revealed in superior court today when counsel for the defense began arguments, following a review of the state's case by the assistant state's attorney. The arguments came after motions for the discharge of the defendants were denied by Judge Warner. The defense stipulated in case today, having put only two of the defendants, William S. Miller of West Haven, and John Neuss of Hobboken, N. J., on the stand.

The claim of the defense came as a surprise. In the day Neuss testified that James Moore fired the shot that killed Madden, shooting from within the automobile. Moore is at large and is believed to have fled across the Canadian border. The state has offered a reward of \$2,000 for his capture.

The argument for the defense, made by Attorney Edward J. Myers, was designed to show the possibility of slumber having hit the shot that hit Madden. Mr. Myers questioned whether Macomber was disintegrated and said the "phantom shadow of the sixth man in the automobile is only another of the hallucinations of Macomber." It was remarkable, the lawyer added, that Madden ceased firing immediately after Macomber fired one shot. He declared that Madden was in a position to be struck by a bullet fired by Macomber, and that Neuss' story contradicted Macomber's account of the shooting.

Newell Jennings, assistant state's attorney, in a preliminary review of the state's case, said there was a discrepancy in the statements made by Neuss to Captain Hurley of the state police, and his narration of events leading up to the murder, as told by

LIEUT. S. S. VROOMAN HAS BEEN VINDICATED

Washington April 2.—Lieutenant S. E. Vrooman, charged in the Hindenburg investigation report with violation of the statute prohibiting persons acting for the government, "confraternizing business with a corporation in which they are interested," was vindicated of the charge today by Attorney General Palmer.

Testimony taken since the publication of the report, said the attorney general's announcement, showed that all lumber for airplane propellers purchased by the government from the S. B. Vrooman Company of Philadelphia, in which Lieut. Vrooman was financially interested, was inspected by agents of the National Hardwood Lumber Association and not by the office of the state's attorney. This information, the attorney general held, constituted a complete vindication of the officer.

FOUR OUT OF EVERY FIVE MEN IN CHICAGO VOTED "WET"

Chicago, April 2.—The pronounced wet vote in the election here yesterday was said by "Personal Liberty" leaders to mark the actual beginning of a campaign to repudiate national prohibition. The wet vote was 39,269; the dry 14,032. Four out of every five men voted wet, and three out of every five women did the same.

**Why Be Fat?**

Become Slim This Summer

Have you heard about the new system for weight reduction?

You may eat and drink all you need. There is no tedious exercising. Take a little oil of korein at meals-time and when retiring; also follow the simple, clear directions. A loss of weight, ten to sixty pounds (whatever you need to lose), may be expected by this safe and pleasant system of fat reduction. At the drugists get a small box of oil of korein capsules and start at once. Be of normal size, with good figure and attractive appearance, agile, quick-witted, healthier and more efficient. By reducing weight now, you are likely to avoid one or more diseases, heart weakness, sunstroke, apoplexy, etc., and to add years to your life.
