knotty problem and dark horse. Among the new prospects are Whitney who has played before on a championship team, and McNally a hard-hitting representative of Norwich Town. Manager Driscoll, through excellent foresight and managing has arranged to have a game at Norwich every Saturday afternoon till June. He is also holding conferences with Manager Flynn of the Shore Line Electric team to arrange for a series of three games. The team is under the excellent coaching of Mr. McKay of the Faculty who is one of the best players the Academy, with its many championship teams, has ever seen. The first game of the season will be with the Stars' team which is composed mostly of veteran Academy players. There is much rivalry between the two teams but the school as a whole will back their team to the last ditch. The match will take place April 19th.

decided tomorrow. The scores follow: National indoor championship (single round)—William T. Tilden, Philadelphia, defeated Frank T. Anderson, Kings County Tennis Club, 7-9, 14-12, 6-3; Vincent Richards, University Heights Tennis Club, defeated Peter Ball of Pasadena, Calif., 6-3, 6-2. The victor's ability to pass his opponent along the side lines and his sharp volleys from forecourt proved a too much for the Philadelphia wuss; recent months of service gave him little time for tennis play. Tilden won from Frank Anderson of Brooklyn, 7-9, 13-11, 6-3. Tilden had a narrow escape for his 17-year-old opponent broke through his service on the twenty-first game of the second set and was twice within a stroke of scoring a sensational reversal. He threw away his chance, however, by double faults on service and putting an easy smash into the net. The semi-finals of the doubles produced spirited tennis. Frederick B. Alexander and Dr. William Rosenbaum, former indoor champions, and Tilden and Richards, national title holders on turf courts, won their matches. The championship matches will be

Evolution of Bullet and Rifle. The first bullets were round as a ball and shot from a smooth-bore barrel. The rifling or grooves were invented by a Swiss and a copper band, like a finger ring, was slipped over the round ball to "take the twist". These bullets turned over and over; so the next step was to make them egg-shaped, the pointed end traveling first.

HARRINGTON'S TEAM WILL ROLL THE "TREAT 'EM RUFFS". Captain T. Frank Harrington, head of a fast aggregation of bowlers, stated on Thursday evening that he had taken note of the challenge hurled at him in The Bulletin and that while it is not his custom to compete with teams below his class, he would, out of personal friendship for Capt. Gleason, condescend to favor the boys with a series of matches. As to playing for money, he stated, I never place a bet with any team that does not have a fair chance at winning and in this case the two teams would make it too easy for us. I will play for the sport of the game just to give Capt. Gleason's beginners a start towards a reputation.

Start the Day Right No breakfast can be at its best without our bread as the feature. No ordinary loaf can make the breakfast as satisfying as our bread does. Its delicious quality imparts zest to one's eating. Its texture, sweetness and flavor pleases the palate and its crisp, nicely browned crust rounds out a lot of its merits which make its eating altogether satisfying and will start every member of the family out with a pleasant disposition for the day.
