"Treat 'Em Roughs" Win Two From K. of C.

The Treat 'Em Roughs lived up to their name in the match against Capt. Harrington's K. of C. bowlers on Tuesday evening at the Palace lathery. They treated them rough, to be sure, but after Capt. Harrington's offer after the game to play another match for a purse it looks as if Harrington's men had simply been leading the Treat 'Em Roughs on for a bet and to give them encouragement. The first game was so easily won by Harrington's bowlers that their opponents' wins in the next two strings looked as if they had been allowed to take the long end of the score. However, the games were well worth seeing and the boys were in top form, especially Capt. Gleason and Capt. Harrington, who each rolled a high total of 112, and Gleason had 129 for his single, with Harrington a close second with 121. The Treat 'Em Roughs in some part of the game showed a little poor sportsmanship when they got on the sidelines and waved their arms and made remarks to the players.

A return match is looked forward to with interest for two teams after Tuesday evening's match appear to be evenly matched. The scores follow: Treat 'Em Roughs.

FAVORITES STILL AHEAD IN N. & S. TENNIS TOURNAMENT

Pinehurst, N. C., April 8.—Play in the men's and women's singles in the north and south tennis tournament at Pinehurst today brought all of the expected leaders down to the semi-finals. Vincent Richards and I. Krumage came through in the upper brackets of the men's singles while W. T. Tilden, Jr., and H. S. Voshell survived in the lower. All four won their matches easily today, the only contest of interest being that of Richards against C. E. Watson, Jr. of the West Chester Country club, which was decided 6-4, 6-2.

Miss Marion Zimferstein of Longwood, the favorite of the women's singles trophy, won her way through to the semi-finals without difficulty. Mrs. Harry Franklin Morse of the West Shore club met Miss Zimferstein in the feature match of the day and won 4-6, 6-2, 6-4. Mrs. Morse and Miss Zimferstein probably will meet in the finals.

FINANCIAL AND COMMERCIAL

MARKET WAS BULLISH. New York, April 8.—Disregarding shifting and less favorable phases of the peace conference, higher rates for steel and the uncertain status of the money market, pools extended their bullish maneuvers in various quarters of the stock market today.

Substantially higher quotations prevailed at the broad opening, a few syndicates making immediate gains of two to five points. For the most part these were materially enhanced during the session, important profit-taking making little impression until the final hour.

Noteworthy exceptions to the higher trend encompassed rails, coppers and steels, although the latter came moderately forward later, despite prospects of an adverse U. S. Steel tonnage statement on Thursday and misgivings concerning the dividend for the first quarter.

The backwardness of rails in the face of one of the most remarkable crop reports ever issued by the government was the subject of considerable comment, but seemed to cause little restraint among professional traders.

Sensational features included American International Corporation, which again eclipsed all other issues as the most active stock, holding the greater part of its seven point rise, or a net gain of 15 1/4 points in two days; Burns Brothers, a net gain of 1 1/2 points; Industrial Alcohol up 1/2 and Kelly-Springfield Tire and U. S. Rubber at advances of 4 1/2-5 and 4 1/2-5 points, respectively.

Oil, motor oils, equipments, sugars, shippings, tobaccos, fertilizers and chemicals once more reflected the interest of professionals at gross advances of 10 to 20 points, but U. S. Steel closed unchanged after its brief rise of one point. Sales amounted to 1,300,000 shares.

Liquidity and other domestic bonds were steady, but foreign issues notably 5 per cent, registered 2 1/2 gained 7-8 on sales, the 2's and 4's gaining 1-8 on call.

THREE BOXERS QUALIFY FOR INTERNATIONAL BOUTS

Boston, April 8.—Ashton Donze, New Orleans, 135 pounds; Frank B. Cassin, New York, 135 pounds, and Sam Lagonia, New York, 135 pounds, earned the right to represent the United States in international boxing tournaments in Scandinavia this summer by winning the championships in their classes tonight at the annual competition of the Amateur Athletic union.

Donze defeated James Tommaso, New York, who was the only 121 1/2 champion entered in this year's bouts.

The Palace Five will clash with the Baltic team at the Palace arena this (Wednesday) evening in the Trojley league tournament. The game is looked forward to with much interest, as Baltic has never been a hoodoo for the local boys.

Encourage Breeding of Grouse. An appropriation of \$15,000 for the propagation of ruffed grouse has been requested from the legislature by the New York State Fish and Game Association.

Big Year for Breeders. This will be the biggest year for quail, wild duck and pheasant breeding in the United States.

(Preferred as to Assets and Dividends)

Table with 4 columns: Stock Type, Authorized, Outstanding, \$ Value. Includes 8% Cumulative Preferred Stock, Common Stock.

Dividends Payable Quarterly, January 1, April 1, July 1, October 1

The Hartford Automotive Parts Company is a consolidation of The Hartford Automobile Parts Co. and The Kinsler-Bennett Co., both of Hartford, Conn., manufacturers of Universal Joints, Shafts, Drives and Cone Clutches for pleasure cars, trucks and tractors.

To provide additional manufacturing facilities to relieve the congestion in its present plants, the Company has recently purchased the group of factory buildings bounded by Broad, Russ and Lawrence Streets, Hartford. Aside from the natural economies effected by the consolidation, the added production from the new plant should result in a corresponding increase in net earnings of the Company.

ASSETS. Assets of combined companies as of March 1, 1919, were \$1,780,280.34. After deducting all liabilities, including obligations assumed in connection with the purchase of the Broad Street plant, Net Assets total \$1,472,632.14, equivalent to 166% for the outstanding Preferred Stock. The Company carries no value on its Balance Sheet for Goodwill.

EARNINGS. During the past four years ending December 31, Sales have increased from \$477,269.41 in 1915, to \$921,055.08 in 1918. Aggregate Net Earnings for the past three years were \$411,896.49.

Manufacturing schedules for the current year call for a production amounting to \$1,500,000; and on the basis of past earnings, not including Government work, should show Net for dividends, after allowance for Taxes, of more than \$210,000 or three times Preferred Dividend requirements.

Shipments for the first quarter of 1919, and unfilled orders on the Company's books April 1, 1919, amount to more than \$800,000, or over 50% of the estimated volume of business for the entire year.

SINKING FUND. The charter provides that after payment of 2% quarterly dividends upon the outstanding Preferred stock, beginning January next, 20% of the remaining Net Earnings shall be set aside to retire the Preferred stock at 110 (\$55 per share).

Application will be made to list this issue on the Hartford Stock Exchange.

A considerable portion of this issue having been subscribed for by the present management and former shareholders of the consolidated companies, we offer the balance, strictly subject to prior sale, at

THE CAR OF CONTENTMENT

The Briscoe owner enjoys his car. He can see the mileage mount up without worrying over excessive gasoline costs. He can take bad spots with every jar absorbed by the easy springs. The sturdy motor makes light work of hills or sand. And the car itself carries class in every line.

Many cars offer you some of the things you get in a Briscoe. But the Briscoe gives you everything you want in a car—and many features you only hoped for.
