

WESTERLY

The will of the late Charles Denison Chapman, which has been in the Western probate court and the supreme court of Rhode Island for three years, has been interpreted by the higher court, and distribution of the personal estate finally reached.

At the time of his death, Mr. Chapman owned the Chapman home in High street, the Chapman quarry of four acres, two acres of land near the town farm, thirty acres near the railroad property, four tracts of land near Burden's pond and a part of the pond.

The matter went to the supreme court on an interpretation of the will. The court handed down opinion that the widow had no part in the personal estate, and sustained the claim of Judge Rathbun's clients, that they were entitled to half of the personal and half of the real estate.

The next move will be to have the real estate sold, in which the widow has dower, and have the proceeds converted into cash for distribution, in the same manner as disposition were made of the personal estate.

In the final report of Judge Lewis, as executor of the estates, after the payment of all court and other expenses, shows a balance of \$8,223.45, which will be distributed as follows, based on nearness of relationship:

Under the apportionment of regular and special taxes upon the towns and cities, Rhode Island will receive revenue of \$600,992, June 15. The special six-cent revenue is designed to provide added income to carry on the business of the state. One-half is to be devoted to the maintenance and repair of highways, and the other half to the treasury for current expenses.

The regular state tax of 4 1/2 cents per \$100, is \$268,596.55; the rate is nine cents and the other half will come due December 15, as will the other half of the special tax. The state has had a three-cent road tax for several years, and this year it has been raised to six cents, making the total state tax 15 cents this year, as against 12 cents former years. The apportionment against towns in this

came to a sudden stop. The train is known as No. 5, and besides the locomotive is made up of four steel express and mail cars, and baggage car and two passenger coaches. The train breaks up at Boston and serves as a passenger accommodation train from West- erty to New York, and leaves West- erty at 6:06 in the morning. It carries many workmen to the shipyards in Stonington and Groton, and to New London.

When the train was about midway between West Mystic and Noank, the broken rail was struck, the locomotive passing over, while the tender and the four steel cars were thrown from the track, and careened to an incline of about forty-five degrees, and leaving a way from the east bound track. The mail clerks and express messengers were thrown about in the cars, but received no injury of consequence. The trucks of most of the cars became detached and the cars damaged. The passenger section of the train remained intact on the rails. The track was cleared within three hours and in the meantime, west bound trains were operated over the east bound tracks from Mystic to Midway.

The burglars who gathered loot at the Dawley, Tourtelotte and Dunham residences, within the past two weeks, while the members of the household have been absent, have been apprehended by the police and were reprimanded in the juvenile court by Judge Oliver H. Williams. The offenders were two girls, one is thirteen and the other nine years of age, the elder having been once before in police custody. They effected entrance to the houses with keys, in one instance by a key that was supposedly hidden, and in the other by keys selected from a bunch one of the girls had collected.

The dance of the West- erty Cycle club, at the Wequeteoock casino, on Wednesday night was a success from every angle.

The degree of Master Mason was conferred upon three fellow craft, by pastmasters of Franklin lodge of Masons, Tuesday night. Seven of the eighteen living past masters of the lodge were present.

The Women's League for Christian Science entertained the members of the Laymen's League and friends in the hall of the Boy Scouts, Wednesday night. Miss Emma Langworthy presided. Ira B. Crandall offered prayer, and Rev. Clayton A. Burdick, D. D. made the principal address.

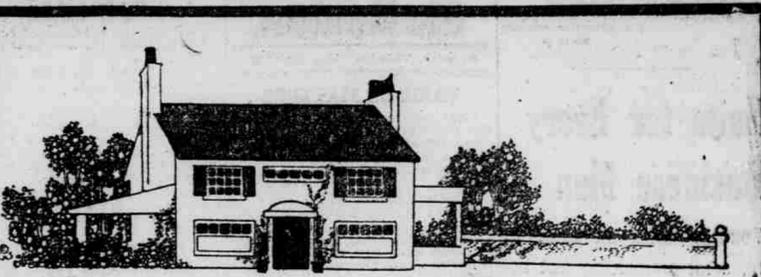

Mrs. Charles E. Chapman tripped and fell down the granite steps of the post office, and sustained a fracture of the left arm, near the shoulder.
