**LEMON JUICE FOR FRECKLES**

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

company of Providence, owner of the Westerly Light and Power company, has made some concession and reduced the service charge. This, however, does not satisfy the Westerly town council, which demands that the rates charged in Providence prevail in Westerly. The town council has approved continuation of the fight for lower rates, and there is to be a special financial town meeting to consider making an appropriation to carry on the work.

Reductions in the service charges for summer lighting by the Narragansett Pier Lighting and Power company, the Wickford Light and Power company and the Westerly Light and Power company, effective on Wednesday of this week, were presented to the public utilities commission by the Narragansett Electric Lighting company and approved by the commission.

Under the former rates the companies made a service charge of \$6 for the period from May 1 to Oct. 31, and 50 cents a month from Nov. 1 to April 30. The initial charge of \$6 was payable at once, and the winter charge, 50 cents monthly.

The new tariff fixes the service charge at \$6 for the year, payable 50 cent at a month, the uniform rate now charged for similar service by the Narragansett Electric Lighting company. The reduction by the three companies amounts to \$3 a year to each consumer.
