Army-Navy Boxing Board Selects "Ref"

Toledo, Ohio, June 10.—Tex Rickard, promoter of the heavyweight championship contest between Jess Willard and Gene Demsey, has been selected by the Army-Navy Boxing Board as referee for the contest.

Rickard in his letter to Major Biddle suggested that the board name all of the officials to be connected with the contest, which includes the referee and two judges.

Rickard's starting announcement came as a distinct surprise to the score or more candidates who have sought to be appointed referee.

Major Biddle, a millionaire sportsman of Philadelphia, always has been a supporter of boxing and won some amateur glove championships himself.

It was said here tonight that the board would respond favorably to Rickard's appeal. Rickard said he had absolutely no suggestions to make in regard to the selection of a referee and neither Willard nor Demsey would offer any suggestions.

YALE CREW COVERS ENTIRE COURSE IN PRACTICE RACE

Gales Ferry, Conn., June 10.—Late this afternoon the Yale varsity crew was sent over the four-mile course, rowing upstream from the bridge.

Two miles the second crew raced the first, then the combination eight and the freshmen for the last mile.

The varsity led the second crew by four lengths, held the combination even and was led slightly by the freshmen.

MARKET WAS DEPRESSED

New York, June 10.—Renewed expression of concern on the part of federal reserve bank officials in Washington regarding excessive speculation was considered the dominating factor in a depression of from one to eighteen points in prices on the stock exchange today.

Some quarters the opinion was expressed that an analysis of the federal reserve bank's letter to its member banks asking for information as to the extent of borrowings for speculative purposes showed that the communication was not intended to deal with investments in seasoned securities but rather only with certain oil properties and other enterprises believed to be worthless.

Aside from the federal reserve bank's determination to stabilize the speculative situation, several definite influences served to depress certain stocks. General Motors after a sharp break of 18 points recovered some of its loss but closed 11 points under Monday's closing quotation.

Losses generally ranged from two to eight points in motors, one to eight in shippings, one to seven in oils, one to three in rails and one to five in equipments.
