GREENEVILLE

A very pretty wedding took place in St. Mary's church Tuesday morning.

At 9 o'clock when Rev. J. H. Fitzmaurice officiated in marriage Miss Nora Madeline Gleason and John Francis Nevins.

The bride was handsomely gowned in white Georgette crepe and she wore a white picture hat and a string of pearls which was the gift from the groom.

The bride carried a bouquet of roses and white sweet peas. The bridesmaid was the sister of the bride, Miss Irene Gleason, who was beautifully gowned in pink Georgette.

Her hat matched her gown and she carried for her bouquet pink roses. The best man was a brother of the bride, Councilman John T. Gleason.

Miss Gleason is the daughter of Mr. and Mrs. John Gleason of Seventh street and she was employed as an overseer in the J. E. Martin company.

When they returned home after the ceremonies in the church a wedding breakfast was awaiting them at the home of the bride.

They received many useful presents from their friends. The couple left for a stay at Niagara Falls and Philadelphia.

At the recent graduation of nurses from the Hartford hospital training school Miss Agnes Nelson of 211 Prospect street, N. F. A., '17, was awarded the second prize of \$25 in gold of the junior year.

TAFTVILLE

The Jolly club held their regular meeting at their rooms Monday evening.

The regular matters of business were brought up and were freely discussed. One of the most important matters brought up before the club was their coming to the front street ride.

The committee in charge of this made their reports and stated that all arrangements had been made and the club would journey to Rocky Point this year, starting in the morning of July 4th, and returning late in the evening of the same day.

Postmaster Murphy has posted another letter at the office, this being the second one within a week. These letters cannot be sent to the front without the address of the sender being on the envelope.

The letter now at the postoffice is addressed to Private Harry Grinnell, 6th Co. O. R. S. D. A. P. O. 741, American Expeditionary Forces.

Napoleon Pipin has returned to his work with the Crown Cork and Seal Company of Hartford. He returned from the hospital last week and since then has rested up until his knee which had been wrenched in an automobile accident was strong enough to allow him to get about without the aid of a cane.

Marshall Surpise has resigned his position at the Penamah mills and started working at the Blissville mills Monday morning.

Henry Troeger has returned to his home on North B street after having received his discharge from a northern camp. Mr. Troeger has seen about one year's service in France fighting with the 80th division.

From California by Auto.

Word has been received by relatives in this city from Mr. and Mrs. Henry C. Swartzburg and family that they are en route to Norwich by auto from California and that they expect to arrive here by Wednesday.

SUMMER COLDS

Summer colds are the result of lowered vitality.

neglected, they are apt to develop into chronic lung trouble and long-standing coughs, asthma or catarrh.

Treat them promptly and in the natural way by using Father Ohn's Medicine, which has a history of 60 years of success in the treatment of coughs, colds and all throat troubles.

It is a throat trouble, as well as a tonic and body builder for those who are weak and run down.

SPRAYING PONDS TO ABATE MOSQUITO NUISANCE

Dr. E. J. Brophy, city health officer, is doing what he can to abate the mosquito nuisance and menace to health by having a number of ponds in the city sprayed with oil which kills the mosquito "larvellers."

Tree Warden Henry E. Davis is giving his spraying machine to sprinkle the oil on the surface. This costs about \$100 and remains effective until a strong wind or rain sweeps the pond and blows all the oil down to one end or side. There are ponds in Thomaston, off Asylum street, near the cemetery in Greenwich, below Golden street and in one or two other places, which are mosquito and malaria breeders, and all these are being given the oil treatment.

The health officer is also investigating to see if there may not be some way in which these mosquito breeding spots may be eliminated through the city.

He has understood that a bill was presented to the legislature which provided that the state would indemnify the expense of elimination work for any city that would have a survey of its ponds and ought to be filled up so as to reduce the malaria menace. Norwich had the survey

SAYS HE KNOCKED OUT TWO HIGHWAY ROBBERS

Hector Snow of Quaker Hill, employed as a driver in New London, reported to the police there Monday that an attempt was made Saturday night to rob him when he was held up on Williams street near Mohegan avenue by two unidentified men.

According to Snow, he knocked both his assailants unconscious from a series of blows to the jaw, but he did not consider the incident of sufficient importance to report it until Monday.

Snow also declares that he was stopped along the same highway previously, but that no effort was made to rob him, although he is of the opinion that it was the intention of his assailants to relieve him of his money.

FILE THEIR REPORTS ON ELECTION EXPENSES
