DANIELSON AND PUTNAM

Mr. and Mrs. William F. Mullaley, Mr. and Mrs. H. F. Glendinning and Arthur G. Bill motored to Dover, N. H., where they will remain until Saturday. Mrs. John MacFarland and son Earl spent Sunday in Mystic, with Mrs. MacFarland's daughter, Mrs. George Stott. Elmer Gallup, Lindner Gallup and Miss Nellie Shaw motored to Storrs Agricultural College, Tuesday. Henry W. Chapin and family are enjoying a week's outing at Stonington.

At a sparsely attended borough meeting held in Town hall Monday evening the following resolution in regard to the Borough hall was put by E. L. Darbie and was passed without a dissenting voice: "Resolved: that the warden and burgesses be and they hereby are authorized and empowered to sell the brick building on Water street known as Borough Hall building, with the land appurtenant thereto at private sale for a price not less than \$3,000 and that the warden and burgesses be and they hereby are authorized, empowered and directed to execute, in the name of the borough a deed of said property to the purchaser thereof."

William Jennings Bryan, thrice a presidential candidate and formerly secretary of state of the United States, will speak in the Orpheum theatre, in Danielson, Wednesday, Sept. 2, 3 o'clock under the direction of the Anti-Saloon League of America and the league in this state. This is the announcement made here by H. G. Payne, here on publicity for Mr. Bryan. Prohibition will be Mr. Bryan's subject. He will urge the enforcement of federal and state laws and amendments and the election of officials who will not wink at violations. He will also plan to speak on the world dry with the co-operation of temperance organizations in other lands.

Rev. Dr. Howard H. Russell, of Westerville, Ohio, founder of the Anti-Saloon League and associate general superintendent of the organization, will speak briefly at the speakers are on a tour of Rhode Island, Connecticut and Massachusetts in the two-fold interest of law enforcement and world-wide prohibition. Mr. Payne, Mr. Bryan's voice is as far-reaching as ever, and his eloquence has not abated. Recently he conducted campaigns in the southern states and everywhere he spoke overflow meetings were necessary. On this present tour Bryan and Russell are speaking twice, every night, at special music in addition. The Polish Benevolent Society hopes to have an all-Polish band to accompany their decoration.

The committee at its meeting Monday went on record as favoring a proposal made by Thomas McDermott of the Putnam baseball team to have a game for the school grounds. Mr. McDermott will gather a team of stars for this date, and has guaranteed to bring a fast team here to meet his own. The game will be held on the grounds at a price which will just cover the expenses incurred by the team. Captain John Bulgar, of the Putnam police department, has submitted his report to the town school committee. He stated that it will take people out of the center of the city and thus relieve a part of the day at least the tremendous congestion of traffic would result from such a celebration as is being planned. He will have many special officers on duty to handle the crowds. The Putnam school board is in favor of the game and have granted the use of the grounds. The speaker's stand will also be located on the high school lot, but plans are being devised to move it before the game, afterwards replacing it.

Walter E. Hammond, principal of Putnam high school, has submitted his report to the town school committee. It follows: Sessions of the summer school for the season of 1917 began July 1 and was at first planned to have sessions three days a week, from 8 until 12 A. M. It was impossible to take care of the school in this manner, and at that time so it was arranged to have school five days a week, from 8 to 12. Having more time at his disposal the principal has endeavored to bring the summer school to a close, August 4.

The registrars for work at the school divided as follows: Sixth grade Reg. Pro. Attend. 6 6 94% First grade 10 10 58.2-3% Second grade 17 12 75% Third grade 11 11 83% Fourth grade 5 4 83% Fifth grade 8 4 92% Seventh grade 14 14 96% Eighth grade 3 3 100%

The total number registered was 71 and of those 59 were promoted. The attendance was very good except in the first grade and the poor attendance was due to a large number of children. I feel that the summer school has been very successful and useful. I would suggest that it might be possible to have an special teacher take such children as need assistance for a week during Christmas vacation and for a week at Easter time. Summer school might not be necessary, but in any case, I would suggest that the summer school continue for but four weeks and sessions five days a week, upper grades from 8 to 12, lower ones from 1:30 to 5 P. M.

There was an enthusiastic gathering of members of the local post of the American Legion in Eagles hall Tuesday night, following the customary business, a general social, hour and smoker was enjoyed. Rev. Boynton Hill, pastor of the Putnam Congregational church, who served as chaplain on the flagship during the war, addressed the meeting and explained to the members the advantages of belonging to the legion. His remarks were enthusiastically received. Members of the various committees of the legion were called upon and responded briefly.

Benjamin W. Ellis, agent of the Windham County Farmers' association, was in Willimantic and Storrs on Tuesday. A long troop train carrying members of the Second division passed through Putnam late Monday night, and of its way to Camp Devens. All of the men on the train had been overseas service, and a large part of the time had been spent in Germany.

F. C. Werkentin, a representative of the department of agriculture, bureau of plant diseases, was in Putnam recently conferring at the rooms of the Farmers' association with Agent Benjamin W. Ellis. Mr. Werkentin is sent out to give information concerning potato wart, a new disease which according to him, threatens the potato crop of the country. This disease was discovered last fall in Putnam, and the department of agriculture is making all possible efforts to stop its spread. Potato wart appears as a spotty growth on the potato, and since it does not affect the growth of the vine it is difficult to find until the crop is being dug. Mr. Werkentin advises Windham county farmers to watch their potatoes closely and to report at once to Mr. Ellis if the wart is found, so that preventive steps may be taken. It is the germ that causes the growth

once gets into a potato field the soil may be rendered unfit for use for many years.

A session of the city court, in chambers, was held Tuesday, at which time a number of boys were before Judge Mahlon H. Geiseler charged with apple stealing. The offenders had been swimming and after their dip strolled into a nearby orchard and helped themselves. The owner made objection and called the police. The judge gave the boys a talking and they promised not to repeat their offense.

There was a meeting of the Women's Relief corps Tuesday afternoon at the home of Mrs. Joseph Leoni, employed at the Milot & Williams store, and Miss Albina St. Onge, daughter of Mr. and Mrs. Joseph St. Onge, are to be married Monday morning at St. Mary's church, Putnam.

The registrars of voters of the town of Putnam have perfected the caucus list.

James Redner, 82, died Sunday at the Day Kimball hospital as the result of a fall in his home about three weeks ago. Mr. Redner was a retired electrician and his home was New York. He was at Pomfret for the summer.

The body has been sent to Kenisco, N. Y., for burial.

At a meeting of the Putnam school committee Monday night, Elmer E. Ellsworth of Willimantic was elected principal of Israel Putnam school to succeed Walter E. Hammond, resigned. Mr. Ellsworth is now in New Jersey and has taught there during the past year. He is a graduate of Windham High school and the state normal school at Willimantic. He is unmarried. Miss Emma F. Poore of Waltham, Mass., was elected teacher of science for the high school. Her salary is to be \$1,000. Rachel Gardner was elected as assistant in the commercial department with a salary of \$800. She is also to do clerical work in the office of the superintendent of schools.

It is reported in Putnam that Edward F. Snow, principal of Putnam High school, has accepted the appointment of vice principal of Meriden High school. No resignation has yet been received by the school committee. Should Mr. Snow leave Putnam, it is thought that Mr. Ellis, present superintendent and his home was New York, would be chosen his successor.

The work of repairing and extension at Smith street school is nearly completed and this building now compares favorably with any others in the school system. A new room has been added, giving a total of four, and steel ceiling and electric lights have been installed.

SOUTH KILLINGLY

Mrs. Ernest Hall and son Roger of Hartford have been visiting at Albert Pike's.

Amos Martin has moved to Killingly Center.

Mrs. Henry Spaulding and daughter Ruth have been spending a week at Greene, R. I.

George Slater of Worcester has been visiting at A. A. Jacques.

Beulah Martin was in Danielson Saturday.

Hermes Barlow has obtained employment in Danielson.

Frank Jacques, Mr. and Mrs. Herman Barlow, Mrs. P. H. Coffey and Ruth Coffey spent Sunday at Sand Point.

Beatrice Coffey spent Sunday at Mrs. William Holland's in Putnam.

Care and Responsibility.

THE responsibility attached to the preparing of a remedy for infants and children is undoubtedly greater than that imposed upon the manufacturer of remedies for adults whose system is sufficiently strong to counteract, for a time at least, any injurious drug. It is well to observe that Castoria is prepared today, as it has been for the past 40 years, under the personal supervision of Mr. Chas. H. Fletcher.

What have makers of imitations and substitutes at stake? What are their responsibilities? To whom are they answerable? They spring up today, scatter their nefarious wares broadcast, and disappear tomorrow.

Could each mother see the painstaking care with which the prescription for Fletcher's Castoria is prepared; could they read the innumerable testimonials from grateful mothers, they would never listen to the subtle pleadings and false arguments of those who would offer an imitation of, or substitute for, the tried and true Fletcher's Castoria.

A Word About Truth.

"Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows no favors, fears no enemies.

From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this motto in the preparation of Fletcher's Castoria as well as in its advertising is due the secret of its popular demand.

All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive.

And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not.

Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little ones. The BABY'S need for a medicine to take the place of Castor Oil, Paregoric and Soothing Syrup was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA.

GENUINE CASTORIA ALWAYS Bears the Signature of
