

### An Internal Treatment For Piles (Hemorrhoids)

Give immediate relief from all pain and suffering. This never failed—Guaranteed.

Many people have become dependent because they have been led to believe that their case was hopeless and that there was no remedy for their case. Go to your druggist and get an original bottle of Miro. E. Pinckham's discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble, where, by its soothing healing luteinase action, it first softens and then by direct contact with the tissues and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments. The wonderful results have been accomplished. It is one of the wonderful discoveries of recent years, and is the only medicine pointed with its use can have their names removed.

Just read what Mr. F. M. Smith of 311 Broadway, Lorain, Ohio, says: "I have had hemorrhoids for many years. There is no equal to it. I have used for 15 years, and tried everything that was recommended. I doctored for years and was a constant sufferer. With the use of Miro, I was entirely cured. My sufferings will never be forgotten. Guaranteed Remedies Co., Elira, Ohio."

**BURGERS GET 665**

**SOMEONE AT TAFTVILLE SALOON**

Sometime Monday night the saloon on Merchants avenue, Taftville, owned by Edwin J. Doherty, was broken into and \$65 taken from the cash register. The break was discovered Tuesday morning.

When Mr. Doherty closed his place of business at eleven Monday night he made the rounds of the building and found the register open and the money gone. He called the police and they arrived at about seven o'clock Tuesday morning. The burglar had taken the register for the day and upon opening the register found that its contents had been stolen.

Mr. Doherty stated Tuesday evening that from all appearances the person or persons who entered the building were well acquainted with the interior. Entry had been made by entering the cellar and prying up a loose board in the floor. The register was rifled and carefully closed. The burglars had then taken the key to the back door, which was hung on a nail on the outside of the door, and made their getaway, leaving no trace behind.

Mr. Doherty had been in the habit of leaving a small amount of money in the register but Tuesday night had left \$65 in the register. The robbery has not been reported to the local police.
