

SPEED TYPISTS WIN GOLD MEDALS

MISS MARY SULLIVAN
First Prize Winner

A thirteen year old pupil of the Norwich Commercial school, wins Remington gold medal for high speed and accuracy in special typewriting contest held by special representative, W. H. Peck.

This young lady wrote at a speed of fifty-five words per minute for ten minutes with only one immaterial error. On speed sentence work she wrote at the rate of 175 words per minute. This is one of the best recent typewriting records made in Eastern Connecticut.

Mary Sullivan of Greenville is the young lady who is the proud possessor of this record and gold medal. She has been assisting in clerical work in the Chamber of Commerce office afternoons, while pursuing her course.

Lillian Stafford of Baltic, one of the fastest writers in the contest, wrote 1378 words with but one immaterial error, and on the speed sentence work wrote at the rate of 175 words per minute. Her speed on new matter averaged sixty-one words on the gold medal contest. Miss Stafford has recently been doing substitute work at the Y. M. C. A.

Mildred White of North Franklin, won her gold medal for high speed and accuracy by writing fifty-six words per minute and has just accepted a position with the S. C. S. Box Co. of Willimantic.

Miss Stafford and Miss White both passed seven different preliminary tests on new matter before taking the gold medal test. In each case they made a higher rate of speed than that required to win the medal.

James P. Walsh, of Boswell avenue, also won the gold medal, writing at a speed of sixty-three words a minute, his average speed on new matter being seventy-three words per minute.

The slight errors made by these young speed artists would not have been noticed in actual office work but in this speed contest ten words for each error, were deducted from their record.

In a special three-minute contest on practice matter Miss Sullivan wrote at the rate of 140 words per minute.

To Keep My Skin Soft, Clear and Pliable

I Use Howard's Buttermilk Cream

MISS MILDRED WHITE

those of the U. S. government test held at this school last year.

The speed of these Eastern Connecticut Commercial school trained typists is quite remarkable when their age is considered as well as the fact that the national championship is held at 144 words per minute.

In speaking of the office employment situation in Eastern Connecticut, Mr.

MISS ELEANOR LUDWIG

Crandall stated that during the past year he had had over three calls for excellent salaries and that graduates had recently accepted positions from 35 to 40 business firms in this territory.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles that even chronic cases of from 20 to 30 years' standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

Lee & Osgood Co. dispense Miro, or can get it for you on short notice. Simply it is worth the little trouble to obtain it to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this reason Miro Pile Remedy has been prepared, as in such cases it is not necessary to take the internal prescription.

How He Quit Tobacco

This veteran, S. E. Lamphere, was addicted to the excessive use of tobacco for many years. He wanted to stop, but knew something to help him. He learned of a free book that told about the habit and how to conquer it. He quickly, easily and safely gave up the habit. He writes: "In a word, I quit tobacco and have no desire for tobacco any more. I feel like a new man." Anyone desiring a copy of this book on to see habit, smoking and chewing, can get it free, postpaid by writing F. Wood, T. B. 58, Station F, New York City. You will be surprised to find how easy it is to quit. It is a matter of increased vigor, increased strength, better digestion, increased appetite, increased vigor, increased life and other advantages if you quit poisoning yourself.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me. Eugene M. Fullen, Carpenter, 157 E. Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured; you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Mr. Crandall is quite proud of the fact that the students of his school are the only business school students in Eastern Connecticut to win gold medals and high speed certificates this school year. There have been only four gold medals awarded and they were all won by students of the Commercial school.

Special high speed certificates were awarded to Bert Swanson, who has just been placed with the A. B. Burlington Co. as secretary; Ruth Kinney, Monica Donovan, R. Marshak, Eleanor Ludwig, Mildred White, Sadie Shea, E. Sadinsky, L. Kreiger, A. Crooks, John Alubowitz, Mary F. Weiler, Mary Tylander, Emma Maples and Mary Bundy.

Mr. Crandall states that before the end of the present school year he expects to see some unusual records made by these pupils who form the largest class of Eastern Connecticut typists that he has had during the last twelve years. The enrollment is 300 per cent. over last year, a faculty of

Following is the list of officers of the Tolland County Medical Association: President, William L. Higgins, M. D., South Coventry; vice president, Alonzo L. Hurd, M. D., Somers; secretary, Fred W. Walsh, M. D., Rockville; councillor, T. F. Rockwell, M. D., Rockville; censors, John P. Hanley, M. D., Stafford, F. W. Walsh, M. D., Rockville, T. F. O'Loughlin, M. D., Rockville. The officers of the Connecticut State Medical Society are: President, Charles Ten Eyck LaMoure, M. D., superintendent of the Mansfield Training School and Hospital. Remarks on the diagnosis of mental defect—Arnold Lucius Gesell, M. D., Ph. D., professor of child hygiene, Yale university.

By order of the adjutant general of the state of Connecticut, the Stars and Stripes were ordered displayed at half mast until 12 o'clock Monday on all of the state armories in honor of Col. Francis J. Regan, 88, quartermaster general of the Connecticut state guard, whose funeral was held Monday morning at Rockville, Col. Regan died at his home Friday. He was appointed quartermaster general Oct. 13, 1915, and served up to the time of his death.

Col. Regan was one of the best known manufacturers in the state. He was connected with the Regan Mfg. Co. and was also a director in the Rockville bank. He held the office of quartermaster general on the staff of Governor Holcomb. He has

ASPIRIN FOR COLDS

AGED GLASGO WOMAN HAD 80 GRANDCHILDREN

Mrs. Beatrice Marie Doyon, known as Old Grandma Doyon by many, died in Glasgow last Thursday morning about four o'clock at the age of 84 years and four months, after a very short illness, due to old age. She is survived by two brothers, Edward of Glasgow and Pierre of Lowell, Mass., and three sisters, Adele of Canada, Elise of Lewiston, Me., and Marie of Texas. She was the mother of twelve children, and is survived by ten, Mrs. Rent Couture, Mrs.

Exavier Cyr of Jewett City and Mrs. Emanuel Simoneau of Baltic, Archelaus and Joseph of Woonsocket, Ferdinand of East Douglas, Arthur of Plainfield, August, who has been in the navy for the last eleven years, Edmond and Maglene of Glasgow. She was grandmother of 80 grandchildren of whom thirteen served Uncle Sam in the great war, and three made the supreme sacrifice. She leaves 48 great grandchildren. She spent forty last years of her life in Glasgow and was a loving mother and grandmother.

Girls' Club Met

The October business meeting of the Norwich Girls club was held on Tuesday evening at the home of Miss Ruth Breckenridge. Routine business was transacted. After adjournment, a social hour was spent with sewing, music and refreshments. The next meeting will be held at the home of Miss Anna Bergman.

Fire in Barrel in Shed

At 4:47 o'clock Tuesday morning an alarm from Box 14, Thames square, called out the fire department for a fire in a barrel in a shed at 159 West Main street. It looked as if hot ashes had been thrown in the barrel. The fire was extinguished with chemical, there being no loss.

The "Reigning" Beverage

Gansett

TRADE MARK REG. U.S. PAT. OFF.

The New Brew with the Old Name

In the making of malted beverages, Nature is the brewer. Man brings the ingredients Nature has prepared—the sun-ripened grain, pungent hops and pure water together under conditions of the most scrupulous cleanliness, and allows nature to finish the job.

This way Gansett is made. It is a true malt drink—liquid food, if you like—non-alcoholic, but with the stimulating, refreshing flavor of hops.

Sold in quantities at grocery stores, and by the bottle in drug stores, soda fountains, restaurants, cafes, hotels and clubs.

Some dealers may be unprepared to fill your order. If yours cannot supply you, write or phone the
