Windham High triumphed over Westbury Wednesday afternoon, at Recreation Park, when their football team pushed the ball over the Rhode Island boys' goal line for the only touchdown of the game. The teams were about evenly matched and the number of yards gained through line plunges was about equal. Windham's brand of forward passing proved to be the best gaining asset they had and it was used many times, netting gains of from ten to twenty yards. Windham received in the first quarter by using forward and line plunges, carried the ball to Westbury's two-yard line. Here Westbury braced and took possession of the ball by holding Windham for the fourth down. Westbury was forced to punt and the ball changed hands several times. The quarter ended with the ball in Windham's possession on Westbury's 22-yard line. In the second quarter, Windham fought slowly to ward their opponent's goal, and after losing the ball several times and retaining it through some of Westbury's heavy tumbles, carried it over the line for a touchdown. In the third and fourth quarters Westbury put on more speed and held Windham down, but tumbles again proved costly and the game ended with the ball in Windham's possession on Westbury's four-yard line.

Wednesday's playing showed the progress the Windham team made during the past week; their plays went off smoothly and the forward passes, which are their greatest gaining device, worked to perfection. The lineup at the eleven was as follows:

Windham: A. Staebner, Right End; Dowd, Right Guard; Stanley, Fullback; Thompson, Right Guard; Geary, Left Guard.

It was announced that owing to business engagements, Dr. Robert H. Walker of Hartford, field secretary of the Society of Social Hygiene and assistant of that branch of W. C. T. U. work, would be unable to speak today (Thursday). The afternoon session was given over to reports from state officers and to the annual address of the president, Mrs. Caroline B. Buell. In her address Mrs. Buell spoke of the place the city of Willimantic had in the hearts of those who had attended the convention held here in 1910. She spoke of the loss of two great workers for the cause, Dr. Anna Howard Shaw, who had done much to aid the cause of prohibition and suffrage, who died July 2, just after the eighteenth amendment had been passed; and Mrs. Susan K. Luce of Niantic, who had at different times held the office of recording secretary and of treasurer. In speaking of the work before the organization Mrs. Buell stated that the organization would have to meet and overcome many obstacles that may arise. Wartime and constitutional prohibitions were touched on, quotations from the amendment being used to bring out points of vital interest. The report of the corresponding secretary was presented and a brief outline of work done in a few of the counties in the state was given, each
