

# REACTION IN NEW YORK STOCK MARKET

New York, Nov. 18.—Wall street, as represented by the stock exchange, engaged in further housecleaning today. The reaction at times was the least dramatic thing that which attended last week's sensational liquidating movement.

The decline today derived much of its momentum from the maintenance of high money rates, the complete collapse of foreign exchange and indications that the safety of the financial situation demanded further readjustment of speculative conditions.

In the course of the several, many stocks went considerably below recent minimum quotations, and rails, which gave promise of laying a sound foundation for future operations, eased at the first signs of pressure.

Local brokers were less active in the selling than the commission houses. This confirmed the impression prevalent in many quarters that the accounts of many out of town traders with reduced margins were being liquidated.

Unsettled centered in Crucible Steel, one of the famous "war brides"

and later popular as a "peace" industrial. Crucible not long ago sold up to \$261 a share, more than three times its high price of 1914 and almost two times higher than its maximum in the boom of 1915.

Recently new interests have come into control of the property, and the stock has been subjected to considerable bear pressure. Its extreme decline today was 31 1/2 points to 178 1/2, from which it rallied 7 1/2 points.

Other steels of the so-called independent group reacted 5 to almost 15 points with kindred equipments, motors, oils and tobaccos, the movement as a whole being strongly suggestive of the enforced closing out of "pools" and similar powerful interests.

**63,000 RIFLES DELIVERED TO GEN. KOLOHAK'S FORCES**

Vladivostok, Wednesday, Nov. 12 (By the A. P.).—The 63,000 rifles which an American detachment was conveying by train from Vladivostok to Kolchak's forces at Irkutsk went through intact to that city, despite the demand of General Semenov, the Cossack commander in central Siberia, that 15,000 of the rifles be handed over to him en route. Semenov held up the train conveying the arms at Chita on Oct. 24 and gave the Americans until 11 o'clock on the morning of Oct. 25 to comply with his demand. Details of what happened after Semenov issued his ultimatum were not known until today.

The American train was held up for forty hours, the lieutenant commanding the train guard not knowing until after the expiration of Semenov's time limit that the Japanese had interfered and obtained permission for the train to proceed.

According to members of the Stevens railway commission at Chita, after Semenov demanded the rifles, the guard of five Americans crept under the cars, using the cases of guns as a barricade. Semenov ran an armored train on the tracks opposite them.

The Americans planned to blow up the train at each end of the armored train as soon as the attack began to prevent the moving of the Semenov train and then to storm and capture it, the train being too close for the Americans to use field pieces. After the expiration of the ultimatum the Americans demanded and obtained the removal of the armored train from the tracks opposite them.

The representatives at Vladivostok of Admiral Kolchak have informed Major General William S. Graves, commander of the American forces in Siberia, that the Omsk government had issued orders for the delivery to Semenov of 15,000 rifles.

### SIX OFFICIALS OF AMAL CLOTHING WORKERS INDICTED

Chicago, Nov. 12.—Indictments were voted late today against six officials of the Amalgamated Clothing Workers of America, who are charged with having obtained money from clothing manufacturers by means of extortion and by the levying of "fines" in the settlement of strikes.

Four clothing manufacturers are said to have testified that they paid more than \$100,000 to representatives of the organization.

The men also are charged with issuing boycotts and blacklist orders against certain firms and individual workers, conspiracy to commit felony, malicious destruction of property and the maiming and disfiguring of persons.

### NO TRACE OF BODIES OF CREW OF STEAMER JOHN OWEN

Cleveland, O., Nov. 12.—Two tugs returned to Sault Ste Marie today after searching the shores of Caribou Island, Lake Superior, for bodies of the crew of 22 of the steamer John Owen, believed to have been lost in a gale last Thursday, reported to the owners here that they found the name plate from the cabin and other wreckage of the Owen, but no bodies.

Another despatch from Sault Ste Marie said that Grand Marais and Munising, on the south shore of Lake Superior, had telephoned that no bodies had been located at either place.

W. C. Richardson and Company, the owners of the boat, have given up all hope for the crew or vessel.

### SUGGESTS INTERNATIONAL CONFERENCE OF BANKERS

New York, Nov. 18.—An international conference of bankers to arrange a working basis for the normal resumption of international financial and commercial relations was suggested today by W. Westerman, president of the Rotterdamse Bankvereeniging,

Holland's largest financial institution. Having come to New York after visiting England and Germany, Mr. Westerman issued a statement in which he said:

"I wish to suggest that several prominent American bankers who have the confidence of their colleagues and of the American public should assemble a conference at some neutral place in Europe, preferably The Hague, where the entire question of after-the-war finance might be studied and from which definite recommendations for action might be presented to the various governments. It is alone in such a way that I think the problem may be finally and satisfactorily solved."

"Such a conference would have to be absolutely free from interference on the part of military or political interests and it would be better, too, if all government interference might be avoided."

Mr. Westerman said that in his opinion America "has an unquestionable moral obligation towards Europe, and must therefore occupy itself with the political, economic and financial situation of the world in general."

Furthermore, he added, "it is obviously to the best interests of the United States that Europe should not be allowed to go to pieces." Such a development, he said, "would cast a serious reflection on America's position."

### SUICIDED AT HOME OF BROTHER IN HARTFORD

Hartford, Conn., Nov. 18.—Willis B. Wright, of New Orleans, committed suicide at the home of his brother, Edward A. Wright, 11 Huntington street, Sunday, according to the report submitted by Assistant Medical Examiner H. Gildersleeve Jarvis to Coroner J. Gilbert Calhoun.

In the report Dr. Jarvis said strangulation was the immediate cause of death. He said Mr. Wright "tied himself to the bed post" and that strangulation resulted from the act.

Mr. Wright was 38 years old and leaves a widow who is expected to arrive here Wednesday.

He was a contracting engineer in New Orleans and had been suffering for a year from nervous prostration, due to overwork, it was said today.

# All the colors of the rainbow are poured over woman this Fall

*FASHION commands that woman go brilliantly—from underslip to veil and gloves—or she'll not go fashionably at all*

**N**EVER has the smart woman been so like a brilliant bird as she is this Fall.

The new blouses, lingerie frocks, street dresses, evening gowns are a wizardry of coloring.

Underwear, negligees, stockings—hats, wraps, ribbons, gloves—everything a woman wears disdains to be less than the rainbow!

And this new flaming into color has come so quickly, has grown so enormously, that the makers of clothes can't keep up with it. They

can't get the new colors into the shops till months and months after you have first read of them in the smart magazines.

A wonderful new way has been found for women to get the smartest of new colors at once. They can stop hunting vainly through the shops. They can stop being sad over the sober clothes they're still having to wear.

For all they have to do is to wash their blouses, frocks and veils into any merry hue they have set their hearts upon!

## Just wash the season's gaiety into everything you have

**Y**OU just wash your (things) with Twink—the wonderful new colored flakes. And they're beautiful! They're all the new colors! For Twink is made just to give your blouse or cambrile any gay color you wish—at the same time it launders as perfectly as Lux.

Really smart colors—that always turn out right

Twink shades were chosen with the help of the authorities in this country on the colors of women's clothes. The blues, the pinks and grays, the very yellow, lavender, and so on, that are to be most in favor.

And every time you get these true smart shades—and so fast you can wash the

garment several times with Lux before its next Twinking.

You throw the Twink flakes into very hot or boiling water. You work your blouse around in these hot suds for a few minutes, then squeeze the suds through gently, as you've always done with Lux. You rinse it well in cold water. Then a quick pressing—and all in a twinkling you've an adorable smart new waist.

Get two or three different colors of Twink today, and follow the surprisingly easy directions that come with the package.

All the department stores, 5 and 10 cent stores and your druggist, have Twink. —Lever Bros. Co. Cambridge, Mass. (Makers of Lux).

**CHASE Plush Motor Car Robes**

**The Closed Motor Car and Its Robe**

**A** MOTOR Robe is a necessity, not an accessory. Off-hand one figures a robe out of place in a closed car, but this is a decided mistake.

A robe is truly essential to the closed-car motorist. Evil drafts penetrate unnoticed with harmful results—causing severe colds. No matter how secure you feel, give this a moment's thought—think of the wisdom of having a robe and don't endanger your health again.
