Norwich Bulletin, Willimantic Office, 23 Church St. Telephone 105.

Willimantic for thirty-six hours has been in the grip of one of the worst storms in several years, and since Thursday morning has been practically shut off from cities and towns surrounding it. The heavy fall of snow and sleep, accompanied by a high wind piled high drifts in the streets and on the railroad tracks, causing traffic of all kinds to come to a standstill. Trolleys in the city proper, have not run for the past twenty-four hours and the trolley line between this place and Norwich has been blocked for the same length of time. Trains coming into the city from New York and Boston were late during the day, and as night came on and the storm kept on unabated, the train service grew worse and trains were reported from five to seven hours late. Traveling by automobile was difficult and those who did venture out had many narrow escapes caused through skidding into the deep drifts by the roadside.

Factories in the city were short-handed during Thursday. The grammar schools were closed, the no-session bell ringing at eight o'clock in the morning. Windham High School opened as usual, but the attendance was about one-half normal.

The local telephone company had its troubles during the day and the service was badly crippled, but calls were put through as fast as could be expected under the circumstances.

The first in the series of Friday afternoon gatherings of the younger members of the Y. M. C. A. is to be held this afternoon at 4 o'clock at the association building. The meeting,

which will be in charge of Assistant Secretary Frank R. Custard, will consist of the showing of two reels of motion pictures, both of an educational nature, and a series of stereoscopic views, of Revolutionary War lectures. Following the pictures there is to be a social good time during which refreshments will be served.

A case that continues to baffle the police is the whereabouts of a man who hired a sleigh from Fred LeClair, Thursday morning to drive to Storrs to get some tools he claimed he left at that place. Up to a late hour Thursday night nothing had been learned of his arrival at Storrs. It is thought probable that he has put up at some farmhouse upon the road, after finding the roads impassable.

Everything is in readiness for the classes in American citizenship and beginning tonight (Friday) and continuing for ten consecutive weeks. Americanization Agent J. E. Elmendorf will meet those wishing to take advantage of this offer in his office, Room 2, Y. M. C. A. building. It is the plan of Mr. Elmendorf to give these lessons to persons desiring to take out citizenship papers and by starting the classes at this time some persons will be equipped to take out papers before the court at the next session to be held in this city, March 11. Prominent men will attend these meetings and will explain the various phases of our government. The lessons to be taught tonight will be "Qualifications for Naturalization and a study of the various forms of government."

Rev. Paul Koschuk, 52, died Wednesday afternoon at St. Joseph's hospital, death being due to pneumonia. Rev. Mr. Koschuk, who was pastor of the local Russian Orthodox church, was taken ill Saturday last and his condition became such that it was deemed advisable to take him to the hospital Monday. Rev. Mr. Koschuk was a native of Austria, born in Galicia, July 20, 1867. He was ordained a priest of the Russian church several years ago at Springfield, Pa., and was a member of a branch of monks whose monastery is located in that state. He came to this city August 7, 1919, and took charge of the Russian church and the church has prospered well under his leadership. The bishop of the diocese in New York was notified of the death of Rev. Mr. Koschuk.

Lawrence A. Howard, teacher of chemistry and physics at Windham High School, has tendered his resignation to the town school committee, to take effect in 60 days. Mr. Howard will leave this city for Norwich, where he will teach in the High School.

The February church night at the First Congregational church was postponed Thursday, owing to the storm. Sessions at the classes at the Y. M. C. A. were also held over owing to the difficulty in getting to the building.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair, a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage. Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair. "Danderine" is tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

YANTIC

A smoker is to be held in the Fire Engine hall Saturday evening. Tuesday Mr. Tucker, of Boston, conducted a tractor demonstration school in the Engine hall for the purpose of explaining the uses and manipulation of a tractor. There was a very small class present and because of this the session lasted only one day. Blue jays and squirrels around the towers, have been making us worry about these severe days as the wire mesh corn crib provides ample food. Occasionally one notices a dozen blue jays and a half frozen squirrel feeding at one.

The Liberty Woolen Mills Corporation is enclosing the mill property with a galvanized steel fence, nine feet high. Yantic friends of William Robinson are grieved to learn of the seriousness of his accident last week. He is patient at the W. W. Backus hospital.

Joseph Badger of Lebanon was brought to the Backus hospital recently suffering with a broken ankle. His sister, Miss Badger, resides in Yantic village. Miss Lucy Ladd has returned to Manchester after spending the week end at Elmwood, the guest of relatives.

Miss Florentia Wallin is spending the winter at Sea Breeze, Florida. William F. McHale has returned to New York, after a brief stay with relatives here. Miss Nettie Ward has returned to Lebanon, after several months' stay in the village.

Miss Eunice Northrup has returned to Hartford after spending the week end at her home on Wauwagan Hill. Miss Mary Curry of Willimantic is spending the week end at her home here.

Mrs. William Foote and sons, Harry and George, and her daughter, Mrs. Norman Iverson, left town Tuesday night for Mrs. Iverson's home in Detroit, Mich., where Mrs. Foote and her sons will spend several months having closed their house on Oakdale avenue.

Mrs. A. Barrell is spending the winter in the village with her daughter, Mrs. Steinkamp. John Coughlin is ill with bronchial pneumonia. Dr. and Mrs. M. H. Seaman, of Webster, were in town during the early part of the week and Miss Anna Coughlin, of New London, is now at home on the Franklin road, having been called there because of his illness. Mrs. Stanton and Miss Coughlin are daughters of Mr. Coughlin.

LIBERAL-MINDED CANDIDATE.
Mr. Gerald is not the strongest candidate for president before the people, perhaps, but he will pose nothing in public esteem by his liberality. He doesn't mind saying that there are other good men available besides himself.—Chattanooga News.

EDINBURGH LANDMARK GONE.
An interesting bit of old Edinburgh dating back about 1000, has been burned. The destroyed building, which consisted of a single story and attic, was one of the landmarks of the Holyrood area. It was the old Yew Tree tavern, and stood inside the bounds of the Holyrood sanctuary for debtors, within which, in days of yore, the fugitive was free from the attentions of his creditors.

Copan is an ancient ruined city of northwestern Honduras, on the Copan river. The remains are of unknown antiquity and very extensive, stretching for about two miles along the river. The buildings are of stone, embracing a temple, over 600 feet long, with many sculptured figures. The Copan ruins take their name from a modern town to the east of them. This was an Indian stronghold, and was taken after a fierce struggle by the Spaniards under Hernando de Chaves in 1530.

The Roman Fare.
The Roman soldiers, who built such wonderful roads and carried a weight of armor and baggage, lived on coarse brown bread and sour wine. They were temperate in diet and regular and constant in exercise. The Spanish peasant works every day and dances half the night, yet eats only black bread, onion and water lemon.

Evil Always to Be Fought.
There can be no compromise with evil. It never is right to choose wrong, whatever golden returns it may offer or however difficult
