

RHEUMATISM

I suffered for years with stomach trouble and constipation. I got so I could eat nothing but soft food and had to take a quart of mineral water a day for my bowels. I decided to try Milk Emulsion and have had three bottles. The results have been wonderful. The stomach left my stomach, I can eat solid food, my bowels have improved, and I feel like a new man. Anyone suffering as I did should lose no time in starting on Milk Emulsion. - W. Whitesides, 214 1/2 S. 6th St., Springfield, Ill.

DANIELSON AND PUTNAM NEWS

DANIELSON

Mrs. Owen Bell, who has been dangerously ill with pneumonia, was reported out of danger Monday. William S. Brown, of the Shubert Hill farm, near Wauregan, has been confined to his home by illness the past few days.

Mrs. Eno Roberts of Broad street will accompany Mr. and Mrs. C. N. Turner to Los Angeles, about March 1. Mr. Turner goes there to fill a position for the Goodyear company, with which his father has been connected during the several years that he has made his home in Danielson.

Another cold wave Monday blotted out for another week the hope of a clean-up that was born of the mid temperature of Saturday and the heavy rain of Sunday's early hours. The Monday took the place of the water and slush of Sunday.

A whist and social dance, one of the last of the pre-Lenten entertainments, was given in Pallett's hall, Monday evening by Rose of Linn council, K. of C. music for the dancing by the newly organized K. of C. orchestra, of which Hugh Carragher, violinist, is leader.

At Wednesday and the opening of the Lenten season will open tomorrow with the usual services for that day at St. James' church.

After being out of Danielson for nearly two weeks, people resident in Wauregan, Central Village, Moosup and other places to the south and east are coming into town again over the highways, as the route via Brooklyn has been opened for travel. A force of men also was engaged Monday in opening the direct route to Wauregan.

Five big acts of vaudeville and a film program at the Orpheum theatre, Wed. evening, adv.

At the post office here it was announced that a communication had been received stating that positions are open for several hundred stenographer-typists in the federal service at Washington. These positions pay from \$1,245 to \$1,440 per year. Examinations may be taken any Tuesday in Boston or other large cities in New England. Information pertaining to the appointments may be obtained at the post office.

Dayville is to have a mass meeting Sunday next in Columbia hall, when John J. Spolan, of New Haven is to speak there. The subject is the Friends of Irish Freedom. It is expected that attendance will be attracted from Danielson and other places in this vicinity.

The body of Mrs. James Lee, whose death occurred in Wallingford and who for years was a resident of this place, is to be brought to Danielson for burial.

Broken Blossoms, and the famous Griffith picture at the Orpheum theatre, Wed. evening, adv.

A crew of moth hunters working in towns in this territory under the direction of the deputy state entomologist, Fred W. Davis, has been equipped with snowshoes in order that they may be able to continue their work under the trying conditions that are facing snow with from a foot to 15 inches of snow covering the country. Eight pairs of the snowshoes have been loaned to the men, who are learning many things these days relative to the skillful operation of the pesky things. Members of the snowshoe brigade may be seen any day now making good time across lots, heading for some steep slope or tree or other fixed guide to getting "where you ain't" as rapidly as may be possible.

East Brooklyn residents are with those of the borough in any step that may be taken to prevent becoming effective the proposed increase of rates recently announced by the Crystal Water company. This fact was made known on Monday, when a request was made that publicity be given to the fact that the subscribers of the Crystal Water Co., in that section have no intent of submitting to the new schedule of charges until they have exhausted every means of preventing it. It was said in their behalf that they would have no objection to joining with borough residents in any legitimate step that may be taken to prevent the proposed increase becoming effective.

It is probable that an announcement will be made in a day or two of a meeting to consider what best should be done to get the matter before the Public Utilities Commission and how to raise the necessary money to make the legal battle that must necessarily be fought to have even a hope of relief from the burdensome assessments that water users will have to face unless they take concerted action.

It is fully realized that it is going to cost money to combat the water company, but the fighting spirit of many here has been aroused and

there is little doubt that the necessary funds can be raised.

At her home in Brooklyn, at one o'clock Monday afternoon, a funeral service for Miss Lucy Davidson was conducted by Rev. Thomas Paine. Miss Davidson was 59 years of age and a long time had lived in Brooklyn. The bearers were Mr. Stetson, Charles S. Hyde, Irving Frink, and Nathaniel G. Williams. The body was placed in the receiving vault in the South Street, A. F. Wood was in charge of the funeral arrangements.

There is little prospect of the immediate resumption of trolley service on the local lines. An attempt to dig out the tracks would be almost hopeless, for they are thoroughly frozen in, and in some places, under from two to four feet of snow, which is frozen into a mass almost as difficult to break out as ice. Much of the snow on the tracks in some places has been cast there by street and highway cleaning operations, so that no snow-plow possibly could force its way through it. Nothing but a long drawn out thaw with rain and fog will clear the lines and make it ready for use again.

Thomas J. Murray, 66, for years a resident of Danielson, died at noon Monday of bronchial pneumonia at his home in Murray, Mass. Mr. Murray leaves a wife and one daughter. Ince only a few weeks ago he came to Danielson to attend the funeral of his sister, Mrs. Augusta Higgin, of Wauregan. Mr. and Mrs. Murray, of Hartford, J. Carl Witter conducted an auction sale of live stock, farming implements and other goods, Monday for Arthur Walters at the Barrett Hill farm in the town of Brooklyn. The sale attracted buyers from many towns in this part of the county.

Between Danielson and Elmville the state highway was very rough Monday, but efforts were being made to make it easier to ride over by filling in deep ruts in the ice with snow.

PUTNAM

Announcement of the death of Joseph Wolfe, early Monday morning, came as a distinct shock to the people of this city. Mr. Wolfe had been ill with pneumonia but a few days. Not a great many were aware of his illness and very few realized that his condition was dangerous.

Mr. Wolfe was a member of Wolfe Brothers, proprietors of a sales station on Woodstock avenue, and he had other business interests. During the few years he had been a resident of this city he had been very successful. He was a brother of Louis Wolfe, proprietor of the Dayville Grain and Coal company and president of the Putnam Butick company and also a brother of Jacob Wolfe. Mr. Wolfe died about 5 a. m. Monday. The body was taken to Norwich for burial, following a funeral service in the Hebrew cemetery at that city. Mr. Wolfe leaves his wife and three children.

Tomorrow (Wednesday) night this city will round out its second full week without trolley service. Just when operations will be resumed is difficult to forecast, but it seems very certain that weather conditions will have much to do with getting the cars back on their regular runs. The digging out of the lines from under the mass of snow and ice that buries them would be an impracticable task and an extraordinary expensive one, even if the necessary amount of help to do the work could be obtained. In a number of places there is a foot of ice frozen over the rails, which are nowhere in sight over the whole length of the Putnam division from Central Village to the Vermont state line in Thompson, a distance of many miles.

Monday the state highway between this city and Dayville was in much better condition than it has been at any time since the big storm, but between Dayville and Danielson the going is very rough, conditions being just reversed from what they were last week, when the Putnam end of the route was in bad shape and the Danielson end reasonably passable. Sunday's rain storm is responsible for the changed conditions. It is now possible, however, to motor direct from Putnam to Norwich, via Brooklyn and Wauregan, but the ride is not one that should be taken for pleasure.

Word was received here Monday morning of the death at a hospital in Norwich of Napoleon Molvieux, 80, a native of Canada, who has made his home in this city for years. The body arrived here from Norwich Monday evening.

Henry Ormsbee, 66, who some time ago suffered a shock, is dead at the Kiese house where he made his home, on the Arnold farm in the Sawyer district of this town.

The funeral of Hermanie Carroll, 62, wife of John Carroll, was held on Monday morning from her home on Church street with services at St. Mary's church at 9 o'clock. The services were attended by relatives and friends.

At St. Mary's church Monday at 10 a. m., there was a high mass of requiem at the funeral of Mrs. Sarah A. Mosley, 55, wife of Charles Mosley, of Pomfret. Mrs. Mosley's body was placed in the receiving vault at the Grove street cemetery.

The Mardi Gras observance that had been planned for this (Tuesday) evening has been postponed in respect to the memory of Selectman Joseph Lapaine, who died Sunday and who was one of the best known of the French Canadian residents of this city.

Miss A. Isabelle Byrne, who has been attending Teachers' college at Columbia university, has been appointed to the position of principal of the training school, New York, and will shortly enter upon her new duties.

There is little doubt that the necessary funds can be raised.

At her home in Brooklyn, at one o'clock Monday afternoon, a funeral service for Miss Lucy Davidson was conducted by Rev. Thomas Paine. Miss Davidson was 59 years of age and a long time had lived in Brooklyn. The bearers were Mr. Stetson, Charles S. Hyde, Irving Frink, and Nathaniel G. Williams. The body was placed in the receiving vault in the South Street, A. F. Wood was in charge of the funeral arrangements.

Deadly Menace of Neglected Colds

They Lead to Pneumonia or Serious Throat and Lung Troubles

Doctors know that a great many serious throat and lung troubles, and fatal cases of pneumonia develop from neglected colds so common at this season. Treat your cold promptly by using Father John's Medicine which gives you quick relief from the most distressing disease because it is pure and wholesome nourishment for those who are weakened and run down. Remember that Father John's Medicine is free from alcohol or dangerous drugs and therefore is a safe family medicine, fine for children as well as older people.

Miss Byrne formerly was at the Roosevelt hospital, New York, and last year returned from overseas, where she served as chief nurse of an army mobile hospital unit.

A novel method of breaking through the transportation barriers that the storm set up nearly two weeks ago and which, in great degree, remain unbroken, has been evolved by the Manhattan street car company of this city, which has arranged for transportation from New Bedford to New London, by boat, of a heavy shipment of yarn, lack of which is handicapping the company in operating its big plant here. The vessel bringing the yarn is expected to arrive at New London Tuesday, and no difficulty is expected to be encountered in getting the yarn from that city to Putnam. The Manhattan company owned about 200,000 pounds of yarn a week.

Miss Grace West, who for the past 12 years, has been employed at what is now the Huggins store, in Putnam, and who has been the cashier there, has resigned.

Receiving vaults at cemeteries throughout this territory have been filled nearly to capacity with bodies of persons who have died during the past month or six weeks. Cemetery directors say they do not expect any winter for many years that has so interfered with the burial of the dead as the present one. Unless winter's grip is broken soon the digging of graves will be absolutely unnecessary, as there will be no more space in the vaults for additional bodies.

Tomorrow, Ash Wednesday, brings to this territory that which is being filled nearly to capacity with bodies of persons who have died during the past month or six weeks. Cemetery directors say they do not expect any winter for many years that has so interfered with the burial of the dead as the present one. Unless winter's grip is broken soon the digging of graves will be absolutely unnecessary, as there will be no more space in the vaults for additional bodies.

George Lewis, manager of the shoe department at the Bugbee and Wulf store, has returned to his duties after a period of illness.

Mr. and Mrs. Hodge Smith left Monday for a few days' visit with relatives in Springfield, Conn. Mr. Smith's absence his father, David A. Smith, of Worcester, will be in charge of the Bradley theater.

A hearing of the case of the state vs. Arthur Pepin scheduled for the city court today, but may have to be postponed on account of the illness of Judge Wilbur I. Clark a prize of \$20 on their exhibit.

The inability to find food at their usual feeding places is attested by the fact that even crows are being driven into the heart of the city in search of something that will keep them from starvation. Hunters predict that quail will be nearly exterminated by the severity of the winter weather.

J. A. Hayward, one of the city's business men, will testify that getting from his home in Pomfret to Putnam these days is not one of the pleasant experiences. Mr. Hayward walks back and forth to Pomfret each day and wonders how long it will be before his automobile will be of service with a stretch of highway now deep with snow between the two places.

The last of the pre-Lenten social functions—the annual concert and exhibit given by the Putnam branch of the Y. W. C. A. was held in Union hall Monday evening and attracted the usual large attendance. The hall was prettily decorated and there were the usual and varied features that always contribute to making this event one of the joys of the winter season. Music was furnished by the Putnam orchestra of Miss Milford. From 7 to 9 o'clock, a concert was given, followed by a general program of dance numbers. A number from nearby towns residents came to the hall.

The first regular meeting of Quinebaug Pomona grange No. 2, is scheduled to be held with Putnam grange, at the Putnam Grange hall, Saturday, February 23, at 10:45 a. m. in the fifth degree. At this meeting reports of the treasurer, secretary and executive committee will be read and general business matters considered for discussion. Arrangements have been for those attending to procure their dinners at a restaurant near to the hall.

The afternoon session is to begin at 1:30 p. m. and will include an address by A. W. Manchester, farm management specialist, of the college extension department at Storrs. He is subject to Profits in Farming; Charles R. Risley, of East Hartford grange, will be another speaker. Everett E. Brown, Pomfret, will introduce the new members of the Farm bureau staff, and County Agent F. L. Davis and Miss Elizabeth Wooding, home economist, for the county, will respond.

A feature of the social part of the entertainment will be the 'cello' solos by Miss Edith E. Thompson, of Putnam, Miss Susie G. Williams, of Brooklyn, Pomona secretary, has arranged for other numbers to round out the social part of the program.

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking these organs healthy by taking

Hudson Also Supreme in Distinction

The Super-Six Has Always Been the Pattern Car. Its Exclusive Motor for Five Years Has Given It Mastery in Performance and Endurance. It was never sought to develop the Hudson Super-Six as the greatest speed and power car in the world. It is true that in speed—in-hill-climbing—in quick acceleration—no stock car ever matched it. Official records show that But they are incidental. They were made in tests to prove Hudson endurance. Surely these great performance qualities are enough to account for Hudson's five years of leadership as the largest selling fine car in the world. Any owner would take pride in a car that none has equalled in any worthwhile performance record. Yet a large class of Hudson buyers selected it for an altogether different quality.

A Distinctive Design An Exclusive Motor

Thousands chose it with an eye single to its beauty, charm and notable appearance. They hold none can surpass it in distinction. For the Hudson looks its supremacy in every line. But it is idle to think that those who primarily seek fine appearance in a car, do not value the mechanical superiority of the Hudson Super-Six. Granted you will never require such great speed, yet Hudson's capacity means less than half load in ordinary driving. It insures absolute freedom from strain. That extra reserve power means much on hills. It means much in flexibility and in quick response. It saves much changing of gears. It means utter smoothness—due to less vibration, than any other type ever achieved. That, too, is a matter of record. The official proofs are open to all. Perfected Mechanism Makes Such Luxury Possible. In the exclusive Super-Six motor vibration is reduced almost to nil. Motor efficiency is increased 80%. Motor power is increased 75%, without added size or cylinders. Endurance is almost doubled. The Super-Six principle would add these advantages to any conventional type, six-cylinder motor. But no other can use it. Its type gives Hudson every advantage. Why accept a lesser car? You will find in the Hudson all the beauty and luxury that imagination and skilled workmanship can create. See How It Leads All Fine Cars. Note how it predominates wherever fine cars are seen. Outside of the clubs, the opera, the theatre; in the fine residence streets and on fashionable boulevards observe how it outbraves two, three and even four to one, any other make of fine car. The supply of Hudsons has never been sufficient for the demand. Thousands have waited months for certain wanted models. You can insure yourself against disappointment in delivery only by placing your order well ahead of the time you will require it.

THE BARRETT-HUDSON CO. 324 Main Street, Norwich, Conn. ERNEST WHITE, Manager EDWARD T. CONNELLY, Salesman

BRIEF STATE NEWS

Bridgeport.—The February term of the criminal superior court opens in Bridgeport today (Tuesday).

Durham.—At the agricultural and industrial exhibition held in Hartford last week Robert Reesche won a prize of \$50 and Wilbur I. Clark a prize of \$20 on their exhibit.

Danbury.—Removing the snow which fell in the big storm of last week will cost the city approximately \$2,000. Supt. G. B. Raymond of the public works department said this week.

Greenwich.—Dr. George E. Vincent, head of the Rockefeller Foundation, purchased the residence of Guy Carlton with six acres of land and outbuildings on Lake avenue, Greenwich.

East Hampton.—The School Teachers' association of the Center grammar school presented a play entitled Cupid's Partner to an audience which filled Siebert's opera house Friday evening.

Middletown.—Right Rev. E. Campion Acheson, bishop suffragan of the diocese of Connecticut, administered the rite of confirmation to a class of candidates at the Church of the Holy Trinity Sunday morning.

Hartford.—As the outcome of the death of Dr. James McKean, property left by his wife to him for life will now go to the ultimate heirs. The Connecticut Humane society will receive \$25,000. Hartford Daily society gets \$10,000 and the American Anti-Vivisection society \$20,000.

New Haven.—The Edward Malley company of New Haven will pay its employees a special bonus when they get married. Even a girl leaves the store's service for housekeeping she will get her bonus just the same. The plan is made public in an announcement that, effective Feb. 1, the Malley

company will start a sick and death benefit and marriage bonus schedule.

New Britain.—One of the late Judge James T. Meskill's last acts was to make a donation to St. Joseph's Catholic church, where he was a regular attendant and a generous contributor. Rev. Patrick Daly, pastor, on opening his morning mail, found a letter from Judge Meskill containing \$350. Just as Father Daly finished reading it the telephone rang and he was informed of Judge Meskill's death.

The White Deer of Cozra Forest. In the Cozra forest in Glen Camlinly, Inverness, Scotland, a white fawn has recently made an appearance in a herd of red deer. The animal has been observed closely through a telescope, and is said to be pure white with the exception of a slight bluish mark on the neck.

Walking Sticks and Canes. The general use of canes was at one time forbidden in Rome by imperial edict, except to persons of patrician rank. The women of that time carried them also. The cane appeared in England as the badge of aristocracy in about the fifth century. Later came a period of decoration and canes of exquisite design resulted.

NEW HAIR after BALDNESS. If you are being late, have dandruff, or are bald, let it be known that KOTALCO contains quality hair oil and other hair ingredients. It is wonderfully successful. You need not use any other hair oil. It is the only hair oil that grows hair. It is the only hair oil that grows hair. It is the only hair oil that grows hair.

Traits of the Grizzly.

The grizzly rarely hibernates, preferring to prowl the forests in the winter months. He is a meat eater, as well as being fond of honey, roots and eggs, and usually kills his own food. Terrible, come to the mother bear in her den among the rocks, and she is in a manly courageous in defense of them.

No Need to Repeat It. Raymond had played until he was every tired, and when he went upstairs to bed his mother called after him not to forget his prayers. Listening, she overheard the following, uttered in a sleepy voice: "Dear God: I'm awfully tired; so my prayer tonight is the same as last night and you remember what that was, Amen."

To Guard Against Influenza. Don't let the dread influenza get you. If you have even the slightest cough or cold, better begin using Foley's Honey and Tar at once. Henry Willis, Sandy Point, Texas, is one of many thousands who consider this remedy "just fine." He says: "I suffered severely with colds and coughs after taking four or five dollars worth of different medicines directed to try Foley's Honey and Tar. One bottle gave relief. Best medicine I ever used." Contains no opiates. Lee & Osgood Co.

Hooped Pots and Jack Cans. In the Middle Ages in England many drinking pots were made with hoops so that when two or more persons drank from the same pot or tankard, no one of them should take more than his share, each hoop marking a half, a third or a fourth of the contents of the pot, according to its make.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Dr. J. C. Fletcher

In Use For Over 30 Years The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.

Mrs. S. E. Greenwald Says Vinol, our Cod Liver and Iron Tonic, made her eat better, sleep better and feel better.

Mrs. Greenwald's Letter

Centraia, Ill.—"I was run-down, could not eat or sleep, my lungs pained me a good deal so I could hardly do my household work. After getting a little after all other medicines had failed so now I eat better, sleep better and feel better in every way. Vinol is certainly good for a run-down system."—Mrs. S. E. GREENWALD.

Such letters prove how nervous, anemic, run-down, overworked men, women and children increase their appetites, strength and endurance by taking Vinol. That is because it contains beef and cod liver peptones, iron and manganese peptones—the greatest tonics known.

Your money back if it fails.

Dad's Part in the Game.

One day when Herbert was riding with his father in his machine, he told Herbert not to forget to remind him of a certain errand. After getting a little farther his father thought of another thing he wished to be reminded of. Herbert thought seriously for a moment and then turned to his father and said, "Well, dad, I guess you'll please have to remind me to remind you."

Possibilities in Honduras.

With a population estimated at 800,000 and an area approximately equal to that of Pennsylvania, Honduras has abundant room for development. It has a tropical climate with few of the usual disadvantages. The interior is mountainous and sub-tropical, with considerable rich land suitable for diversified farming and fruit growing, while all of the remainder, even the deep mountain slopes, is used for pasturage.

Would Spare Grandma's Feelings.

The other day my aunt was writing to her mother, and she said to her little boy, who had recently secured a few of his letters at school: "Gene, don't you want to write your letters to grandma and show her how much you have learned?" Gene thought a few minutes and then replied: "O, mother, grandma is so old and it's been a long time since she went to school, she probably wouldn't know what they are."—Exchange.

ACHING JOINTS AND SORE MUSCLES ARE SIGNALS OF DANGER

Don't Let Rheumatism Strengthen Its Grip On You—Fight It With Goldine No. 2

If you were standing on a railroad track and saw a train approaching, would you remain there, without making any effort to escape death or life-long injury. Of course you wouldn't. But are you inviting death or lifelong invalidism by refusing to get out of the way of something just as terrible and destructive as that train—Rheumatism?

If your joints are aching, if your muscles are sore and stiff you are getting just an inch warning as the engine glides when he toots the whistle of his train. These aches and pains are signals of rheumatism and signals of real danger for rheumatism, if allowed to spread through the system without opposition, can cause unlimited harm in your system and if let go long enough would result in death.

Which will you choose? Will you stay on the track, will you continue to suffer, will you become more and more crippled without making any effort to save yourself? Or will you do as thousands of others have done, take Goldine No. 2 and fight a vigorous battle against the disease that will surely cripple you and maybe make you a life-long invalid.

Goldine is sold by G. G. ENGLER, LOUIS E. KENNEDY DANIELSON Undertaker and Embalmer

SQUEEZED FOR COLDS TO DEATH

LINONINE IS A GREAT FAMILY REMEDY FOR ALL FORMS OF COUGHS AND COLDS AND IS A REMARKABLE PREVENTIVE FOR THROAT AND LUNG COMPLAINTS OF ADULTS AND CHILDREN.

Have a bottle of Linonine handy at all times—there's no telling what instant it will be needed, especially so for colds that threaten bronchitis. It is said that nothing quite equals Linonine for bronchitis.

Kerr's FLAX-SEED Emulsion

Get rid of that annoying rash with Resinol

After you have given careful attention to your toilet, and you take up the mirror for a final glance, what a disappointment it is to find that ugly little rash still shows on your face and neck. But there is a way to help overcome this rash—the use of Resinol Ointment aided by Resinol Soap.

When you want to put your best face before the public there is no medium better than through the advertisement in this Bulletin.
