

### J. Driscoll Winner of Gaston 600 Yd. Race

Boston, Feb. 23.—American Legion regatta, colleges and athletic associations were represented at an indoor track meet held today in the East Armory under the direction of the Legion.

The feature event was the Gaston 600 yard race, which was won by Jake Driscoll, of Boston College, in a close finish with Henry Minot, of the Boston Athletic Association. Garvin Hayden, of Massachusetts Institute of Technology, took third place. Driscoll's time was one minute, 27 2-5 seconds.

Mike Devaney, crack runner for the Millrose Athletic Association of New York, won the Boston mile from Harold Cutbill, of the B. A. A., in 4 minutes, 20 2-5 seconds. They were the only starters.

In the 1,500 yard relay race, Brown University defeated Worcester Polytechnic Institute in two minutes, 58 2-5 seconds and Boston College won from Boston Athletic Association in two minutes, 50 2-5 seconds.

A medley relay race of the same distance between New York and Massachusetts legion teams was won by New York in two minutes, 23 1-5 seconds.

Winners of other events were: Fifty yard dash, Loren Murchison, New York Athletic Club, time 8 3-5 seconds.

45 yard hurdle, A. T. Hill, B. A. A. time 7 2-5 seconds.

High jump, R. W. Laffey, Providence, R. I., great American Legion. Height five feet, ten inches; handicap 5 1-2 inches.

440 yard handicap, John Mahan, Holy Cross, time 57 3-5 seconds; handicap 14 yards.

850 yard handicap, John Hennessey, Massachusetts Institute of Technology, time two minutes, four seconds; handicap 33 yards.

One mile handicap, A. J. Fox, Harvard, time 4 minutes, 23 1-5 seconds; handicap 80 yards.

Three mile handicap, W. K. McMahon, M. I. T., time 15 minutes, 19 seconds; handicap 30 yards.

**STATEN ISLAND SOLDIER WINS MARATHON IN BROOKLYN**  
New York, Feb. 23.—From a field of 37 starters Frank Zona of Staten Island won the 25-mile road race through the streets of Brooklyn today, finishing the last mile on the floor of the Thirteenth Regiment Armory, in 2:57:35 1-5. The greater part of the route was covered with slippery frozen snow and the winner's time was remarkable considering the condition of the course. Zona is a member of the Frank B. Whitney Post, American Legion, and after he returned from active service at Fronton, Va., he went to Camp Dix Marathon run last year. Otto G. Laakso, a Finnish runner from Todd's Shipyard A. A., Brooklyn, finished second about one mile behind the winner, and nearly half that distance in front of the third man, Edwin H. White of the Holy Cross Lyceum of New York.

Frank Gillespie of the Illinois A. C., Chicago, was prominent in the leading bunch for the first seven miles but he dropped out of the race after going ten miles.

**WESLEYAN HAS NINE TENNIS MATCHES ON SCHEDULE**  
Middletown, Conn., Feb. 23.—The Wesleyan University tennis schedule was announced tonight as follows:

April 23, Brown at Middletown; May 1, Dartmouth at Hanover; May 5, Springfield at Middletown; May 8, Amherst at Amherst; May 12, New England Intercollegiate; May 13, Cornell at Middletown; May 20, Trinity at Hartford; May 22, Williams at Middletown; May 29, New York University at New York.

**STECHEER ADDS ANOTHER VICTORY TO HIS CREDIT**  
Rochester, N. Y., Feb. 23.—Joe Stecher, of Nebraska, champion heavyweight wrestler, defeated Tom Draak of Holland here tonight in two straight falls. Stecher got the first fall in one hour, 9 minutes and 23 seconds with a body scissors and back hammerlock and the second in 12 minutes and 16 seconds with a headlock and body scissors.

**Pittsburgh Wins Match.**  
Boston, Feb. 23.—The Pittsburgh Athletic Association's hockey team tonight defeated the Boston All-Star team by a score of 4 to 3 in the third

name of an elimination series to determine America's hockey representatives in the Olympic games. Tonight's victory was Pittsburgh's second over Boston.

**Crescents Lose First Game.**  
(Special to The Bulletin.)  
The Bigelow-Hartford basketball team defeated the Crescents of Taftville Monday night, in the Bigelow-Hartford hall in Thompsonville by a score of 47 to 32. The game proved to be fast and interesting, both sides being well matched. The Bigelow-Hartford team is composed of some of the best players in the state and are at the head of the Inter-State League.

**Harvard Defeats Penn.**  
Philadelphia, Feb. 23.—Harvard defeated the University of Pennsylvania six matches to three in an intercollegiate league fencing tournament here today.

**SPRINGFIELD CLUB SOLD TO ARTHUR J. SHEAN**  
At Springfield, Mass., a deal was consummated Saturday whereby William E. Carey, former owner of the Springfield Ponies, passes out of baseball, having sold his club with franchise and lease rights to Arthur J. Shean, of this city. No price was made public on the transaction, but it is understood a net sum was paid for the club.

Mr. Shean leased the franchise from Carey and operated the club last season and, while at a loss, he was willing to make another try providing he could secure a free rein. The deal was finally put through after hanging fire for several weeks.

Carey has been associated with Springfield baseball for a number of years, having, together with Jack Zeller, bought out the interests of President Dan O'Neil some time ago. Four years ago he bought out Zeller's interest. With the exception of 1915 and last season, he has been actively interested in the game. One pennant rewarded his efforts and he now steps out with an optimistic view for the future.

Mr. Shean and his father, Charles E. Shean, are well known business men of Springfield, having the major portion of stock in both the Kimball and Cooley hotels. A. J. Shean having managed the latter for several years.

It is understood that no money will be spared to put out the heat club possible and patrons of League Park are reasonably assured of a good brand of baseball this season. No manager has been chosen as yet, but a competent leader will be at the head of the Ponies' affairs there before many weeks pass.

**Rovers Meet Defeat**  
(Special to The Bulletin.)  
In the fastest and most interesting game of the season the Plainfield High school freshmen defeated the crack Rovers team of Jewett City. Plainfield started with a rush, making two baskets. Then the Rovers tied the score. When the first half ended the score stood 13 to 13. In the second half Plainfield started off with a basket, but a few minutes later the Rovers tied again. Then Plainfield's crack forward made a basket this winning the game. The lineup:

P. H. S. Rovers  
West ..... Staffors  
Mayhew ..... Barry  
Tyler ..... Leclair  
Sunn ..... Lafave  
Kapala ..... Blake

Baskets for Plainfield, Mayhew 1, Tyler 1, West 4, Sunn 1, Kapala 1, total 17. Baskets for the Rovers, Staffors 1, Barry 3, Leclair 2, Blake 1, total 16. Baskets from fouls, Tyler 1, Leclair 1.

**ELKS TEAM 3 WINS**  
**MATCH WITH TEAM 5**  
Team 3 won its match with Team No. 5 of the Elks Monday night on the Elks alleys by taking three straight games. The scores were generally low on both teams but were close in two of the games. Super of the winners rolled the high single 114 and hit the high three string total of 292.

The scores:  
Team No. 3 Elks.  
Hayes ..... 162 96 93—292  
Collins ..... 87 91 94—272  
Supa ..... 114 87 86—287  
D. Young ..... 84 78 82—244  
388 352 355—1095

Team No. 5, Elks.  
Fitzgerald ..... 75 83 82—248  
Patrick ..... 80 85 81—246  
Kennedy ..... 86 77 87—250  
Purdon ..... 84 95 96—275  
328 345 346—1019

**SPORTING NOTES.**  
Australia has a boy wonder sprinter. He is P. J. Heath, winner of the interscholastic championships. He does the 100-yard dash in 19 seconds. He belongs to the same family as "Red" W. Heath, a Davis cup lawn tennis player. The boy will probably be entered for the Olympic games.

Eddie Gerner and Rubie Bressler, southpaw members of the Cincinnati pitching staff, have signed contracts for the coming season. Gerner is a youngster who pitched only one game last season which resulted in a victory for the Reds. Bressler played in left field most of last season but if Duncan continues to play the brand of ball he did in the closing days of last season, Bressler will probably take a regular turn on the mound. Ruetner and Eller are the only members of the Cincinnati staff who have not signed.

Fred Shea, the Holyoke, Mass., boy, who pitched for Newark in the international League last season and was sold to Toronto, is holding out for more money. Shea had a great year with Newark and as his work attracted the attention of a number of major league scouts he figures he is worth more than Toronto is willing to pay him.

Fred Jacklitsch, veteran big league catcher, has been signed to coach the Amherst College baseball team for

another season. He has plenty of good material to work with and should turn out a winning team.

Ed Pfeffer, the Brooklyn pitcher, has joined the University of Illinois coaching pitchers of the University of Illinois baseball squad.

Hal Justin, the Springfield pitcher who has been with Toronto until the international League meeting this week when he was awarded to Reading has signed his contract for the coming season. The Reading club is managed by another Springfield boy, John Hummel, who was with Brooklyn for many years.

Benny Leonard has gone to the Pacific Coast, where he will box and engage in the movies. The champion will show his versatility by wearing everything from a pair of fighting trunks to a dress suit. Benny likes the four-round game.

Negro tennis players are given ratings by the American Tennis Association. Many stars are found among the records, made in organizations extending from the Atlantic to the Pacific coast. Tally Holmes leads the initial players' ranking.

Spacious athletic stadiums are now under consideration for Atlantic City, New Orleans, Ohio State University and the University of Illinois.

Major and minor leagues alike are out to abolish freak pitching the coming season.

Because he entered the boxing game, Joe Cox, the Mississippi heavyweight, claims he was disinherited by his father, a wealthy planter.

Walter Cox, the Grand Circuit pilot, has seventy-two horses in training at his new home, Laurel Hall, near Indianapolis.

Once again Harvard has upset the dope. Before the recent Harvard-Yale hockey game the Elis were big favorites to cop the contest.

Carl Morris recently disposed of one aspirant for Jack Dempsey's crown when he knocked out Fred Lennie at Fresno, Cal.

Milwaukee club of the American Association is now owned entirely by native Milwaukeeans.

Mike Collins, formerly manager of Fred Fulton, is one of the incorpora-

# VICK'S VAPORUB

## offers a new way to treat croup and cold troubles

THE OLD WAY

Treatment by internal dosing, which does not reach direct to the affected parts and which frequently does derange the digestion.

THE NEW WAY

Treatment by Vick's VapoRub, which is applied externally—relieving by inhalation as a vapor and by absorption and stimulation through the skin.

**COLDS** are simply inflammation or congestion of the mucous membrane or lining of the respiratory organs—air passages and lungs. They should be treated just as surface inflammations, such as Burns or Bruises are treated—that is, the medication should be applied directly to the inflamed parts. Internal medication going to the stomach does not reach directly the affected parts. But medication cannot be applied directly to the air passages and lungs except in the form of vapors that can be inhaled; and, until the discovery of Vick's VapoRub, there was no efficient, economical method of supplying these vapors.

### DIRECTIONS FOR THE USE OF VICKS

**Vapors Important**—For diseases of the respiratory organs, such as colds, a large part of the value of Vicks lies in its vaporizing qualities. Therefore, whenever Vicks is applied over the throat and chest, care should be taken to leave the clothing around the neck and the bed clothes arranged in the form of a funnel, so that the vapors arising may be freely inhaled.

**Hot Wet Cloths**—In cases of very severe colds, sore throat, coughs, incipient pneumonia, etc., hot, wet towels should be applied over the throat and chest to open the pores of the skin before applying Vicks.

**Fresh Air**—Plenty of fresh air in the bed room is the best way to prevent colds and lung troubles. Fresh air does not cause colds; it strengthens the lungs, enabling the system to throw off colds.

**Asthma**—Vicks is not a "cure" for asthma—so far as we know, there is no cure. In many cases, however, Vicks does give relief. Rub it well over the spinal column, from the neck to the hips to relieve the nervous tension. Then apply freely over throat and chest at bed time and cover with hot flannels. Renew frequently and always have the covers loose, so that the vapors may be freely inhaled. Also melt Vicks in a spoon and inhale the vapors and apply a little up the nostrils.

**Bronchitis, Sore Throat, Colds in the Chest**—If a severe case, first apply hot, wet towels over the throat and chest. Then rub Vicks in well until the skin is red, spread on this with cover with two thicknesses of hot, flannel cloths.

**Catarrh, Colds in the Head**—Melt a little Vicks in a spoon and inhale the vapors. Also apply well up the nostrils. There are so many varieties of catarrh that a competent physician should always be consulted. For many forms, however, Vicks is excellent. Dissolve a half teaspoonful of salt in a pint of warm water and sniff up the nostrils night and morning. Then insert Vicks freely up the nostrils as far as possible, snuffing well back into the air passages.

**Children's Colds**—Vicks is particularly valuable in treating children's colds, since it is an external treatment, and therefore does not disturb the delicate digestion of children. The best plan is to keep Vicks constantly on hand and apply freely and often at the first sign of "sniffles."

Growing children require plenty of fresh air and exercise and should be

## Vicks Acts Both Externally and Internally

**VICK'S VAPORUB** is the discovery of a North Carolina druggist, L. Richardson, who found a way to combine the standard, time-tested remedies—Menthol, Camphor, Turpentine, Eucalyptus, Thyme, Juniper, etc.—in salve form, so that when Vicks is applied to the body, these ingredients are vaporized by the body heat.

**INTERNALLY**, these vapors, inhaled with each breath all night long, carry the medication direct to the air passages and lungs

**EXTERNALLY**, Vicks is absorbed through and stimulates the skin, attracting the blood to the affected parts and aiding the vapors inhaled to relieve the inflammation or congestion.

### How the Use of Vicks Has Grown

Starting with the customers of Mr. Richardson's retail drug store, the use of Vicks has increased county by county, state by state, until now more than 17 million jars are used annually—practically one jar for every family in the United States—and this in spite of the fact that Vicks is still a new treatment to many people in the North and West. Once used, Vicks is a friend for life it is so easily applied—so quick in its results.

kept in the open as much as possible, even in the winter.

**Coughs**—Apply Vicks as directed for Colds in the Chest and Head, and if the cough is very annoying, swallow, every few hours, a small piece the size of a pea.

**Croup - Spasmodic**—Rub Vicks freely over chest and throat until the difficult breathing is relieved. One application is usually enough. To prevent croup during the night, give a good application over the throat and chest at bed time and cover with hot, flannel cloths.

**Influenza**—In spite of the epidemic last winter, very little is known of this disease—even the germ causing it is not yet definitely located and no specific for influenza so far as known has been discovered. In all cases a physician should be called promptly.

Vicks is to be used as an external application in connection with the physician's treatment. Apply as directed for Pneumonia.

**To Avoid Influenza**—Influenza is a spit-borne disease, and when inhaled the germs attack the mucous membrane, or lining of the air passages. Even this is not absolutely certain, but it is agreed by most authorities that keeping the system in good condition and the air passages stimulated and free from colds is the best way to avoid the disease.

Melting a little Vicks in a spoon night and morning and inhaling the vapors, and applying well up the nostrils several times a day, particularly when in crowds, is recommended.

**Pneumonia**—(1) Send for your physician at the first sign of pneumonia. (2) Immediately begin the use of Vicks as an external application. For pneumonia, Vicks is applied somewhat as directed for Deep Chest Colds—for full directions see the Directions Folder.

**Toasilitis**—Apply as directed for Sore Throat.

**Whooping Cough**—This is a self-limited disease, running a course which varies from a few weeks to several months. There is no known specific—Vicks is of value in easing the cough paroxysms, and thus lessening their weakening effect on the system. Rub Vicks well over the spinal column, from the neck to the hips, to relieve the nervous tension. Then apply over throat and chest, covering with hot flannels.

**Vicks is Not Meant to Replace the Physician**—At the first symptoms of a serious illness, such as pneumonia, a physician should always be called. Many other troubles, such as chronic catarrh or continued headache, call for the diagnosis of a good doctor.

## Sure Relief

## Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do. Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends. Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Norwich Daily Bulletin.

**DRY THROAT OF SMOKERS**  
**L. C. COUGH DROPS**  
Relieve the dryness and irritation of the throat. Pleasant. When the throat is dry buy L. C. Cough Drops. Renowned physicians pronounce them a perfect remedy for throat irritations.

**Another reason.** He has plenty of good material to work with and should turn out a winning team.

Ed Pfeffer, the Brooklyn pitcher, has joined the University of Illinois coaching pitchers of the University of Illinois baseball squad.

Hal Justin, the Springfield pitcher who has been with Toronto until the international League meeting this week when he was awarded to Reading has signed his contract for the coming season. The Reading club is managed by another Springfield boy, John Hummel, who was with Brooklyn for many years.

Benny Leonard has gone to the Pacific Coast, where he will box and engage in the movies. The champion will show his versatility by wearing everything from a pair of fighting trunks to a dress suit. Benny likes the four-round game.

Negro tennis players are given ratings by the American Tennis Association. Many stars are found among the records, made in organizations extending from the Atlantic to the Pacific coast. Tally Holmes leads the initial players' ranking.

Spacious athletic stadiums are now under consideration for Atlantic City, New Orleans, Ohio State University and the University of Illinois.

Major and minor leagues alike are out to abolish freak pitching the coming season.

Because he entered the boxing game, Joe Cox, the Mississippi heavyweight, claims he was disinherited by his father, a wealthy planter.

Walter Cox, the Grand Circuit pilot, has seventy-two horses in training at his new home, Laurel Hall, near Indianapolis.

Once again Harvard has upset the dope. Before the recent Harvard-Yale hockey game the Elis were big favorites to cop the contest.

Carl Morris recently disposed of one aspirant for Jack Dempsey's crown when he knocked out Fred Lennie at Fresno, Cal.

Milwaukee club of the American Association is now owned entirely by native Milwaukeeans.

Mike Collins, formerly manager of Fred Fulton, is one of the incorpora-

tors of the new Minnesota Boxing Club at Minneapolis.

Manager Gibson of Pittsburgh says the Pirates have the fastest outfield in the big leagues in Carey, Whitted, Southworth, E. Gbee and Nicholson.

After seeing pictures of the Dempsey-Willard fight the English ring critics declare that Willard would have won had the fight taken place in England. Must have been trick pictures.

Looks like the interview with President Stoneham of the New York Giants, in which he was quoted as saying that all of the Gants will be given substantial raises in salary, was put a little too strong to suit the Giants' boss, and all the other big league moguls.

"Quiz" is better off in this world's goods than most star ball players. Just before he went to the coast to umpire the Tournament of Roses game he found that some oil stock for which he paid five cents a share had jumped to \$5 a share, and he had a trunk full of 'em.

Bill Wambagans, second baseman for the Cleveland Indians, was intended for the ministry, but in addition to pro ball, now reads gas meters for the East Ohio Gas Company.

Henry Heilmann of the Tigers, first sacker and outfielder, has signed his contract to Owner Charles Navin.

Garry Herrmann, owner of the World Champion Reds, like Frazee, now has a big interest in a theatrical production which, like all of the shows that are worth a hoot, is doing very well at the box office.

**CANADIAN RAILWAYS ACT ON ADVERSE EXCHANGE RATE**

Montreal, Feb. 23.—Because of the adverse exchange rate the Canadian railways today ordered agents to refuse to accept prepayment of shipping charges on shipments from Canada to the United States, except in the case of certain classes of goods in which payment is required by the tariff rules. The order will be effective March 1 and will result in shipping charges being collected at the point of destination and in United States money.

**"RUM REBELLION" IN IRON COUNTY, MICH. A FAKE**

Iron River, Mich., Feb. 23.—"There hasn't been such a hoax put over on the country since the fake armistice report as this report of the 'rum rebellion' in Iron county," said District Attorney Martin McDonough in an interview today with a staff correspondent of the Milwaukee Journal. Continuing, McDonough said:

"There is no rebellion in Iron county. It is a clean county. Prohibition is being enforced to the limit and my office is giving the federal agents every aid possible."

"I wired the governor and the attorney general of the state and the attorney general of the federal government at Washington to 'demand a full and complete investigation as to who started the report of this so-called 'rebellion.'"

## CAT AS A PROFITABLE FUR-BEARING ANIMAL

New York, Feb. 23.—The house cat promises to become a profitable fur-bearing animal. The pelts of the best domesticated felines brought \$1.25 each here today at the annual fur auction of the New York Fur Sales Corporation. This is an advance of 50 per cent over October prices.

There is no rebellion in Iron county. It is a clean county. Prohibition is being enforced to the limit and my office is giving the federal agents every aid possible.

**The distinctive American beverage today**  
**Harvard GINGER ALE**  
A Beverage for the Home  
ITS distinctive delicious flavor appeals to both the children and grown-ups. That is why this true ginger product—aged and mellowed—has solved the problem of "what to drink" in the home. Order a case or a dozen bottles from your dealer—and you will find that the character and quality of this Ginger Ale will be appreciated by the entire family.

Norwich Distributors for Harvard Ginger Ale—James E. Moore, 79-81 Water Street.
