What is Going On Tonight.

Obwego lodge, No. 18, L. O. O. F., meets at 807 Main street. Ladies' Catholic Benevolent association meets in St. Joseph's hall.

The March meeting of the board of directors of the Y. M. C. A. was held at the association building Wednesday afternoon at 4 o'clock.

As there had been no meeting of the board since December the meeting consisted of the reading of the minutes of the meeting by Secretary F. H. Foss and the reports of activities in the physical department submitted by Physical Director C. A. Sampson.

The report of the physical director covered all sessions of classes held during the past three months. A general summary of work done in this department shows that an average of 70 classes per month with an average attendance of 275 have been held.

Over one thousand persons per month have used the swimming pool and about 1190 persons have taken shower baths. During the past three months 15 persons have been taught to swim, 39 have entered boxing contests and 45 have entered the wrestling department.

Other plans were talked over. The meeting adjourned shortly before 5 o'clock.

Members of Tyler camp, No. 8, United Spanish War Veterans held a meeting Monday night at the rooms in the armory, to draw up an appeal to be sent to the senate urging the members to pass the Sills bill.

This bill will provide a standard rate of pension for the Spanish War Veterans. This bill has already passed the house and officials of the Spanish War Veterans sent out notices to camps throughout the country urging them to hold meetings and make appeals to members of the senate to pass the bill.

There was a large attendance at the meeting of Tyler camp and interest in the passing of the bill ran high.

Rev. C. C. MacKay, pastor of the Baptist church of Putnam, was the speaker at the First Baptist church of this city Wednesday evening.

Windham High School girls intend to revenge themselves for the defeat suffered at the hands of Simsbury Monday evening, 21 to 18. They will meet the Simsbury team this (Thursday) evening at the high school gymnasium and will endeavor to make up for their defeat early in the week.

Simsbury enjoys the reputation of being the only high school team in this section who have stopped the girls from Windham. It is claimed, however, that the game played Monday night was not on a regulation sized floor and that went far toward helping defeat the local five.

One other thing that went along with aiding Simsbury to beat the Windham girls was the handiness of having a referee who saw fouls made by Windham girls but was blind to those made on the home side.

Nineteen fouls were called on the local girls during the first half and as most of these were called it was too great an advantage for the Windham girls to overcome.
