

A VITAL FACTOR
It is natural for a growing child to crave what may seem an over-abundance of food. The vital, important factor is to assure not only a plenitude of food but food that contains those substances that promote healthful growth.
SCOTT'S EMULSION
is daily helping to nourish and strengthen many boys and girls through the trying period of growth.

DANIELSON AND PUTNAM NEWS
DANIELSON
Beginning Monday morning, and for the accommodation of mill employees, the Shore Line Electric Railway company is to start a car out of here each week day morning at 6:40 and run it as far as Dayville. This car then will return to Danielson in time to leave here again for Putnam at 7:00.
In the superior court at Putnam on Friday Attorney Arthur G. Bill filed a request that the Taylor vs. Taylor case be referred for a hearing before Judge M. A. Shumway, as referee. Judge Hinman agreed to consent to this, providing the arrangement proves satisfactory to counsel in the case.
All kinds of difficulties were encountered by automobiles who tried to get from this place to Putnam during Friday.
All the thrill and charm of Richard Harding Davis' great novel, Soldiers of Fortune, is preserved in the marvelous picturization of this striking story, as it will be shown at the Ophium theatre, Monday-Tuesday, March 29-30, matinee and evening. It is easily one of the greatest pictures of the year.—adv.
PUTNAM
Nearly a complete blockage of the Putnam-Killingly state highway, near the Killbuck farm north of Attawaug, practically tied up traffic between this city and points south Friday, and great were the troubles of drivers whose motor cars and trucks were mired at points where the state highway has completely broken down.
No such complete collapse of a section of state highway has ever been seen in this section. The highway at the point mentioned began to give way under the strain of heavy traffic during Thursday afternoon and the whole surfacing and main part of the highway ceased to function. The highway at the point mentioned began to give way under the strain of heavy traffic during Thursday afternoon and the whole surfacing and main part of the highway ceased to function. The highway at the point mentioned began to give way under the strain of heavy traffic during Thursday afternoon and the whole surfacing and main part of the highway ceased to function.

Figures compiled by Wesley Wilson clerk of the board of selectmen, show that this year's snow removal cost more than the town of Killingly has had to pay altogether for this kind of service during the past sixteen years. Up to Friday morning orders amounting to \$4345.40 had been drawn on the previous 16 years the total cost has been only \$2,878.14. In 1919 snow removal cost Killingly \$382.26, the highest figure for any twelve months since 1915, and this year as all orders for snow removal that must be paid have not yet been received, it is going to cost Killingly more than \$7,000 for snow removal this year, not figuring what may happen next December.
Miss Amy Crosby, who has been engaged in kindergarten work in Japan, spoke at a meeting of the Woman's Missionary society of the Baptist church held at the home of Mrs. J. W. Gallup Friday afternoon.
The Junior class team won a debate for the Bullard cup against the sophomore team at Killingly High school Friday. The subject was "Allice Arr is Right in Raising the Blockade Against Russia." The Juniors had the affirmative side.
April 23 has been set as the date for the Junior promenade, in which high school students are interested.
Herbert J. Barnett brought through from Lynn Friday a large motor bus that is to be added to the equipment of lines now in operation out of Danielson.

There will be no adoption of the daylight saving plan in Danielson, at least for the present. What the next month will bring forth as to this must be awaited. It is known that manufacturing interests favor the change in time, and this may be brought about when the new railroad time tables come out and it is definitely known what will be done generally throughout Connecticut.
Several hundred men will be employed outside at Goodyear when the big building program for that place gets under way in the next few weeks. Many of those who will be employed on construction work will make their homes in Danielson.

The great seal of Connecticut as laid out so graciously on a panel in the window of E. H. Beach's store, presented him by the New England Retail Hardware Dealers' association, has attracted much attention. The shield is uniquely worked out in articles of hardware, including wrenches, screw drivers, brass-headed tacks, plumbers' brass wire and other materials.
John M. Bessette is engaged in collecting the taxes of the town of Brooklyn. He was at West Waterbury Friday and has another assignment for today. Bessette expects to duplicate his usual record of 100 percent collections, less any wrongfully assessed items.
Rev. G. C. S. MacKay, pastor of the Baptist church at Putnam, is to come here four evenings next week, beginning Tuesday. He will address a series of inter-church meetings, such as have been held during the present week.
Announcement was made of the marriage at Woonsocket of Mrs. Camille K. Wright of Putnam, Conn., and E. W. Scott, Jr., of Danielson. The marriage took place Wednesday of this week.
Motorists who have been south of here report state highways in very bad condition at some places between this place and Norwich. There are long stretches of state highway on this route that are in good condition, but it is the short stretches where the highway has been broken through by heavy trucks that make the real barriers of the trip.
Sunday is set for a canvass by teams composed of twenty-four members of the Westfield Congregational church to raise \$2500 in new pledges to be applied for the fund that will be used to completely remodel the church. It is hoped to complete this work, or take a long step toward the completion of it before next December, when the 300th anniversary of the establishing of Congregationalism in this country will be observed.

The fact that the work of the present warden, Damase Boulias, and his court of burgesses is appreciated, as well as the work of all other elective borough officials, was attested by the unanimity of the annual borough caucus in re-nominating the entire list. Borough officials, with an exception or two, serve without pay. This fact in no way operates to lower the effort of the officers to serve the community well, and what they do for the borough is worth a great deal of money each year.
Of all of the officials who were served by the caucus of 1919-20, there are only two who are shown in a list compiled by Souleby W. H. Taylor very few are living and those who are, with the notable exception, no longer serve the community in a public capacity. The notable exception is Edward S. Carpenter, who has again been nominated for the collector, in which capacity he has served for a great many years. Mr. Carpenter is one of eastern Connecticut's most remarkable citizens, and it will be with very great regret that the borough ever loses him up to relaxation from the duties of public office.
John Birch, formerly an employee of the Danielson Cigar company and a brother of Joseph Birch, this placed died at his home in Providence this week.
Mrs. George Miner will have members of the Episcopal church at her home for a meeting next Tuesday evening.
Deliveries of gasoline are kept up by companies engaged in supplying this section, but the transportation difficulties continue to be exceedingly trying.
Action has been taken by the borough of Danielson to foreclose a lien on the property of Frank Bibeault, of the town of Brooklyn at this time, on account of an unpaid sewer assessment against his property.
As showing how a man who owns an automobile is apt to get into trouble, of one kind or another, and there are many chances of various kinds, it is interesting to note that Sheriff Charles E. Ayer of Dayville has served 57 writs of attachments on automobiles during the past few months. The writs are served in this part of the country.

On the ground of intolerable cruelty, Judge Hinman granted a divorce to Elizabeth M. Chapdelaine from Louis Chapdelaine. This was listed as contested divorce, but the defence was withdrawn before the opening of court Friday. The couple married in this city Nov. 8, 1919, and have always lived here.
Mrs. Chapdelaine testified that trouble between them began about five or six years ago. She charged that her husband struck her and choked her upon various occasions and at one time blackened her eye with a blow. He had refused to leave their home, even after she had filed suit for divorce against him, she said.
Miss Pauline Chapdelaine, daughter of the plaintiff, told of being her father attack her mother and Mrs. Diana Jones also testified in Mrs. Chapdelaine's behalf. Mrs. Chapdelaine was given custody of two minor children, Pauline, 20, and Jacqueline, 9. Attorney C. L. Torrey represented Mrs. Chapdelaine.
Following the divorce cases counsel in the case of Jordan, admr. vs. Comor, argued a motion to have set aside the verdict brought in by a jury here last week, for \$600 damages for the plaintiff. Judge Hinman reserved decision.
Cards were being sent out Friday announcing the wedding at the bride's home here on Thursday afternoon of Miss Marion W. Andem, daughter of Mr. and Mrs. Clinton E. Andem, and John A. C. Warner, son of Judge and Mrs. E. M. Warner. The marriage ceremony was attended only by members of the two families. Rev. Roynton Merrill, pastor of the Congregational church officiated. The home was prettily decorated with flowers. Mr. and Mrs. Warner have gone to Washington for their wedding trip. Mr. Warner, who was overseas with the A. E. F. and attached to the aero department, with rank of lieutenant, is now in the bureau of standards, aeronautical department, at Washington.
In a justice court in the town of Thompson, Friday morning, Peter Beach of the town of Thompson was fined \$10 and costs, which he paid, for having brought across the line from Massachusetts a horse, without the necessary permit. The case was brought by State Officer Howard E. Elliot, who is attached to the office

heard Friday. Mary A. Spooner of Sterling asked for a divorce from William K. Spooner, whom she married in Sterling, Jan. 1, 1919. Spooner charged that her husband struck her and otherwise abused her. She said that he maintained an automobile, but did not provide sufficient food at times for their children. Mrs. Spooner also told of her husband striking their son, Robert, aged 10, and rendering him unconscious.
The wife told Judge Hinman that Spooner's attitude toward her had changed for the worse during the past two or three years, and in response to another question, she ascribed this change, according to her belief, to his loving someone else.
Robert G. C. Spooner, son of the plaintiff, told of seeing his father strike his mother, and of the father striking him. Mrs. Ezra Burgess testified that Mrs. Spooner came to her home, in Danielson, and showed marks on her body that Mrs. Spooner charged had been inflicted by a blow from her husband's fist.
Judge Hinman took the papers in the case, reserving decision. Attorney Harry E. Buck was counsel for the plaintiff.
On the ground of intolerable cruelty, Judge Hinman granted a divorce to Elizabeth M. Chapdelaine from Louis Chapdelaine. This was listed as contested divorce, but the defence was withdrawn before the opening of court Friday. The couple married in this city Nov. 8, 1919, and have always lived here.
