

Swamp-Root For Kidney Ailments

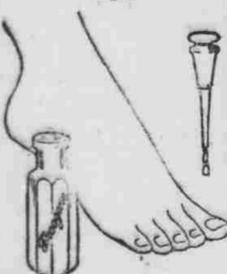

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder. Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound. Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Norwich Daily Bulletin.

HOPKINTON

Mrs. George Nash, taken very ill a week before last, recovered so as to be taken last Tuesday to the home of her son, David Nash, at White Rock. On the following day she suffered a shock. Mrs. George A. Stoddard is spending some time with the family of Rev. E. F. Matthews. Charles I. Blake is engaged as cook for a family at Water Hill. Dr. and Mrs. A. B. Briggs, Mr. and Mrs. Lovell A. Briggs and Ernest W. Tinkham have returned from Florida. Two carloads of soft coal recently received by the Ashaway Wagon company relieved the shortage conditions under which the company has been laboring for some time. Oliver Stoddard, a student at a business college in Providence, is now boarding at the home of his parents.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an itching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the itching, without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

BUILDING PROGRESS IN NORWICH

During the past week there has been very little new building started in the vicinity of Norwich or in the city proper. Progress on work already in hand has been made during the week. But as for signing of new contracts nothing has been done.

The work at the Warner Box shop on Meyers alley is being rushed to completion by Contractor F. F. Sweeney. The work of reinforcing the smoke-stack is well along and the staging has been raised to the top of the stack. Masons are at work taking out old brick and putting in new and also re-lining the stack. The interior work is well along.

At the Chamber of Commerce building, now owned by the Triple Link Corp., the work of remodeling the interior of the building has been started. The stairway leading to the third floor has been moved to the extreme east side of the building. On the third floor the parlor and rooms are being partitioned off and a lodge room is being made. On the second floor the former directors room is being remodeled into a billiard room. The dance hall will not be altered as it is intended to be related to other organizations. Changes in plumbing is also being done.

Power company five new houses are being constructed. They are of the bungalow type equipped with all modern conveniences. The houses are practically completed and the other three are in various stages of construction.

The work on the dry cleaning plant at Montville for the Eastern Corp. has been started. The building is practically completed with the exception of interior work and the installing of machinery for the plant. Peck-McWilliams are doing the work.

At the corner of Bath and Franklin streets work continues on the new home for the Talking Machine shop. The partitions between all the stores in the building have been torn out and the lower floor made into one large room. The window casings are now being set in place. Work on the second floor has also been started and it is expected that the building will be ready for occupancy by the first of next month. Contractor Sweeney is doing the work.

MONTVILLE.
Oxoboxo lodge, No. 114, F. and A. M., at its regular communication Friday afternoon and evening, raised five candidates. The work of the evening was done by the officers and craft of Union lodge, No. 31, of New London. About 233 were present, the largest gathering ever assembled in the history of Oxoboxo lodge. A feature of the evening's work was that Worshipful Brother M. H. Purber, past master of Oxoboxo lodge, raised his son, Mark T. Purber. Near the close of the session Brother George Bitters was presented a Masonic emblem by friends from New London. Mark T. Purber was presented an emblem of the order from his father, the presentation being made by C. C. Perkins, most worshipful grand master of the Eighth Masonic district a member of Union lodge, No. 31, A. New England supper was served at intermission. Visiting brothers were present from Norwich, New London, Stonington, Westerly and Niantic.

At the last regular meeting of Cocheamus camp, No. 868, M. V. of A., nine candidates were adopted. Eight applications for membership were received. District deputy George N. Granville of Hartford spent the evening at Woodcraft and of the great increase in membership since Jan. 1, 1919. The district deputy mentioned the little camp in Montville, said it must be put in the big class because of having more than doubled its membership in the past year. After the close of the camp an oyster supper was served, about 70 neighbors present.

An adjourned business meeting was held at the close of the prayer service in the Union Baptist church Thursday evening. The vote failed several weeks previous to exclude all non-church members from holding office in the auxiliary of the church was presented.

Mrs. Ray Woodmansee will entertain the Ladies' Aid society at her home Wednesday afternoon.

One day last week while at work on one of the coal cars at the coal yard, Harry Bogue was struck on the head by a heavy piece of iron and rendered unconscious. The blow was but a few inches from his temple, which saved him from what in all probability would have

resulted fatally. Mr. Bogue is able to be at his office again.

"Makes Cooking Easy"

Saves One Half Your Time In Cooking

The Gold Medal Glenwood doubles cooking capacity, and promotes cooking efficiency to the highest degree.

There are two separate ovens—one for coal and one for gas. Both ovens may be used at one time—or either may be used singly. In addition to the two baking ovens, there is a gas broiler oven. There is room on the coal and gas sections, at the top, for NINE large utensils.

While bread is being baked in the coal oven, pastry may be baked in the gas oven, meat may be broiled in the broiling oven, and cereals and vegetables may be cooked on the top.

Where did you ever hear of greater capacity?

The Gold Medal Glenwood is efficient every day in the year. In the winter, the coal section not only looks after the cooking, but it helps warm the kitchen. In the summer, the gas section takes care of the cooking and keeps the kitchen cool.

Does 3¢ = Americanism?

Did you know that 3c is MORE than the churches average from each member per day?

WE AMERICANS may be thoughtless. Sometimes we may appear selfish. But when a great need arises, no one can say that we have ever shirked.

Ask any son of France. Ask any soldier of Great Britain. Or ask any Armenian mother or a girl with a red cross on her sleeve or one with a tambourine in her hand.

And now the churches come to us for help—our churches. Not begging. Not asking alms. But with heads lifted high facing a task so worthy that we, as loyal Americans, ought to feel it a privilege to help.

Here is the Plain, Unvarnished Truth

We don't need to be told that the church is the heart of the Nation. We admit its influence for lasting good in our children. We see its stabilizing influence on our communities. We know a little of its great hospitals, its homes for children, its schools and colleges here and abroad.

But most of us do not realize how pitifully inadequate the support of the churches is when compared to the urgent needs.

Less than 3¢ a day!

In spite of the great tasks which we expect our churches to carry out, those of us who give to the church—and the number is all too few—are now giving an average of less than 3¢ a day for all church purposes.

Less than 3¢ a day.

Shall our churches go on? It is for you to say.

Without your help the work of your church must be just that much less.

Give—and give from your heart as well as from your pocket.

A World Survey Was Made

Our churches know the needs that must be met. They know exactly how every dollar—every penny—will be used for the greatest good without waste.

A world survey was made by the churches that astounds business men in its thoroughness. Country after country of the world were visited and reported in minute detail.

How the Interchurch World Movement Originated

Our churches said: "The task of meeting the urgent needs shown by the world survey is too great for us to do individually as denominations. We must do this work together."

So thirty great denominations are cooperating—each keeping its own purpose and identity—but all working together under the name of the Interchurch World Movement.

Because of this cooperation, it is estimated that over one million dollars will be saved alone in eliminating waste and duplication.
