

DANIELSON AND PUTNAM NEWS

DANIELSON

Attorney W. F. Woodward was in the superior court at Willimantic Friday to represent clients...

Dr. Kingsbury has moved his office to the Phoenix block, 101 Main street.

Some Killingly farmers are taking advantage of the offer of the state providing for tuberculosis tests of their cattle without charge.

A Carl Witter was in Boston Friday on a business trip.

Another little rain storm won't do any harm, according to the forecast...

In the opinion of a borough resident, it is passing strange that some of the most rabid advocates of the universal eight hour day of work never give a thought to the fact that their wives...

The Standard Oil company, which is now collecting a record high price for gasoline from its patrons in Danielson...

The "bug" crews are making their usual spring fight against the invasion of gypsy and brown-tail moths in towns in this section of Windham county.

The organization voted to associate itself, as a whole, in the membership of the Windham County Farmers' association...

It was announced Friday morning that a new No. 2 company has been organized to take the place of the company that resigned en masse at the first of April on account of general dissatisfaction with the management of the fire department.

Some of the members of the new company are transferred from the present No. 1 company. The makeup of the new No. 2 company is as follows: Harry Morse, Edward Adams, C. T. Thayer, Walter Wheaton, Herbert Owens, Gus Donahue, Charles W. James, McGuffey, John Ryan, Leon Gagne, Phillip Gagne and Archie Cotton.

It is understood that the truck in use by the old No. 2 company will continue to be kept at the present fire station instead of at its old location at the Smith street station.

The program at the East Woodstock Community club Wednesday evening took the form of an organization meeting for the purpose of completing preliminary work accomplished two weeks previous.

The meeting was arranged by County Agent Davis of the Farmers' Association, Woodstock, and Arthur Morse of Woodstock. At the earlier meeting the different sources of agricultural income were discussed, and rated according to importance.

In connection with dairying, the soybean, corn silage demonstrations that were already made in the town of Woodstock, are being continued in connection with dairying, fruit, poultry, hogs and the production of hay were decided upon. Wednesday night, the County Agent took up with those present the solution of some of the problems that had been decided upon.

Under fruit, a demonstration of the apple grading law on one of the Woodstock fruit farms was recommended. A visit to a marketing organization such as the Williamsburg Fruit Growers was decided on. A trip to Providence to be made in connection with the Providence Farmers' Exchange, a very successful marketing organization, is a part of the program.

An invitation was extended Abington Community Committee to visit in Woodstock in connection with the fruit trip. This committee of the farmers' association has planned for a later date.

The meeting was a very successful one. The members' temporary committees at the first meeting were approved, and two others added, making the full committee list: Dairying, Arthur Morse; fruit, Dr. G. P. Parley and Dr. George E. McCallan; poultry, George Deane and Gunner Kalgren; market gardening, Frank Miller; hogs, L. H. Lindeman.

It having been ascertained that the appropriation for Memorial day is not sufficient to meet the needs that the high cost of everything imposes upon the committee in charge of the arrangements for the affair, a request has been made that owners of automobiles tender the use of their machines, as a patriotic service, on Memorial day to the end that the committee responsible for the success of the observance may not be handicapped in its plans. Persons who would tender the use of an automobile for conveying persons for a part or all of Memorial day have been asked to get in touch with Arthur C. Keith, of the transportation committee.

Announcement is made of the marriage of Mrs. Blanche Kennedy and James W. Hall, both well known in Putnam, Wednesday evening, by Rev. G. C. S. MacKay, pastor of the First Baptist church of this city.

A number of Putnam attorneys were present.

PUTNAM

Dr. Frank E. Blake, representing the federal government, and Dr. F. T. Baldwin of this city are engaged in conducting tuberculosis tests of herds of cows owned in this section of Windham county.

Up to date about 20 herds have been tested, but the veterinarians have not finished their work. That the tests were needed is indicated by the fact that a carload of about 20 head of condemned cattle have been shipped out of this city to a rendering works at Windsor. The tests are being conducted without cost to the owners who are interested in seeing that their herds do not contain any unhealthy animals. Further testing is to be resumed in about ten days, Dr. Baldwin said Friday afternoon.

The newly elected officers of the Putnam Chamber of Commerce are: President, Charles E. Dean; first vice president, John G. Johnson; second vice president, Alexander Gilman; third vice president, Whitman Danielson; treasurer, Daniel J. Byrne; board of directors, George L. Padgett, John G. Johnson, Alexander Gilman, E. L. Kelley, Daniel J. Byrne, Charles E. Dean, Omer J. Elliot, G. Harold Gilpatrick, Ernest C. Morse, Walter J. Bartlett, Frank F. Russell, Whitman Danielson, Arthur D. Lown, Ralph X. Bugbee, Alfred Bonnevill.

The organization voted to associate itself, as a whole, in the membership of the Windham County Farmers' association, and to pay \$25 yearly dues for such membership.

The chamber also voted to name A. Bonnevill and Whitman Danielson as members of special committee to cooperate with the American Legion in its efforts to succeed the Salvation army drive for its home service fund. It is expected that this committee will arrange with the American Legion for the appointment of canvassers who will represent each ward of the city and who will make a house to house canvass for contributions to the Salvation army fund.

It was announced Friday morning that a new No. 2 company has been organized to take the place of the company that resigned en masse at the first of April on account of general dissatisfaction with the management of the fire department.

Some of the members of the new company are transferred from the present No. 1 company. The makeup of the new No. 2 company is as follows: Harry Morse, Edward Adams, C. T. Thayer, Walter Wheaton, Herbert Owens, Gus Donahue, Charles W. James, McGuffey, John Ryan, Leon Gagne, Phillip Gagne and Archie Cotton.

It is understood that the truck in use by the old No. 2 company will continue to be kept at the present fire station instead of at its old location at the Smith street station.

A number of Putnam attorneys were present.

In Willimantic Friday attending a session of the Windham county superior court.

James J. Whitehead Jr., of this city and Pomfret left Friday afternoon for a business trip to North Carolina. Mr. Whitehead will be away only a few days.

Lucky gardeners have a few peas showing above ground and one or two exceptionally fortunate tillers of the soil can boast of corn beginning to break through and give promise of a little something to eat next fall.

Mr. Elizabeth Hanley has returned to Boston after being at the parental home in Pomfret caring for her father, who has been ill.

Minnie Hill has been touring this season.

Ed. V. Price & Co. TAILORING

Have you ever desired the luxury of a tailor-made Suit? A suit made exactly to your own individual measure. Most men have—but thought they couldn't afford it, and so have put up with clothes that were made for anybody, anywhere near their chest measure.

With Ed. V. Price & Co. it is different—you may now buy clothes made exactly to your measure, at no more than ready-made clothing—many times not as much.

We're showing seventy-five samples of absolutely All-Wool or Worsted goods, including hard finish worsteds and serges, at

\$48.00, \$49.50, \$51.00, \$52.00, \$53.50 \$54.75, \$56.00, \$57.50, \$58.75, \$60.00

It takes about two weeks from the time we take your measure until we deliver the suit to you.

ALLEN'S MEN'S SHOP

9 Center Street Opposite Orpheum Theatre Danielson, Conn.

MONTVILLE The recent ball game between Chestersfield and Montville resulted in a score of 18 to 2 in favor of Chestersfield.

A special meeting of the members of the Union Baptist church was called for Monday night at which time it was voted to change the time of the annual meeting from January to the first Monday in May. It was also voted that the pastor should preside at all business meetings of the church.

Robert C. Burchard has been in New Haven this week. George Chagnon and Cornelius Flaherty returned Wednesday from New Haven where they went as delegates from Putnam council, No. 123, to the K. of C. state convention.

Mrs. Melvin Furber was a guest Monday of Mrs. Ellen Newbury, of Groton. Miss Marian Henry, of Hartford, spent a few days recently with her parents, Deacon and Mrs. E. S. Henry.

Those from here who attended the meeting of the Baptist Foreign Missionary society in New London, Wednesday, were Mrs. William Mitchell, Mrs. Ray Woodmansee, Mrs. Fred Hope, Mrs. Thomas Church, Mrs. Francis Mitchell, Miss Stella Wood and Miss Stella Coon.

Mrs. G. Levesque, of Lowell, Mass., is spending a week with her daughter, Mrs. George Chagnon.

Rests from its labors. The Senate, by a decisive majority, is off taking a rest after its vast labors in accomplishing nothing—Springfield Republican.

A loafer is a man who loaf and has no bank account.

hold a supper. Mrs. Clarence Hall, who has been visiting her parents, Mr. and Mrs. Craig has returned to her home in New Jersey.

Building operations to provide for expansion by Killingly's tire fabric concerns promise remarkable prosperity for this town during the next few years.

Whatever may be said at the present time about fear of a business slump, it cannot seriously affect the tire fabric concerns, for the product of which there is a constantly increasing demand. Sound business judgments here are also unanimous in their opinion that Killingly is only on the verge of the great period of prosperity that awaits it.

The automobile is here to stay, and until such time as something different than pneumatic tires comes into general use tire fabric will be required in increasing quantities. Killingly has the highly skilled help for the manufacture of this product and every month is enhancing its position as the principal center in the United States for the output of this product.

Manager William S. Hunter of the Goodyear base has announced that a Southbridge team will be at Goodyear next Sunday afternoon for a game with the team representing the Wingfoot plant, which is an especially strong team this season. Nichols, the Goodyear pitcher, has struck out 23 men in 15 innings he has pitched so far this season.

Since the new pension bill, which went into effect last year, many of the veterans have asked if it is necessary to make a request for the increase carried by the bill. When the matter was being discussed in the vicinity by an attorney of standing it was stated that unless the old soldier claims the extra \$2 a month for being helpless, he need make no special request. The bill provides for a pension of \$10 a month, and in case of helplessness, for \$15 a month. Several veterans of the Civil war who are residents in the vicinity are provided for the advances that the bill provides for, as a very late recognition of their services in behalf of the nation.

Some have recalled that if the Volstead act, the prohibition amendment enforcement measure, is repealed, Killingly would have to face the question of issuing licenses to any group of persons who may apply for them. As a matter of fact, Killingly voted income as a protest against prohibition, and it is likely that this fact is clear to town and county officials.

"Souvenir" W. H. Taylor of Hartford, formerly of Putnam and Danielson, has written a friend here that he has a letter from Uncle Sam's cannon, the famous congressman, in reply to a letter of congratulation that Souvenir forwarded to him upon the occasion of his 32nd birthday. The letter is in Congressman Cannon's characteristic pleasant vein.

ALICE JOYCE IN "THE SPORTING DUCHESS"

The play that held thousands of spectators at every performance for over a year at Drury Lane Theatre, London, the home of spectacles and mammoth productions. This same play created a sensation on Broadway about twenty years ago. But best of all is the picturization in which all of the racing atmosphere has been maintained. Beautiful manors, archery fields, training quarters, luxurious interiors and picturesque drives furnish the background for a thrilling story which keeps the interest at fever heat until the end of the great race some around which the plot is woven.
