

SENATOR LODGE CHOOSES SENATOR WATSON AS PERMANENT CHAIRMAN

Harmony Marked the Opening Session of the Republican National Convention—All Factions Assure "There Will Be No Bolt"—There Was an Outburst of Shouts When Senator Lodge Called Upon the Party to Rise and Sweep the "Wilson Dynasty" Out of Power—Lodge Was Chosen Permanent Chairman of the Resolutions Committee—Contests Being Waged Before Credentials Committee.

Chicago, June 8.—The republican national convention demonstrated at its opening two hour session today (that it lacked leadership, it did not lack harmony, for the preliminaries, at least. From the moment that National Chairman Hays stepped out on the speakers' platform and called the assembly to order, until adjournment time, the average looker-on might have imagined that it was all over but the shouting. Not a single voice with any wild scream for a favorite; not a voice was raised in protest to any set plan for the preliminaries, and all joined in shouting approval at Senator Lodge's call to the party to rise and sweep the "Wilson dynasty" out of power. (Digest of speech on page 2.) But as conventions go it was tame. It seemed as if some of the factions felt that the ice was broken. Half an hour late in starting, the convention jumped quickly to its work. First came the national chairman, who received a roar of cheers from the delegates, and then the Right Rev. Charles E. Woodcock of Louisville, Ky., whose opening prayer, wafted through sound amplifiers, reached every part of the hall. The crowd that has been recently silent during the prayer, shifted its feet and kept up a continuous rattle of talk while the secretary, in a droning tone, read the formal call for the meeting. A little earlier it had roared with laughter at the acrobatic antics of a song leader as he followed Chairman Hays to the platform to lead the singing and cheers. There was a roar of approval from the delegates when Chairman Hays declared that the republican party has met in an open convention "to accept from the people a mandate for the government of the United States. A second outburst came a moment later when he shouted: "There will be no bolt in this convention."

The appearance of Senator Lodge, who had been escorted to the stage from his place on the floor, with the signal for the first real demonstration of the day. Crowds in the galleries stood as did the delegates, cheering and waving flags. The cheering broke out afresh as he was introduced by Mr. Hays as "Senator Henry Cabot Lodge of the United States." Then for an hour and a half he held the close attention of the vast audience, and finished speaking to wind up the other work. The usual announcements were made, and organization resolutions passed. This was the end of the first day's work and on motion of Governor Beekman of Rhode Island, the convention adjourned until 11 a. m. tomorrow. With the adjournment the various committees immediately went to work, the resolutions committee beginning consideration of the platform and the credentials committee to which were decided last week by the national committee.

LODGE MADE PERMANENT CHAIRMAN OF CONVENTION Chicago, June 8.—Senator Lodge, temporary chairman of the republican national convention, was selected today by the committee on permanent organization as permanent chairman, and his name will be presented tomorrow to the convention for approval. There were three nominations for place and Senator Lodge was named on the first ballot, over Former Senator Beveridge of Indiana and Senator McCormick of Illinois. The vote was: Lodge, 22; Beveridge, 12; McCormick, 11. On motion of the Illinois member the recommendation was made unanimous. The remainder of the temporary organization was recommended for permanent service by the committee on permanent organization. Lodge was placed in nomination by William Barnes of New York; Mr. Beveridge by Governor Goodrich of Indiana, and Senator McCormick by Lieutenant Governor Oglesby of Illinois. No speech-making followed the nominations, and the vote resulted as follows: Lodge—Colorado, Connecticut, Kansas, Louisiana, Massachusetts, Michigan, Mississippi, Minnesota, Nevada, New Hampshire, New York, North Carolina, North Dakota, Ohio, Oregon, Rhode Island, Tennessee, Utah, Vermont, Virginia, West Virginia, Wyoming. Beveridge—Arkansas, Idaho, Indiana, Kentucky, Missouri, New Jersey, New Mexico, Oklahoma, Porto Rico. McCormick—Alabama, Delaware, Florida, Iowa, Maine, Maryland, Nebraska, Texas. TALK TENDS TOWARD LOWDEN: WOOD FORCES ARE ELATED Chicago, June 8.—The Wood forces are elated tonight, although the general trend of the talk among old political leaders is toward Lowden. The Wood forces won a victory in the principal business transactions committee. Instructed Wood delegates voted the two most important committee chairmanships. Senator Watson of Indiana was elected chairman of the resolutions committee, and Senator Duffield of New Jersey for credentials. Frank H. Hitchcock was designated by the Wood delegates as their supreme strategist. "Think of the psychological effect of this victory," he said when asked where and how he expected Wood to benefit from these steps in organization. "We controlled the committee against powerful opposition, almost all anti-Wood forces," Mr. Hitchcock added. "So far a strengthening our total number of delegates is concerned, the selection of Mr. Duffield over Charles H. Innes of Massachusetts is of small moment. We will make no effort to overturn the work of the national committee on contests. To do so would prejudice the Wood cause, and I have given our forces not to do so. No rough stuff will come from us, but we are glad to be able to show that the majority of the committee on credentials, and also of resolutions is not against Wood."

While these developments were taking place the drift of the talk, and it may be nothing more, was trending toward Lowden. It was kept going by the old line party leaders—men who were leaders in

News From Chicago Includes Rumor King is to Throw His Lot With the Democrats. (By a Staff Correspondent.) Chicago, Ill. June 8.—Thoughts of Connecticut delegates are already being turned to the possibility of a second choice. This doesn't mean a pull away from Lowden while he has a chance, but a preparedness step in case a second choice is considered advisable. Attorney General Allen of Massachusetts is leading an effort to have New England stand solid for Coolidge. It is known that it is meeting with little favor in the delegation, but no decision as yet has been reached. Such a move would draw from both Wood and Lowden, for New England, outside of Connecticut, and Chairman Beekman of Wood. As Governor Beekman of Rhode Island goes so will the delegation of that state go. A conference has been held between Attorney General Allen and Chairman Hays of Wood. WOMEN'S PARTY PICKETS QUIET BUT DETERMINED Chicago, June 8.—Picketing by the national women's party outside the Coliseum today was as quiet as a lawn so-called. WESTERN DELEGATES ARE FORMING A UNION Chicago, June 8.—An attempt was made today to form a union of western state delegations under auspices of Senator Johnson's supporters. The first step, a meeting called just after the convention adjourned, by State Senator Frank E. Flint of California's delegation, which attempted to bring representatives Utah, Washington, Nevada, Arizona and Oregon. Senator Flint after the gathering said that the union of western states was not affecting the action of his constituents' committee. Others participating, however, called the gathering would probably be called again and expanded to take in other western states. BIG SCENE NOT YET REVEALED: REAL CONTEST TO COME FRIDAY Chicago, June 8.—The brief, and outwardly harmonious session of the convention, today, convinced almost everybody that the real contest is yet to come. A good deal of preliminary stage managing and rehearsing is going on "in back," and it is obvious that the majority of delegates do not know their lines. In such a tame opening as is expected only when the nomination is cut and dried, there was today not a single demonstration for any candidate—not an evidence of coming sentiment for any one of them. Obviously everybody was waiting to see what the other fellow could show, waiting for a hand wagon. Then an element which has not yet been lowered, Johnson nor Wood, and their hope is that three ballots will show that none of the big three can get a commanding majority. The plan now is to have all nominating speeches delivered at the Thursday session even if the convention has to sit through the night and take the first ballot. Then the real contest would come on Friday.

LOWDEN BACKERS FAVOR EARLY TEST OF STRENGTH Chicago, June 8.—With less than half of the delegates sewed up with instructions which many say do not in all cases represent the desires of the men bound by them, the sponsors for the Lowden talk advocate a rapid succession of ballots to produce as quickly as can be done honorably a cracking of instructed support. Those who are now talking Lowden say they believe the disintegration will begin with Johnson and Wood forces. It is not clear why they profess not to fear that Lowden will be affected in the same way. One reason behind the willingness of these Lowden advocates to take all the risks that necessarily accompany efforts to frame the republican platform. The supporters of Lowden would be satisfied with any conservative who can be nominated and have a harmonious party behind him, whether it be Harding, Sproul, Knox, Coolidge, Hughes or someone who has not yet figured conspicuously. "No one has any particular advantage so far. If we can't win with Lowden we will try another."

UNOFFICIAL RETURNS FROM ELECTIONS IN GERMANY Berlin, June 8.—Unofficial returns from 31 districts for 150 mandates are about equally divided between the present coalition government and the Right and Left opposition. It is generally believed that the allotment of the overflow votes of the empire list will give the coalition enough mandates to secure a small majority. On the basis of figures supplied by the semi-official Hoffman Agency of Munich for the whole of Bavaria, the Bavarian people's party has secured twenty Reichstag seats. The social democrats won five, the Independent Socialists four, the peasant party two, the democrats two and the so-called "Mittel Party" two. The communists polled only about 45,000 votes and hence have secured 24 seats. It said the advance was necessary to preserve a proper relation between rail and water rates. Shippers and state commissioners continued the cross-examination of railroad witnesses at the advanced rate hearing before the commission.
