The first application of Howard's Buttermilk Cream will astonish you. It creates beauty a la mode like magic, but the most wonderful thing about it is the fact that whilst it cures the dull and most lifeless complexion to radiant beauty and makes red or rough arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin. It is absolutely harmless and will neither produce or stimulate the growth of hair. Within twenty-four hours this wonderful combination called Howard's Buttermilk Cream will work a marvelous transformation. Manufactured at Buffalo, N. Y., by Howard Bros. Chemical Co.

### MANUAL SILVA WINS SUMMARY PROCESS CASE

The first summary process case in Groton to be tried before a judge and a jury of six men in a town court session was that of Manuel Silva of Mystic, the defendant in the action brought by Max Benditt of Mystic to recover possession of a store in that place. Attorney Arthur T. Keefe for the plaintiff, immediately filed a writ of error and the case was continued by Judge Albert F. Hewitt to Monday morning at 10 o'clock. The action was brought some time ago by Benditt, and had been postponed through a plea of abatement by Attorney Benjamin Hewitt of Stonington, attorney for Silva. When the jury, Judge Hewitt charged that the jury composed of Calvin Burrows of Poquonoc and John Haley of Center Groton, Chas. R. Heath and Charles P. Avery of Groton, Ralph Allen and N. T. Kennedy of Groton, and the jury retired to a stable across the way, in School street, from which they emerged several minutes later with a verdict for the defendant.

### Putnam Lodge of Elks has prepared a patriotic program to be carried out next Monday evening in the quarters of the lodge in observance of Flag day. This meeting is to be open to the public. The address of the evening is to be delivered by Rev. Boynton Merrill. Miss Lorena Gallant, vocalist, will contribute some numbers to the programme of the evening. Music is to be by Hay's orchestra at Whitinsville.

It will be very good news indeed to the many friends of Deputy Sheriff George P. Holbrook throughout Windham county to learn that he is regaining his strength after having been very dangerously ill for several months. Sheriff Holbrook is now able to sit up daily, his appetite is good and his condition very materially improved. A motor truck owned by Whipple and Gilpatrick of this city collided with a tree and trolley pole when a front tire on the machine blew out Wednesday afternoon at Danielson, as told in the news from that town this morning. The driver, one again hears an occasional hint of the prospective loss of trolley service for the city as the result of the light payments. As a matter of fact, all transportation lines are finding traffic somewhat light and this is chiefly charged to the fact that there are so many privately owned automobiles in use in this section of the county. A game between the Mashpee team of this city and the Connecticut Mills team of Danielson is booked for Putnam for the week-end. Rain retarded the playing of this game last Saturday. The Marshall J. Frick of Canterbury was a visitor with friends in Putnam on Wednesday. George J. Endig was in New York on a business trip recently.

### Marked Down \$475,000.

Highway Commissioner Charles J. Bennett states that the estimated cost of electrifying the Thames river bridge at New London was \$2,000 and not \$500,000 as has been published. The draw of the bridge is now operated by steam.

## TELLS DYSPEPTICS WHAT TO EAT

AVOID INDIGESTION, SOUR ACID STOMACH, HEARTBURN, GAS ON STOMACH, ETC.

Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acids and prevent the formation of gas or sourness by the use of a little Bisurated Magnesia at their meals. There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia, which you can get from any drug store, and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But teaspoonfuls of the powder or a couple of five-grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal is digested naturally and healthfully without need of pepain pills or artificial digestants. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."
