Eastern Star Lodge, No. 44, A. F. and A. M., stated communication at Masonic Hall.

This Wednesday afternoon at 5 o'clock members of St. Mary's Roman Catholic church will launch a campaign for \$60,000 the money raised to be used in three ways, to clear up the church debt, to decorate the interior of the edifice and to erect a new rectory. Fifteen teams have been selected, each being asked to raise \$4,000. The drive will be from 8 o'clock until 8 o'clock on the remaining days of the week, excepting Saturday when the time limit will be later at night. After consideration for several months, the town school board agreed Monday evening that the school house at Windham Center should be repaired but the amount to present costs of building and material, it would not be advisable now to erect a new structure in that place. During the past few years \$35,000 was raised by the town for the erection of a new school building at that place, but after specifications for constructing a new building had been received by the school board it was readily seen that any structure that would satisfy the residents of Windham Center, was out of the question owing to the cost of materials. Plans had been drawn for a one story structure of brick, 79 by 60 feet. This construction would appear too much like a school house and would not meet the approval of the people. Additional taxation for a large amount would not meet with favor from the people. Repairs on the old structure will cost from \$3,000 to \$4,000 and will last for ten years. This would be a saving on the principal of \$50,000 needed to erect a real school building as the interest on this amount in two years would more than pay the expense of repairs.

The annual free city-wide school swimming campaign will start Thursday at the Y. M. C. A. and all school children who can pass physical tests will be admitted to the classes. Applications for physical tests can be obtained at the Y building from J. B. Dougal of Windham street school, or from T. L. Harrou of Nat. Y. building. This campaign lasts from March 17th to July 3rd. The children will be in charge of expert swimmers and all children from 8 to 14 years will be allowed to enter the pool. The classes have been arranged as follows: Boys 8 to 11 years Monday and Thursday, 9 to 10 a. m.; 11 to 14 years, Monday and Thursday, 10 to 11 a. m.; Girls 8 to 11 years, Tuesday and Friday, 9 to 10 a. m.; 11 to 14 years, Tuesday and Friday, 10 to 11 a. m.

Stephen E. Cary died Tuesday morning at St. Joseph's hospital, after an illness of some duration.

Mrs. Julia Hawkins, widow of Clark Reynolds, died Monday at the private hospital, having been in failing health for some time. Mrs. Reynolds was born in Griswold, March 10, 1844. The daughter of John C. and Sally Tucker Hawkins. Mrs. Reynolds was married and her husband died four weeks later. She had taught school at Griswold and Lebanon, most of her life being spent in the latter place. For the last few years she has lived in this city, at the home of her sister, Mrs. Lucy Hill, and later with her niece, Miss Emma L. Hull. Mrs. Reynolds was an active member of the Methodist Episcopal church and of the Ladies' Aid society, being a member of the latter for many years. She is survived by her brother, John C. Hawkins of Jewett City; two nephews, John E. Hawkins of Norwich and Frank E. Hull of South Coventry, and a niece, Miss Emma Hull, of South Coventry.

A special session of the Windham county superior court was held in this city Tuesday afternoon, commencing at 1:30 o'clock. Judge John E. Keeler presided. The first case on the docket was the case of Mrs. Rose A. Capen of this city from the finding of the commissioners on the claim of Arthur P. Ellsworth against the estate of the late Attorney Charles A. Capen. Mr. Ellsworth was previously allowed \$225 for labor and materials furnished the late Mr. Capen and alleged not paid for by the commissioners, who were Town Clerk Frank P. Penton and Thomas Murray, when no evidence was introduced by the plaintiff were put on the stand during the afternoon. Mr. Ellsworth was asked to read his account for the years when it was alleged the work was done for was done. Attorneys for the defense introduced as evidence several checks, some of which he had no account of. The total of the checks accounted for amounted to \$160. Mr. Ellsworth later stated that the \$190 check known was for something else, not of the part pertaining to this case. He told how he had collected the rents and deducted his percentage, but he did not do so in the rents of the upper village. The agreement did not let him do. He lived on a property owned by Mr. Capen and paid rent. As far as he was concerned there was no feeling towards Mr. Capen on his part and she thought the same towards him.

Mrs. Anna M. Richmond was called to testify and stated that she had kept house for Mr. Ellsworth for several years. Mr. Ellsworth had always wanted electricity put into the house in which he lived and Mr. Capen finally settled it with him by allowing him to put in gas in two rooms. The gas was to be put in provided the walls were not touched. By piping the gas into the house and running these pipes along the ceiling it would be allowed and Mr. Capen agreed to pay for it. Mr. Ellsworth had the pipes put in. She thought this was in 1913. She got through at the house in 1913 in the month of May. She was of the opinion the bill was never paid and said Mr. Capen often let things run a long time. Mr. Ellsworth was collecting rent during all the years afterwards.

Michael Chaloux was called and testified that he had worked for Mr. Ellsworth. He lived on Main street, this city. The work done for Mr. Ellsworth was cutting down shade trees and moving a cedar wall. He did not help build the shed. When questioned by the attorney for the defense he stated that he kept his sawing machine in the shed after it was completed, paying Mr. Ellsworth 25 cents per week. The shed was built in 1914. His gasoline engine and sawing outfit occupied a goodly portion of the shed. David Cayo of Main street, testified that he had worked for Mr. Ellsworth as a covey at a local foundry, and testified to digging a cellar for Mr. Ellsworth on Mr. Capen's property. This took him about a week and a half, working nights. Ellsworth said him.

Mrs. Ellen M. Brown, mother of Mrs. Richmond, testified that she was living with Mr. Ellsworth and her daughter at the time the gas was put in the house and that Mr. Capen saw the work after it was completed and said he would pay for it. He also told Mr. Ellsworth to build the shed, but to make it the best there was, as it fronted on the street. He would pay for it. Mr. Ellsworth then bought the lumber and had it built. When questioned by the defense Mrs. Brown could not remember any dates concerning the work of either. She had often talked with Mr. Capen. Court was adjourned until this Wednesday at 10:30 o'clock, when the case will again be resumed.

At the beginning of the court State Attorney Charles E. Seay recommended that Probation Officer Elmer M. Young be discharged from the case of James A. Matthews, who was convicted of breaking and entering in this city last fall. Mr. Seay stated that the record of Matthews since this time had been fair and now Matthews wanted to go to Low-

Testimony on the application of William McArthur of this city for the reward furnished by the state for testimony leading to the apprehension of a chicken thief was given by the applicant himself and his father, Lieut. Allan McArthur, of the local police force. On March 7, 1919, while William McArthur was returning from work on the railroad he noticed two men coming out of Watson street with boxes under their arms. He told this to his father and gave a description of the men, one of whom, Henry Roberts, wore a soldier's uniform. The arrest was made later that day at the home of Joseph Lachapelle. The chickens, six in number, were the property of Abe Silverstein. Roberts later pleaded guilty to the charge. Judge Keeler granted a reward of \$30 to McArthur.

STAFFORD SPRINGS

George Kurek and Joseph Klimko were
before Judge Heald in the borough court
Tuesday morning, charged with assault
on Lena Ostroski and Mary Roach in
Hyde park, Sunday, June 6th. The girls
said in court that the men were in the
bandstand in the park and they threw
pebbles on the ground which the girls
picked up. The girls tried to induce them
to drink wine from a bottle, which the
girls refused to do. Kurek then took hold
of the Ostroski girl and dragged her into
the bushes, but she cried and made so
much noise he let her go and gave her
\$3 to keep quiet. The men said that they
purchased the wine at a former licensed
liquor dealer's place in Stafford Springs
and that they were so badly under the
influence of liquor they did not realize
what they were doing. Lena Ostroski is
only 9 years old and her companion, Mary
Roche, is 11. Judge Heald, after giving
both men a lecture, imposed a fine of \$25
and costs on Kurek and the boys and
costs on Klimko. The fine and costs in
each case were paid.

When a girl under 25 declares that
she isn't telling the truth.

Care and Responsibility.

THE responsibility attached to the preparing of a remedy for infants and children
is undoubtedly greater than that imposed upon the manufacturer of remedies
for adults whose system is sufficiently strong to counteract, for a time at least, any
injurious drug. It is well to observe that Castoria is prepared today, as it has been
for the past 40 years, under the personal supervision of Mr. Chas. H. Fletcher.

What have makers of imitations and substitutes at stake? What are their
responsibilities? To whom are they answerable? They spring up today, scatter
their nefarious wares broadcast, and disappear tomorrow.

Could each mother see the painstaking care with which the prescription for
Fletcher's Castoria is prepared; could they read the innumerable testimonials from
grateful mothers, they would never listen to the subtle pleadings and false arguments
of those who would offer an imitation of, or substitute for, the tried and true
Fletcher's Castoria.

Children Cry For Fletcher's CASTORIA

A Word About Truth.

"Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows no favors, fears no enemies.

From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this motto in the preparation of Fletcher's Castoria as well as in its advertising is due the secret of its popular demand.

All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive.

And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not.

Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little-ones. THE BABY'S need for a medicine to take the place of Castor Oil, Paregoric and Soothing Syrups was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself.
