"HURRICANE-CHASERS" FOR THE GULF

Galveston, Texas, June 23.—A marine service which will afford opportunities for thrills equal to, if not greater, than those incident to life aboard destroyers and submarine chasers during the war will be inaugurated on the Gulf of Mexico, where "hurricane-chasers," small crafts of the sub-chaser type, will patrol during storm periods and transmit by wireless to the weather bureau stations particulars of storms and hurricanes encountered according to A. H. Scott, local observer, who recently returned from a conference at Washington with the chief of the weather bureau, C. M. Marvin.

Instead of fleeing from the storms, Mr. Scott said, the little vessels will risk destruction by either riding before them

or hovering on the outskirts in order that they may obtain the fullest information to the land stations of the weather bureau.

At present, Mr. Scott declared, wireless landward to weather bureau stations by passing liners and freighters, but often these reports are incomplete because vessels sending them are making all haste to get away from the storm area.

With the chasers patrolling the gulf storm areas, he said, more accurate and full information of hurricanes headed northward will be available. The new service is expected to reduce losses of coastwise shipping and lowland property considerably, by giving warnings of approaching menaces from the sea.

PROSPECTIVE GOOD CROPS IN NORTHWESTERN NORTH DAKOTA

Minot, N. D., June 23.—For the first time in five years indications point to good crops in northwestern North Dakota, according to reports received by bankers. Heavy rains of the past few weeks have given good impetus to growing grains and crops are in excellent condition, the reports say.

Corn acreage in the northwestern part of the state, bankers estimate, has been increased 25 to 40 per cent. over past seasons while a large percentage of flax also has been sown.

The labor situation on North Dakota farms has improved greatly and in the opinion of United States employment officials there is no lack of labor in the harvest fields. Many inquiries have been received from persons in the east who wish to work on North Dakota farms during the harvest season. It is expected to be in the fields; many inquiries have already been received from them. Wages being paid by the farmers now are unusually high.

TERRAZAS IS PREPARING TO RETURN TO MEXICO

El Paso, Texas, June 23.—After an exile of seven years, Alberto Terrazas, son of General Luis Terrazas, once one of Chihuahua's wealthiest men, is preparing to return to Mexico and attempt to re-stock the Terrazas ranches in an effort to recoup the family fortune.

At a conference here, Senor Terrazas was assured by an official of the new regime that the family would be given every protection by the de facto government if they desired to regain possession of extensive lands from which they were driven by revolutionists in 1913. It is said that the Terrazas lands in Chihuahua cover millions of acres, and thousands of cattle were confiscated or stolen from them during the early days of the revolution.

CHINESE AND KOREANS JOINING THE BOLSHEVISTS

Honolulu, T. H., June 23.—Siberian Russians, arriving at Alexandrovsk, Saghalien, say that Chinese and Koreans, in considerable numbers have joined the bolshevik force at Nikolai, against which Japanese troops now are operating, according to a Tokio cable to the Nippo-Jiji, Japanese language paper here. The highest authorities of the Chinese and Koreans fought with the bolsheviks against the Japanese in the two-day battle that raged there several weeks ago and that Chinese warships supplied the soviet forces with ammunition.

BY DEFEATING Y. M. C. A. JRS.

N. F. A. 2ds NOW AT TOP

In the fastest game of the league thus far, the N. F. A. 2ds defeated the Y. M. C. A. Jrs. on the Academy grounds to the tune of 6 to 4. During the first six innings the Y. M. C. A. boys held the lead gained in the first inning when Brown started hitting the first ball pitched.

In the sixth inning George Strouse of the N. F. A. team secured a free pass to first, and two hits by Hitchon and Harwood started the ball rolling, and before long the control of the situation three men had crossed the plate.

Both pitchers had very good support and in every respect the game was the best thus far played in the Norwich Boys' baseball league. The score of the game was a two base, 4 by Higgins, a one-hand catch by Covey at first and Brown's heavy hitting.

The lineup was as follows:

N. F. A. 2ds—H. Higgins, c. W. Goldstein, p. P. Higgins, lb. H. Hitchon, 2b. G. Strouse, ss. P. Harwood, 3b. R. Rathbone, 1b. T. Dahl, cf. L. Covey and J. Evans, if. Covey caught four innings.

Y. M. C. A. Jrs.—McNamara, c. C. Sage, p. E. Mack, 2b. T. Sharples, 2b. R. Brown, 3b. D. Volvevitz, ss. R. Harris, if. G. Briggs, cf. S. Budnick, rf.

This game was the N. F. A. 2ds at the head of the Norwich teams of the league and means that the Academy boys will have to match their skill against that of the Baltic B. C., who hold the Ferguson cup. These teams will play a series of three games to decide the winner of this year, and should the N. F. A. team defeat Baltic these team will then be tied and a post-league series of three games will be necessary.

The Colonial Jrs. defeated the Broadway team at Mohegan park, the score being 1 to 0.

LEADING BRITISH WOMEN GOLFERS TO COMPETE HERE

New York, June 23.—Several leading British women golfers, including Miss Cecil Leitch, the titleholder, are coming to America this year and may compete in the women's national tournament at Cleveland, according to a letter received here from Miss Marion Hollins of Westbrook, N. Y. Miss Hollins and other American women golfers, who competed in the British event, and this week are participating in the French titular tournament, expected sail for America July 7.

TRAPSHOOTING TEAM HAS SAILED FOR ENGLAND

Boston, June 23.—The trapshooting team which will represent the United States in the Olympic competition sailed for England today in the steamer Port Victoria. Captain Jay Clark, Jr. of Worcester said it was planned to have members compete in the English championships before going to Antwerp.

ELECT CAPTAIN OF DARTMOUTH BASEBALL TEAM FOR 1921

Hanover, N. H., June 23.—The election of Frank A. Ross, Jr., of Melrose, Mass., as captain of the Dartmouth baseball team for 1921 was announced today. Ross was catcher for the Green team for three years, but recently has been the pitching star of the team.

Norfolk.—At the annual meeting of the Litchfield County University club held at Whitehouse Friday the president elected was Donald T. Warner of Salisbury.

SUBMARINES FROM NEWPORT COMING TO SUB-BASE

A fleet of submarines which have been used at Newport have received orders to proceed to the submarine base on the Thames as soon as they have finished oiling they will leave their Rhode Island base. They are expected at the base early Thursday evening. It is probable that they will be used in patrolling the course for the Yale-Harvard boat races on Friday. It is expected that several destroyers will also be sent from Newport for the races.

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly yearn for their bodies to be made more phosphatic.

GEORGIA HAMILTON.

claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Lee & Osgood and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric acid elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear. dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin, frail, and retiring, her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.
